Tam Bonds Lose Two-Thirds Vote

Some Areas In Favor Of Issue

Tamalpais High School District's proposed $12,315,000 bond issue went down to defeat at the polls yesterday.

The issue, requiring a two-thirds yes vote, received a 59.7 per cent yes vote with an unofficial tally of 10,432 yes and 7,016 no votes.

Returns varied throughout the sprawling district from an 84.3 per cent yes vote at Manzanita School, Marin City to 34.3 per cent favorable vote in Bolinas.

The turnout was only 40.1 per cent of the 43,572 voters registered in the district.

CITIES OPPOSED

The Tamalpais issue was trounced in the two elementary districts where bond and tax issues failed yesterday, Sausalito and San Anselmo.

It passed in the two areas, San Geronimo Valley and Tiburon Peninsula, where new high schools would have been financed with bond funds.

If passed, the bonds would have financed not only two new high schools, but also improvements to the district's three existing high schools, Tamalpais, Redwood and Drake, and the district office.

Yesterday's defeat was more decisive than the defeat of the district's $5.7 million bond proposal in 1965, which fell about 3 per cent shy of the necessary two-thirds.

The Tamalpais district embraces 11 elementary school districts extending from the Tiburon peninsula to the San Geronimo Valley.

AREA REVIEW

In an effort to determine how the voting went by school districts, Trustee Mrs. Joseph B. Wallace made a quick unofficial tally as follows:

Bolinas-Stinson, soundly trounced, 77 yes and 136 no; Fairfax, defeated, 524 yes, 487 no; Kentfield, barely missed, 1,329 yes, 682 no; Larkspur-Corte Madera, defeated, 894 yes, 972 no; Lagunitas, passed handily, 305 yes, 109 no; Mill Valley, failed, 2,298 yes, 1,596 no; Nicasio, passed, 33 yes, 12 no; Reed (Tiburon) passed, 1,409 yes, 612 no; Ross, barely failed, 480 yes, 244 no; San Anselmo, failed, 1,719 yes, 1,391 no; Sausa-

Educational Park Defeated At Polls

Sausalito School District's $1.4 million bond issue proposal, which would have launched an educational park, was rejected at the polls yesterday.

The proposal, according to unofficial returns, got 921 yes votes to 736 no, a 55.6 majority, where a two-thirds favorable vote was required for passage.

With 3,843 voters registered in the Sausalito district, the turnout was 43.1 per cent.

If passed the bonds would have financed construction of the first phase of an educational park, a school plant for 750 pupils from kindergarten through fourth grade.

The K-4 school plant would have replaced the present Bayside School, the Manzanita kindergarten in Marin City and Central School.

There was a Sausalito School Districts voters committee opposing the plan, claiming that the over-all educational park plan of $3.4 million to house 1,200 students on the 13-acre site of the present Bayside School, was too costly.

Hub Voters Veto Both Bond Issue, Tax Rise

Voters in the San Anselmo School District rejected a $950,000 bond issue proposal and a 75-cent tax rate increase at the polls yesterday.

The bond proposal, which required a two-thirds vote, received a 54.8 per cent favorable vote, 1,727 yes to 1,422 no.

The tax rate increase, which required a simple majority, received a 45.7 per cent vote, 1,442 yes to 1,713 no, in unofficial returns reported by Supt. Stephen L. Parodi.

With 7,016 voters registered in the district, the turnout was only 44.8 per cent.

If the bonds had been approved they would have financed construction at Red Hill, Hidden Valley and Sleepy Hollow schools and renovations at Isabel Cook and Wade Thomas School, and the building of a new district office.

The proposed 75-cent hike in the district's operating tax of $2.215 would have financed curriculum expansion and helped to boost salaries. The district's total tax rate this year is $3.275.

Parodi said the defeat set back the building program and the district probably will put a proposal before the voters again next April.

The bonds and tax boost passed at the Sleepy Hollow precinct, but failed elsewhere, he noted.

Trustees will discuss the results of the defeat at an adjourned meeting at the library of Red Hill Intermediate School at 7:30 today, Parodi said.

Artillery, Terror Attacks Hit U.S. Forces, Civilians

SAIGON (AP) — Long-range Communist artillery and Red mortars opened up again yesterday and today on U.S. Marine positions south of the demilitarized zone as sharp fighting was reported up and down South Vietnam.

Seven Marines were killed and 16 wounded in a Communist mortar attack today on a Marine bivouac near Quang Tri City, about 18 miles below the DMZ.

U.S. headquarters said the Marine outpost at Con Thien and other bases just below the border zone were hit yesterday by 74 artillery and mortar shells, and 26 Marines were wounded, most of them slightly.

Some of the shells were 100-pound projectiles from big Russian-built 152mm cannon dug in across the DMZ in North Vietnam.

The barrages were a far cry from the 1,000 shells a day hurled at the Marine bases last month. But they indicated that despite tremendous American air and artillery bombardment of the Red positions in and above the DMZ, the North Vietnamese intend to maintain pressure on South Vietnam's shaky five northernmost provinces.

The North Vietnamese have massed three divisions of 35,000 to 40,000 men just above the demilitarized zone and have another two divisions in the hill country below the zone. Authorities have predicted a decisive battle in the area.

The day's battle reports listed other widely scattered fighting, including a Red suicide squad dash into a U.S. camp that killed seven Americans, and a Communist mortar attack in the Mekong Delta which killed four Vietnamese civilians and wounded 53.

Just 30 miles east of Saigon troops of the U.S. 9th Division continued to bring up mounds of weapons from a five-level guerrilla tunnel complex beneath the jungle in Phuoc Tuy Province. Officers said 675 weapons, 20,000 rounds of ammunition and stacks of medical and other supplies have been found.

Two hundred brand new bolt action Russian sniper type rifles were found.

Only in the skies of North Vietnam did the war flag. Heavy clouds and rains kept American planes completely out of the Hanoi-Haiphong area and limited strikes elsewhere to the lowest number in a month.

The big U.S. B52 bombers made two more raids on suspected infiltration routes in the western part of the northern battle zone today, bringing their total to six raids in three days with about 900,000 pounds of bombs dropped.

War Rise Warning By Thieu

COMBINED AP & UPI

President-elect Nguyen Van Thieu swore in South Vietnam's new senate today and warned Hanoi he will urge an allied step up of the war if North Vietnam fails to adopt a "more realistic and reasonable attitude" toward peace talks.

There was a veiled threat of an invasion of North Vietnam in Thieu's major policy speech.

He said the allies were prepared to "bring peace to both North and South Vietnam." He did not go into specifics. The United States has made it plain many times that it is opposed to an invasion of North Vietnam.

MILITARY

The statement pleased South Vietnamese commanders who have suggested a ground invasion of North Vietnam, but Thieu is not among this group of officers. Premier Nguyen Cao Ky, the vice president-elect, is on record as saying a push into North Vietnam would be a good military move which would have to be weighed against political considerations.

Thieu spoke at an inauguration ceremony for the 60-member senate, which was elected with him and Ky in the Sept. 3 national voting—a big step toward constitutional government in this war-ravaged nation. He aimed his remarks at Hanoi.

GOOD WILL

"I believe that with our lasting goodwill for peace, with the peace efforts of friendly nations and personalities all over the world, and first of all with the full-scale efforts of the armed forces and the people along with the help of our allies, either the enemy will adopt a more realistic and reasonable attitude or we will soon bring peace to the people of both north and south," Thieu said.

"If in spite of the goodwill we have shown, the Communists continue fighting, we should intensify our military and political efforts so the enemy will realize that they can no longer win this war in one way or the other."

BUDDHISTS

In other political development, a moderate sect recognized by the government as the mother church of South Vietnam's Buddhists was reported to have agreed to suspension of this recognition in the interest of Buddhist unity.

The government charter granted the moderates was intended to shut out the politically militant faction led by Thich (Venerable) Tri Quang, which has repeatedly opposed the military government to advance its political position.

In his speech, Thieu warned that the South Vietnamese must increase their war effort against the Viet Cong and the North Vietnamese.

WINNING'S A SNIP — Eric M. Tainter of Larkspur has become the first daily prize winner in the Independent-Journal's "Make The Headlines" contest. With all subsequent winners, he becomes eligible for the grand prize of a trip to Tahiti. (Independent-Journal photo)

CONTEST OPENS

Larkspur Reader Clips Hippies' Hair, I-J For Headline Winner

"A crazy imagination" and years spent broadcasting news helped a Larkspur man win the first daily prize today in the Independent-Journal's "Make the Headlines" contest.

Eric M. Tainter came up with a sure winner: "Hippies Hair Makes Wall-to-Wall Carpet for 8,222 Apartments."

Tainter, 64, said his creative headline sprang from "a crazy imagination," but added that 10 years of experience as a news broadcaster on radio helped because he had "to think in headlines."

His radio experience was as news editor of a Kansas City radio station. He also had his own news and interview show on the station.

Tainter left radio 10 years ago, moved back to Marin, where he lived as a boy, and went into the life insurance business. He lives at 15 Magnolia Avenue with his wife, Lois.

Daily winners through Dec. 5 will win $20 prizes, and the chance to be awarded the grand prize — a 10-day trip for two to Tahiti. All you need is a flair for funny, witty headlines, scissors and a pastepot. (See instructions page 36.)

Hippies inspired his headline, but Tainter has no love for them. "I dislike them a lot," he said. "They're just a bunch of people who want someone else to carry the load."

A carpet of hippies' hair "might be a good idea," he added, "if we didn't want to walk on it."

His plans if he wins the grand prize trip? "Just to take it easy and thoroughly enjoy myself." He quickly added that his wife would come along.

News Blackout Hints Ford Pact

DETROIT (AP) — A news blackout cloaked auto labor negotiations today, indicating a break could be near in the 35-day strike against Ford Motor Co.

The 24-hour blackout, announced in a joint statement by Ford and the striking United Auto Workers union, ends at 9 p.m. EDT. It was likely any joint talks before then would be held in total secrecy with no announcement.

Traditionally such a blackout has meant that one side—or both—has made a move in deadlocked talks, although immediate settlement has not always resulted.

Sets Up Grand Finale

BOSTON (AP) — The fighting Boston Red Sox squared the World Series today by battering the St. Louis Cardinal pitching staff for 12 hits, including four home runs, to win the sixth game 8-4 in a wild, slugging brawl.

Rico Petrocelli hit two into the screen atop the Green Monster wall in left field and Carl Yastrzemski and Reggie Smith each hit one homer for the Red Sox. Lou Brock hammered a two-run 440-foot blast for the Cards. A record total of 11 pitchers, eight by the groggy Cardinals, were used by the two clubs, setting up a dream game duel for tomorrow's seventh game between Boston's Jim Lonborg and St. Louis' Bob Gibson, both two-game winners.

GO TO BAT

Ten Red Sox went to bat in an amazing seventh inning rally by the desperate Red Sox, who had seen their 4-2 lead melt away on Brock's tremendous homer off John Wyatt. Before the inning was over, four runs had scored on Joe Foy's double, five singles and a sacrifice fly.

During the unbelievable inning, Brock made an unsuccessful leap for Foy's drive that went for a double, driving in the tie-breaking run. Shortstop Dal Maxvill broke the wrong way on a doubleplay ball that bounced through for a single by George Scott and Smith's fly ball fell among Brock, Curt Flood and Maxvill for another single.

This was a complete switch in a series that has been dominated by the fine pitching of Lonborg and Gibson. At the end of the long, sunny, windy afternoon, the unlikely winner was Wyatt, the man who threw the longest home run ball of the day.

LAMABE LOSER

Although St. Louis starter Dick Hughes went into the Series record books as the only pitcher ever to give up three homers in one inning, Jack Lamabe, the fourth of the long, thin line of Card pitchers, was charged with the defeat.

Trailing 3-1 after the fourth game and faced with an uphill battle that only three clubs have accomplished, the American League champions have fought back to even matters and leave matters in the hands of Lonborg, the handsome, articulate ace.

Petrocelli, hitting only .071 with one hit in 14 at bats in the first five games, hammered a homer down the left field line about 315 from the plate in the second and slugged a Hughes' pitch into the screen atop the wall in left center, a 360-foot smash, in the fourth inning.

After the home run explosion by Yastrzemski, Smith and Petrocelli in the fourth routed Hughes and appeared to have put the game beyond reach, the Cards bounced back to tie in the top of the seventh on Brock's clout.

Tam Bonds Lose Two-Thirds Vote

Some Areas In Favor Of Issue

Tamalpais High School District's proposed $12,315,000 bond issue went down to defeat at the polls yesterday.

The issue, requiring a two-thirds yes vote, received a 59.7 per cent yes vote with an unofficial tally of 10,432 yes and 7,016 no votes.

Returns varied throughout the sprawling district from an 84.3 per cent yes vote at Manzanita School, Marin City to 34.3 per cent favorable vote in Bolinas.

The Tamalpais issue was trounced in the two elementary districts where bond and tax issues failed yesterday, Sausalito and San Anselmo.

Yesterday's defeat was more decisive than the defeat of the district's $5.7 million bond proposal in 1965, which fell about 3 per cent shy of the necessary two-thirds.

Educational Park Defeated At Polls

Sausalito School District's $1.4 million bond issue proposal, which would have launched an educational park, was rejected at the polls yesterday.

The proposal, according to unofficial returns, got 921 yes votes to 736 no, a 55.6 majority, where a two-thirds favorable vote was required for passage.

With 3,843 voters registered in the Sausalito district, the turnout was 43.1 per cent.

If passed the bonds would have financed construction of the first phase of an educational park, a school plant for 750 pupils from kindergarten through fourth grade.

The K-4 school plant would have replaced the present Bayside School, the Manzanita kindergarten in Marin City and Central School.

There was a Sausalito School Districts voters committee opposing the plan, claiming that the over-all educational park plan of $3.4 million to house 1,200 students on the 13-acre site of the present Bayside School, was too costly.

Hub Voters Veto Both Bond Issue, Tax Rise

Voters in the San Anselmo School District rejected a $950,000 bond issue proposal and a 75-cent tax rate increase at the polls yesterday.

The bond proposal, which required a two-thirds vote, received a 54.8 per cent favorable vote, 1,727 yes to 1,422 no.

The tax rate increase, which required a simple majority, received a 45.7 per cent vote, 1,442 yes to 1,713 no, in unofficial returns reported by Supt. Stephen L. Parodi.

With 7,016 voters registered in the district, the turnout was only 44.8 per cent.

If the bonds had been approved they would have financed construction at Red Hill, Hidden Valley and Sleepy Hollow schools and renovations at Isabel Cook and Wade Thomas School, and the building of a new district office.

The proposed 75-cent hike in the district's operating tax of $2.215 would have financed curriculum expansion and helped to boost salaries. The district's total tax rate this year is $3.275.

Parodi said the defeat set back the building program and the district probably will put a proposal before the voters again next April.

The bonds and tax boost passed at the Sleepy Hollow precinct, but failed elsewhere, he noted.

Trustees will discuss the results of the defeat at an adjourned meeting at the library of Red Hill Intermediate School at 7:30 today, Parodi said.

Hippies inspired his headline, but Tainter has no love for them. "I dislike them a lot," he said. "They're just a bunch of people who want someone else to carry the load."

A carpet of hippies' hair "might be a good idea," he added, "if we didn't want to walk on it."

His plans if he wins the grand prize trip? "Just to take it easy and thoroughly enjoy myself." He quickly added that his wife would come along.

News Blackout Hints Ford Pact

DETROIT (AP) — A news blackout cloaked auto labor negotiations today, indicating a break could be near in the 35-day strike against Ford Motor Co.

The 24-hour blackout, announced in a joint statement by Ford and the striking United Auto Workers union, ends at 9 p.m. EDT. It was likely any joint talks before then would be held in total secrecy with no announcement.

Traditionally such a blackout has meant that one side—or both—has made a move in deadlocked talks, although immediate settlement has not always resulted.

WIRE NEWS BRIEFS From Everywhere

U.S. Milestones

WASHINGTON (AP) — The nation will reach a double statistical landmark next month—a 200 million population and its longest economic expansion in history.

The Census Bureau said the exact date is still uncertain but the number of Americans, including servicemen overseas, should hit 200 million around mid-November. It took the nation until 1915 to reach its first 100 million persons and until 1950 to pass 150 million. But since then, it has added the equivalent of a New York, a California, a Pennsylvania and then some.

If the economic boom continues through next month—and economists now see it extending well into 1968—it will mark 81 months of expansion, the longest ever.

Rusk To Speak Up

WASHINGTON (UPI)—Secretary of State Dean Rusk is scheduled to lead the next Johnson administration counterattack against the increasingly vocal congressional critics of the President's Vietnam policy.

Inflation Stressed

WASHINGTON (AP) — The government's former No. 1 economist says if Congress doesn't enact President Johnson's tax hike proposal, consumers are in for "substantially higher prices, substantially faster inflation."

Walter Heller, former chairman of the President's Council of Economic Advisers, told a news conference yesterday the question is whether "we're willing to take the bitter medicine" of a 10 per cent income tax surcharge to put brakes on the economy.

The House is holding up action on the tax bill. Members have demanded the President cut spending for this fiscal year by $5 billion. Johnson says he can't pinpoint cuts until Congress acts on his appropriations bills.

Sea Hunt Goes On

KODIAK, Alaska (UPI)—Three ships steamed over a vast area of the north Pacific today searching for 23 crewmen missing since their 450-foot American freighter broke up and sank.

The ship, the Panoceanic Faith, had 40 men aboard when she went down Monday about 870 miles southwest of Kodiak Island. Five crewmen were found alive, 12 bodies were recovered and the rest were unaccounted for.

Trucks, Buses Recalled For Brake Defect Checks

DETROIT (AP) — General Motors said yesterday it was recalling 17,799 trucks or buses because of the possibility that their brakes are defective.

Chevrolet recalled 1,200 new 1968 model medium duty trucks and GMC Truck and Coach Division recalled 16,599 medium duty 1967 and 1968 models E and S 4500-6500.

The vehicles, the company said, may have been improperly welded in spots by the supplier of some brake booster diaphragm plates.

This could lead to loss of power assist "resulting in abnormal brake pedal effort to stop the vehicle," the announcement said.

Guevara Buried In Unmarked Bolivian Site

VALLEGRANDE, Bolivia (UPI)—The bullet-riddled body of a Communist guerrilla leader identified as Cuban revolutionary Ernesto "Che" Guevara was being buried today in this remote little town in southeast Bolivia.

Officials predicted the guerrilla insurgency that erupted in Bolivia eight months ago would be laid to rest at the same time and throw a serious crimp in Fidel Castro's efforts to export his brand of communism.

Guevara—the Bolivian army said there was absolutely no doubt it was he—was being buried quietly with the rites of the Roman Catholic Church in an unmarked grave.

THE END

"This is the end of this bloody adventure," said Bolivian armed forces commander Gen. Alfredo Ovando of the insurrection that Guevara spawned.

The rangers killed the man identified as Guevara and two other guerrillas after trapping a band of insurgents in a ravine 300 miles southeast of the Bolivian capital, La Paz.

Cut almost in two by bullets, one of the guerrillas reportedly gasped to a Bolivian major: "I am Che Guevara and I have failed." Then he died.

FINGERPRINTS

Despite these last words and the man's identical appearance with photographs of Guevara, the government flew a team of doctors and fingerprint expert to Vallegrande to inspect the body.

Armed with a set of fingerprints supplied by Argentina—Guevara's birthplace and home before he began a career of revolution throughout Latin America—the experts concurred that the body was indeed that of Guevara. In addition, a hand bore a scar where Guevara was known to have been wounded during fighting in Cuba.

Gen. Ovando said his troops so far have killed 30 guerrillas, including 13 Cubans, and have the rest cornered in the jungle-covered Andean foothills near Vallegrande.

SMALL GROUP

Officials estimate the guerrillas never numbered more than 100, and probably there were as few as 60. More importantly, they never won the support of the local population that they doubtlessly had expected.

Hippie Ranch Charge Dismissed By Judge

SANTA ROSA (UPI) — All legal actions against bearded folksinger Lou Gottlieb for operating his ranch as a hippie haven have been dropped in what turned out to be a birthday surprise.

A criminal complaint against Gottlieb, who turned 44 yesterday, charged the former Limeliter with operating his Morning Star Ranch north of San Francisco in violation of California health regulations.

The complaint was dismissed by Santa Rosa Municipal Judge James E. Jones Jr. after Asst. Dist. Atty. John Hawkes explained that what had been intended by the complaint had been already accomplished by civil action.

HIPPIES LEAVE

Specifically, some 40 hippies — living in makeshift shelters and allegedly capering about in the nude to the dismay of neighbors—had to leave.

Most of the bearded set departed, but 15 refused, forcing Gottlieb to reluctantly place them under citizen's arrest. They were jailed.

Gottlieb was under threat of a $500 fine for each day the hippies remained in violation of health regulations as the result of a preliminary injunction issued last week by Superior Court Judge Lincoln F. Mahan. The judge also fined Gottlieb $500 outright.

COURT DATE

Gottlieb had been scheduled to appear yesterday on his petition to change his plea of no contest to one of innocence of the criminal complaint. A probation report was also to be made in the event the judge refused to allow the plea to be changed.

State health investigators reported the ranch harbored no hippies and said there have been no violations of the health code since last Friday.

The hardest tissue in the body is tooth enamel, containing 96 per cent inorganic material.

northern area, U.S. Army troops operating in Quang Tin and Quang Ngai provinces reported killing 59 Communist soldiers Tuesday.

It was in one of these fights that the suicide squad of 11 North Vietnamese regulars charged into an artillery camp of the U.S. 1st Air Cavalry Division after a 20-minute mortar barrage.

Spraying the camp with submachine guns, the Communists killed seven of the Americans. But none of the Reds escaped. U.S. soldiers cut down nine of them and captured the other two.

Half a dozen harassing attacks were reported in the Mekong Delta south of Saigon, the worst against the village of Cai Be a subdistrict headquarters. Red mortars killed four civilians and wounded 53 there in addition to causing widespread damage.

Mother Reports Girl Missing

Dianne Joy Redalia, 15, of 23 Cabrillo Court, San Rafael has been reported missing from her home by her mother, Mrs. Barbara J. Redalia, police reported today.

The mother said she was to have met Dianne and a girl friend to go shopping in Berkeley Saturday but the two didn't show up. Mrs. Redalia believes her daughter may be staying in Berkeley.

When last seen, Dianne was wearing black-rimmed glasses, a white sweater and orange bell-bottomed pants, said police.

Liquor Stores Outdrawing Bars

SACRAMENTO (CNS) — The lure of owning a liquor store in California still is strong, as 398 persons have made applications for 120 new off-sale general liquor licenses that are available in nine fast-growing counties.

However, the attraction apparently is not quite so strong for owning bars, as there were only 107 applicants for 161 new on-sale general liquor licenses.

There were not enough takers for 72 off-sale general licenses being made available by transfer from other counties. This is under provisions of a new 1967 law, permitting the transfers into any county which is not up to its quota of one off-sale license for each 2500 population.

Sheriff Deputies List Thefts, Break-In Try

Three burglaries and one attempted break-in were reported today by sheriff's officers.

Louise Heime, 4D Circle Drive, Tiburon, told deputies Monday someone entered the locked storage room of her carport, making off with a $23 baby stroller. No forced entry was evident.

Mrs. Lillian Ruth Morgan, Berkeley, reported Sunday that burglars broke a louvered window of her summer home on Douglas Way, Inverness, entering to steal a knife, a shirt, a lamp, and a few bottles of wine.

Burglars also entered the home of Charmaine B. Veronda, San Antonio Road near the Sonoma County line. She told officers Monday that a $200 gold ring was taken. No break-in was apparent.

Mrs. Margaret McDowell, Westwood Drive, Kent Woodlands, said Monday evening she heard her doorbell ring several times, but ignored it. Soon after she said, two youths between the ages of 12 and 16 attempted to enter her unlocked bathroom window but were frightened away by her approach.

start on programs for social reform, to revamp the governmental bureaucracy and to eliminate corruption and inefficiency in the armed forces.

Similar promises in the past by Thieu, as chief of state in the present military government, and Premier Nguyen Cao Ky have produced few apparent results.

The Saigon Students Union, most of whose leaders have been drafted into the army because of anti-government activities, appealed today for the help of students in the United States and Japan.

The two appeals were signed by Tran Trieu Luat, the highest-ranking officer of the union to escape the police.

"We call for the intervention and the support of all U.S. students and Japanese students in order to liberate the students arrested by police," the appeals.

The police detained a 35 students on Oct. 2 when they tried to demonstrate against the National Assembly's validation of the election of Lt. Gen. Nyugen Van Thieu as president. Twelve of the students were sent to an army training camp near Saigon and the rest released.

The appeal to the American students said: "The Saigon Students Union expresses its full solidarity with U.S. students in their struggle for the civil rights of the black people of the United States. . . .

"We ask USNSA (the U.S. National Students Association) to affirm their support of the Saigon Students Union's continuing efforts for peace and independence of Vietnam."

The Students Union claims to represent 30,000 university and high school students but has been able to bring out only a few hundred for its meetings and demonstrations.

Senate Democratic Leader Mike Mansfield of Montana called on the government of South Vietnam today to take the initiative in seeking peace negotiations with Hanoi and the Viet Cong.

Mansfield, commenting to newsmen on Thieu's speech in Saigon that his new government would accept peace moves from Western, neutralist or Communist countries "provided those initiatives contribute to bring a just and lasting peace."

"Why doesn't he consider taking the initiative toward negotiations with Hanoi and the National Liberation Front political arm of the Viet Cong?" Mansfield asked. He said Thieu should act instead of awaiting offers from others.

Tam Valley Rec Plans Readied

William A. Hargreaves was appointed last night by the Tamalpais Valley Recreation District board to head a study committee to establish a recreation commission to become effective next July when the district is transformed to a community services district.

Hargreaves is to choose his commission members from persons serving on organizations which will be affected by the recreation program.

A letter was ordered sent to the county board of supervisors, asking the appointment of Harry Sutcliffe and Gale E. Bishel, incumbents, to new terms in lieu of an uncontested election.

The board agreed to let the executive board of Tamalpais Valley School Parent-Teacher Association use the district office for monthly meetings.

Pollution Problems To Be Examined

Physician Hurt In Car Smashup

A Sausalito doctor was severely injured yesterday when his southbound car collided with the rear end of a truck and trailer outfit on Highway 101, south of the Alto pedestrian overcrossing near Sabella's Restaurant.

Dr. Carl Frederick Larson, 81, of 52 Princess Street, Sausalito, told the California Highway Patral he didn't see the taillights on the truck-trailer combination driven by Gary Earl Rigor, 23, of San Francisco, before the crash at 8:30 p.m.

He was reported in fair condition today in Marin General Hospital's intensive care unit with multiple cuts.

Inmate Reports Puncture Wound

James R. Arthur, a 35-year-old prisoner doing five years-to-life for two robbery convictions in Los Angeles, walked into the hospital at San Quentin yesterday, when prison officials were still getting a riot settled down, and said he had "fallen against something."

The doctors found a puncture wound in his abdomen. They repaired punctures in two loops of the intestine, and Arthur was reported in "good" condition today.

Associate Warden James W. L. Park said Arthur's wound apparently had nothing to do with a riot earlier in the morning at the prison.

northern area, U.S. Army troops operating in Quang Tin and Quang Ngai provinces reported killing 59 Communist soldiers Tuesday.

It was in one of these fights that the suicide squad of 11 North Vietnamese regulars charged into an artillery camp of the U.S. 1st Air Cavalry Division after a 20-minute mortar barrage.

Spraying the camp with submachine guns, the Communists killed seven of the Americans. But none of the Reds escaped. U.S. soldiers cut down nine of them and captured the other two.

Half a dozen harassing attacks were reported in the Mekong Delta south of Saigon, the worst against the village of Cai Be a subdistrict headquarters. Red mortars killed four civilians and wounded 53 there in addition to causing widespread damage.

The mother said she was to have met Dianne and a girl friend to go shopping in Berkeley Saturday but the two didn't show up. Mrs. Redalia believes her daughter may be staying in Berkeley.

Liquor Stores Outdrawing Bars

SACRAMENTO (CNS) — The lure of owning a liquor store in California still is strong, as 398 persons have made applications for 120 new off-sale general liquor licenses that are available in nine fast-growing counties.

However, the attraction apparently is not quite so strong for owning bars, as there were only 107 applicants for 161 new on-sale general liquor licenses.

There were not enough takers for 72 off-sale general licenses being made available by transfer from other counties. This is under provisions of a new 1967 law, permitting the transfers into any county which is not up to its quota of one off-sale license for each 2500 population.

Sheriff Deputies List Thefts, Break-In Try

Three burglaries and one attempted break-in were reported today by sheriff's officers.

Louise Heime, 4D Circle Drive, Tiburon, told deputies Monday someone entered the locked storage room of her carport, making off with a $23 baby stroller. No forced entry was evident.

Mrs. Lillian Ruth Morgan, Berkeley, reported Sunday that burglars broke a louvered window of her summer home on Douglas Way, Inverness, entering to steal a knife, a shirt, a lamp, and a few bottles of wine.

Burglars also entered the home of Charmaine B. Veronda, San Antonio Road near the Sonoma County line. She told officers Monday that a $200 gold ring was taken. No break-in was apparent.

Mrs. Margaret McDowell, Westwood Drive, Kent Woodlands, said Monday evening she heard her doorbell ring several times, but ignored it. Soon after she said, two youths between the ages of 12 and 16 attempted to enter her unlocked bathroom window but were frightened away by her approach.

start on programs for social reform, to revamp the governmental bureaucracy and to eliminate corruption and inefficiency in the armed forces.

Similar promises in the past by Thieu, as chief of state in the present military government, and Premier Nguyen Cao Ky have produced few apparent results.

The Saigon Students Union, most of whose leaders have been drafted into the army because of anti-government activities, appealed today for the help of students in the United States and Japan.

The two appeals were signed by Tran Trieu Luat, the highest-ranking officer of the union to escape the police.

"We call for the intervention and the support of all U.S. students and Japanese students in order to liberate the students arrested by police," the appeals.

The police detained a 35 students on Oct. 2 when they tried to demonstrate against the National Assembly's validation of the election of Lt. Gen. Nyugen Van Thieu as president. Twelve of the students were sent to an army training camp near Saigon and the rest released.

The appeal to the American students said: "The Saigon Students Union expresses its full solidarity with U.S. students in their struggle for the civil rights of the black people of the United States. . . .

"We ask USNSA (the U.S. National Students Association) to affirm their support of the Saigon Students Union's continuing efforts for peace and independence of Vietnam."

The Students Union claims to represent 30,000 university and high school students but has been able to bring out only a few hundred for its meetings and demonstrations.

Senate Democratic Leader Mike Mansfield of Montana called on the government of South Vietnam today to take the initiative in seeking peace negotiations with Hanoi and the Viet Cong.

Mansfield, commenting to newsmen on Thieu's speech in Saigon that his new government would accept peace moves from Western, neutralist or Communist countries "provided those initiatives contribute to bring a just and lasting peace."

"Why doesn't he consider taking the initiative toward negotiations with Hanoi and the National Liberation Front political arm of the Viet Cong?" Mansfield asked. He said Thieu should act instead of awaiting offers from others.

Tam Valley Rec Plans Readied

William A. Hargreaves was appointed last night by the Tamalpais Valley Recreation District board to head a study committee to establish a recreation commission to become effective next July when the district is transformed to a community services district.

Hargreaves is to choose his commission members from persons serving on organizations which will be affected by the recreation program.

A letter was ordered sent to the county board of supervisors, asking the appointment of Harry Sutcliffe and Gale E. Bishel, incumbents, to new terms in lieu of an uncontested election.

The board agreed to let the executive board of Tamalpais Valley School Parent-Teacher Association use the district office for monthly meetings.

A Sausalito doctor was severely injured yesterday when his southbound car collided with the rear end of a truck and trailer outfit on Highway 101, south of the Alto pedestrian overcrossing near Sabella's Restaurant.

Dr. Carl Frederick Larson, 81, of 52 Princess Street, Sausalito, told the California Highway Patral he didn't see the taillights on the truck-trailer combination driven by Gary Earl Rigor, 23, of San Francisco, before the crash at 8:30 p.m.

He was reported in fair condition today in Marin General Hospital's intensive care unit with multiple cuts.

Inmate Reports Puncture Wound

James R. Arthur, a 35-year-old prisoner doing five years-to-life for two robbery convictions in Los Angeles, walked into the hospital at San Quentin yesterday, when prison officials were still getting a riot settled down, and said he had "fallen against something."

The doctors found a puncture wound in his abdomen. They repaired punctures in two loops of the intestine, and Arthur was reported in "good" condition today.

Associate Warden James W. L. Park said Arthur's wound apparently had nothing to do with a riot earlier in the morning at the prison.

New Board Member Joins Bolinas-Stinson District

Edward Z. Lewis of Stinson Beach was seated last night on the Bolinas-Stinson Union School District board, replacing Mrs. Edith N. Sarraille.

Mrs. Sarraille resigned in August, two months after taking office, after defeat of a proposal to annex the district to West Marin School District.

The board last night approved a request by Mrs. Sarraille to transfer her three children to West Marin School this school year. She asked for the transfer so her children would have "the stability of an uninterrupted school year."

"In her letter of resignation, Mrs. Sarraille said she would transfer her children "to a district where community interest has already established . . . stability."

The board set a special meeting for 8 p.m. Tuesday to review building plans and needs. Architect William Gillis will attend the meeting, which board member Mrs. Roberta Shockey said is aimed at finding the reasons two school bond issues have failed this year and seeking ways to pass a bond issue on the next attempt.

The Bolinas-Stinson Union School District board also:

RENT — Agreed to pay a fee in future for using the Bolinas Community Center for profit-making functions.

HIRING — Hired Mrs. Deetje Boler as school secretary.

The first completely automatic landing of a plane in history was made at Wright Field, Ohio, Aug. 23, 1937.

Catholics Open Talks On Race, Youth Unrest

VATICAN CIT Y(AP) — More than 2,500 Roman Catholic laymen today opened the third world Congress of the Lay Apostolate at which they will air some of the controversial topics Vatican conservatives kept off the agenda of the church's synod of bishops.

Meeting under the neon-streaked dome of the Palazzo Pio just outside Vatican City, the delegates were told by the keynote speaker that their mission was "persuasion and penetration."

Thom Kierstiens, the Dutch secretary of the congress, said the week-long meeting would be "prolonged love-in" at which the participants would examine questions ranging from racial prejudice to the growing unrest among youths around the world.

SAN FRANCISCO (UPI)—Blood supplies in the Bay Area today were reported at one of their lowest levels in 26 years.

Board To Consider Bolinas Sewage Plan

A proposed $236,000 plan to treat Bolinas sewage will be considered by the San Francisco Bay Regional Water Quality Control Board Nov. 16, a board spokesman said today.

Chief engineer Fred H. Dierker said the board's staff is reviewing the plan drawn by Kennedy Engineers of San Francisco for Bolinas Community Public Utility District. Directors of the district approved the plan last month and submitted it to the board in reply to the state agency's cease and desist order against the present system of dumping untreated sewage at the mouth of the lagoon.

Gospel Film Slated

Coca-Cola Plant Will Be Moved

Plans to replace the Coca-Cola bottling plant on Irwin Street with a gas station were approved last night by San Rafael Planning Commission.

Mobil Oil Co. will remove all existing buildings on the lot and a wooden pier along the canal. Access to the station will be only from Second Street.

The "ranch" style station of used brick and metal will have three bays, perimeter landscaping and two signs, one almost 38 feet high.

Planning Director Herbert G. Hotchner said Coca-Cola will move its bottling operations to Santa Rosa.

Last December Coca Cola Bottling Co. of California purchased nine acres of industrial property near the Hamilton Industrial Park in Ignacio. At that time former company president Jack Higgins said the location would be used for a new San Rafael plant, the present one being too small. He said construction plans had not been completed and no date had been set for the work to begin.

The San Rafael Planning Commission Also:

DUMP — Approved filling five acres at San Quentin Disposal Site, 1630 Francisco Boulevard, but stipulated that further filling must provide for eventual participation in drainage plans for the area.

DANCE HALL — Received report that an application for a dance hall at 103-11 Verdi Street had been withdrawn by the applicant, Paul Ciampi.

SIGN — Denied proposed sign for Lyons Restaurant at Northgate Shopping Center as inconsistent with "a coordinated sign appearance."

APARTMENTS — Approved plans by Edward Jacobsen to relocate and alter two apartment buildings at 1311-1355 Clinton due to widening of Highway 101.

LOT SPLIT — Approved subdivision of 8.5-acre lot on West Francisco Boulevard owned by Henry Hess Estate.

PARKING—Granted variance to Dr. Jack Rosenburg for parking at 1118 Mission Street, in conjunction with office use of the site.

FENCE — Granted use permit to Donald Gordon, 91 Knight Drive, to add two feet to six-foot fence to insure privacy from school children using walkway easement behind his property.

ROOF SIGNS — Approved plans for two roof signs on service station at 1837 Fourth Street.

WOODEN SIGN — Approved plans for a wooden sign in a planter box at Woodland Center, 70 Woodland Avenue

Jaramilla Carol Von Kleinow, 34, San Francisco, was fined $150 and placed on six months probation. Sausalito police arrested her on Second Street July 6.

Plans to replace the Coca-Cola bottling plant on Irwin Street with a gas station were approved last night by San Rafael Planning Commission.

Mobil Oil Co. will remove all existing buildings on the lot and a wooden pier along the canal. Access to the station will be only from Second Street.

The "ranch" style station of used brick and metal will have three bays, perimeter landscaping and two signs, one almost 38 feet high.

Planning Director Herbert G. Hotchner said Coca-Cola will move its bottling operations to Santa Rosa.

Last December Coca Cola Bottling Co. of California purchased nine acres of industrial property near the Hamilton Industrial Park in Ignacio. At that time former company president Jack Higgins said the location would be used for a new San Rafael plant, the present one being too small. He said construction plans had not been completed and no date had been set for the work to begin.

The San Rafael Planning Commission Also:

DUMP — Approved filling five acres at San Quentin Disposal Site, 1630 Francisco Boulevard, but stipulated that further filling must provide for eventual participation in drainage plans for the area.

DANCE HALL — Received report that an application for a dance hall at 103-11 Verdi Street had been withdrawn by the applicant, Paul Ciampi.

SIGN — Denied proposed sign for Lyons Restaurant at Northgate Shopping Center as inconsistent with "a coordinated sign appearance."

APARTMENTS — Approved plans by Edward Jacobsen to relocate and alter two apartment buildings at 1311-1355 Clinton due to widening of Highway 101.

LOT SPLIT — Approved subdivision of 8.5-acre lot on West Francisco Boulevard owned by Henry Hess Estate.

PARKING—Granted variance to Dr. Jack Rosenburg for parking at 1118 Mission Street, in conjunction with office use of the site.

FENCE — Granted use permit to Donald Gordon, 91 Knight Drive, to add two feet to six-foot fence to insure privacy from school children using walkway easement behind his property.

ROOF SIGNS — Approved plans for two roof signs on service station at 1837 Fourth Street.

WOODEN SIGN — Approved plans for a wooden sign in a planter box at Woodland Center, 70 Woodland Avenue

New Board Member Joins Bolinas-Stinson District

Edward Z. Lewis of Stinson Beach was seated last night on the Bolinas-Stinson Union School District board, replacing Mrs. Edith N. Sarraille.

Mrs. Sarraille resigned in August, two months after taking office, after defeat of a proposal to annex the district to West Marin School District.

The board last night approved a request by Mrs. Sarraille to transfer her three children to West Marin School this school year. She asked for the transfer so her children would have "the stability of an uninterrupted school year."

"In her letter of resignation, Mrs. Sarraille said she would transfer her children "to a district where community interest has already established . . . stability."

The board set a special meeting for 8 p.m. Tuesday to review building plans and needs. Architect William Gillis will attend the meeting, which board member Mrs. Roberta Shockey said is aimed at finding the reasons two school bond issues have failed this year and seeking ways to pass a bond issue on the next attempt.

The Bolinas-Stinson Union School District board also:

RENT — Agreed to pay a fee in future for using the Bolinas Community Center for profit-making functions.

HIRING — Hired Mrs. Deetje Boler as school secretary.

The first completely automatic landing of a plane in history was made at Wright Field, Ohio, Aug. 23, 1937.

Catholics Open Talks On Race, Youth Unrest

VATICAN CIT Y(AP) — More than 2,500 Roman Catholic laymen today opened the third world Congress of the Lay Apostolate at which they will air some of the controversial topics Vatican conservatives kept off the agenda of the church's synod of bishops.

Meeting under the neon-streaked dome of the Palazzo Pio just outside Vatican City, the delegates were told by the keynote speaker that their mission was "persuasion and penetration."

Thom Kierstiens, the Dutch secretary of the congress, said the week-long meeting would be "prolonged love-in" at which the participants would examine questions ranging from racial prejudice to the growing unrest among youths around the world.

Lord Harlech Serious Suitor For Jackie?

NEW YORK (UPI)—Lord Harlech, one of the late President Kennedy's closest friends, is by all indications a serious suitor for Mrs. Kennedy's hand, according to sources close to the former First Lady.

Harlech, then Sir David Ormsby-Gore, was Britain's ambassador to Washington while Kennedy was President. He became the fifth Baron Harlech on his father's death in 1964.

The report of a possible romance was denied by Nancy Tuckerman, Mrs. Kennedy's secretary. She said the President's widow had authorized her to say there was no truth in it.

In Norfolk, Va., where he made a speech last night, Harlech would neither confirm nor deny the report. "I have no comment whatsoever," he said.

Mrs. Kennedy's feelings toward the 49-year-old Baron are still very much her own business, but the two were drawn closer together by the tragic death of Lady Harlech, mother of five, in an automobile accident last May.

Lady Harlech had been a friend of Mrs. Kennedy, who flew to England to attend the funeral and to console the bereaved husband.

Harlech, a dapper man with sharp, aristocratic features, visited the 37-year-old Mrs. Kennedy in Ireland while she was vacationing there last summer. She drove to Shannon Airport to meet him, and they were invited together as weekend guests by President Eamon de Valera.

They have since exchanged regular letters and phone calls.

Fiscal Year's Taxable Sales Show Increase

SACRAMENTO (AP) — Californians spent $34.4 billion during the last fiscal year for taxable goods, from beer and wine to autos, the State Board of Equalization reported yesterday.

That was an increase of $1.1 billion over the previous fiscal period, the board said.

However, sales for the spring quarter this year remained almost the same as for April, May and June of last year, $8.6 billion. The average Californian spent less, $440, compared with $447 in the spring of 1966.

Lower sales were reported in four-fifths of the state's 58 counties. The big increases came in Orange County, up 7 per cent; San Diego, up 5.4 per cent, and Santa Clara, up 3.5 per cent.

California residents spent more, $1.03 billion, for new autos during the period than any other single item.

GIs Give Blood

San Rafael Army reservists of the 362nd Regiment have donated 37 pints of blood through the Irwin Memorial Blood Bank of San Rafael to the 91st Division blood reserve, according to Col. Earl L. Rains. Half of the blood will go to veterans returning from the Vietnam war.

Fiscal Year's Taxable Sales Show Increase

SACRAMENTO (AP) — Californians spent $34.4 billion during the last fiscal year for taxable goods, from beer and wine to autos, the State Board of Equalization reported yesterday.

That was an increase of $1.1 billion over the previous fiscal period, the board said.

However, sales for the spring quarter this year remained almost the same as for April, May and June of last year, $8.6 billion. The average Californian spent less, $440, compared with $447 in the spring of 1966.

Lower sales were reported in four-fifths of the state's 58 counties. The big increases came in Orange County, up 7 per cent; San Diego, up 5.4 per cent, and Santa Clara, up 3.5 per cent.

California residents spent more, $1.03 billion, for new autos during the period than any other single item.

'Shirley' Exploiting Fame In Campaign

Editor's Note: Shirley Temple is off and running as a Republican candidate in a special election for California's 11th district. UPI reporter Tracy Wood spent a day with her campaigning. She describes the political outlook and technique of Mrs. Shirley Temple Black in this dispatch.

By TRACY WOOD

SAN MATEO (UPI)—Children jumped up and down with excitement. Autograph books were ready.

"Shirley Temple is gonna be here! Shirley Temple is coming! There she is. It's her!"

The scene could have been the opening of a new movie by the little curly-haired actress 30 years ago.

But it was a political campaign—not a Hollywood premier.

Mrs. Shirley Temple Black, a Republican, was at a neighborhood "coffee klatch" to win votes as a candidate for California's 11th Congressional district seat.

The long curls have long-since been cut off and the blonde hair has turned dark brown, but the aura of glamor has not deserted the 39-year-old one-time child star. She and her campaign directors know it and use it.

For example, her window and bumper strips say simply "Shirley"—and everyone knows Shirley.

Shirley Temple Black, as her name will appear on the Nov. 14 primary ballot, was one of a dozen candidates to enter the race for the seat left vacant last June by the death of Rep. J. Arthur Younger, R-Calif.

Her campaign depends to a large extent on informal get-togethers with small groups of housewives and businessmen.

During her 10 to 15 minute prepared speeches she jabs at the Johnson administration—"we need inspirational leadership at the top... get the war over quickly and honorably-...why not tighten our belts and cut down wasteful spending in the country."

The 5-foot-2½-inch wife of handsome millionaire Charles Black doesn't hide her movie background.

She exploits it, especially her friendship with California Gov. Ronald Reagan, a one-time actor.

"Governor Reagan and I made a movie together in 1948. In fact, I married the governor at the time," she tells small groups.

"All I can say to you is Gov. Reagan can't support anybody in a primary . . . but he is an old friend."

She hits recent court decisions: "The courts seem to protect the criminal element more than they do the innocent." As to capital punishment: "I'm for it."

Mrs. Black, the mother of three children—Linda Susan, 19, Charles Alden, 15, and Lori Alden, 13—wants to see laws strengthened to protect children from pornography. Last year she caused a furor at the San Francisco Film Festival by denouncing the film "Night Games" as "pornography for profit."

Mrs. Black cites her labor credentials as a dues-paying union member for 36 years. She played her first movie role at the age of 3.

In a district with 53 per cent Democratic registration Mrs. Black does not emphasize the fact that she is a eRpublican. Her campaign brochure does not mention her political affiliation and she describes herself as a "Republican-Independent."

Why is she running? "It's time for me to return some of the goodness I've gotten in my life to the people of San Mateo County."

Mrs. Black's campaign has a rather casual air. Very often she drives herself to meetings and lingers afterward to speak with guests.

If she is elected, she says the whole family will move to Washington, prepared for a long stay.

Younger was a Congressman for 15 years and Shirley wants to be in Congress "at least as long as Art Younger was."

But when people discuss the Shirley Temple Black campaign, it's not the issues which dominate the conversations.

"Who would have thought? Shirley Temple running for Congress."

On a recent day, about 40 people crowded into the small living room of Mr. and Mrs. William Collins, a Daly City couple who had never met Mrs. Black but volunteered to hold a coffee klatch.

In the babble of excited conversation one neighbor turned to another.

"You know they're bringing Shirley Temple movies back now," she said.

"Do you remember seeing her in . . .?"

"Yes, and do you remember . . .?"

Outside the shrill cries of children echo through the neighborhood.

"It's her! Here she comes!"

And as the only woman candidate in the Congressional race entered the house a middle-aged woman remarked:

"Who would have thought? Shirley Temple running for Congress."

Linda Tells How She Told Parents

WASHINGTON (AP) — Lynda Bird Johnson writes in a magazine article that she crawled into bed with her parents, President and Mrs. Johnson, to tell them of her engagement to Marine Capt. Charles S. Robb.

Lynda writing in McCall's magazine, said that after she and Robb, a White House social aide, discussed their future for several hours in the third-floor solarium of the White House, she went to her parents sometime after 3 a.m. to tell them the news of the engagement.

Mrs. Johnson sat up and asked, "Who is it?" President Johnson also awoke and the parents pulled Lynda into bed with them.

Trembling with excitement, Lynda gave them the news. But she does not report their reaction.

Fairfax Schedules Varied Rec Program For All Ages

A varied fall program of activities for various age groups is underway in Fairfax, according to Ronald C. Samet, Fairfax recreation director.

On Mondays and Thursdays from 10 a.m. to noon, Mrs. Dorothy Olson directs a program for children from three to five years of age at the Fairfax Pavilion.

Elementary school youngsters may join in after-school activities at the schools and may participate in a Saturday day camp type program which will include field trips, roller skating and athletic events. Signups for this may be made at Deer Park School and the Fairfax Pavilion before Oct. 18.

Friday night dances are planned for junior high students on the first Friday of each month, open only to Teen Club members. On Tuesdays and Thursdays there will be open recreation for high school students at the Pavilion from 7 to 9 p.m.

Women who wish to form a tennis club through the recreation department may call Mrs. Barbara Thompson.

A wilderness is an area where the land and the life under, on and above it are undisturbed, says the Massachusetts Audubon Society.

The supervisors also named Benjamin R. Ostlind as Marin's representative to the advisory commission for regional airports, which will operate under supervision of the association of bay area governments.

Supervisor John F. McInnis moved for Ostlind's appointment and the vote was four ayes and an abstention by supervisor William Gnoss, who explained he respects both Ostlind and Tris Coffin, recommended by the Marin aviation commission.

Elementary school youngsters may join in after-school activities at the schools and may participate in a Saturday day camp type program which will include field trips, roller skating and athletic events. Signups for this may be made at Deer Park School and the Fairfax Pavilion before Oct. 18.

Friday night dances are planned for junior high students on the first Friday of each month, open only to Teen Club members. On Tuesdays and Thursdays there will be open recreation for high school students at the Pavilion from 7 to 9 p.m.

Women who wish to form a tennis club through the recreation department may call Mrs. Barbara Thompson.

Mississippi Doctor Tells How Rights Workers Died

MERIDIAN, Miss. (UPI)—A pathologist testified today that two of the three civil rights workers slain near Philadelphia, Miss., in 1964 were shot once through the heart, but the third—a Negro—had been shot three times.

Dr. William P. Featherstone of Jackson testified in the third day of the federal trial of 18 men—four of them law officers from Neshoba County—on charges of conspiring to violate the three men's civil rights by killing them.

Featherstone performed autopsies on the three bodies, which were found buried under an earthen dam seven weeks after they were slain.

He testified that Michael Schwerner and Andrew Goodman, white New Yorkers, had each been shot through the heart. James Chaney, a Meridian Negro, had been shot through the left eye, near the heart and in the stomach, the doctor testified.

"Did you determine the cause of death in these bodies?" asked Asst. Atty. Gen. John Doar, leading the government's prosecution team.

"Not precisely—they were too decomposed," Featherstone replied. But he said the paths of the bullets in the three bodies "could have resulted in no outcome other than death in my opinion."

Doar is soon expected to call a former Ku Klux Klansman to testify about the actual slayings.

The man, James Edward Jordan, 40, is reported to be a key witness in the government's case against 18 white men charged with conspiracy in the 1964 deaths.

Jordan was indicted on the same charges as the defendants, but exchanged information for a lighter sentence. FBI agents have been protecting Jordan at his Jacksonville, Fla. home for the past few months.

A second defendant, Horace Doyle Barnette, 28, Cullen, La., also was expected to be a witness in the government's allegation the Klan conspired to kill the rights worker.

Container Ship Wharf Planned

SAN FRANCISCO (UPI) — A new terminal for container ships will be constructed on 33 acres of waterfront property purchased by the San Francisco Port Authority from the federal government.

The land, purchased for $3.25 million, was formerly part of the Bethlehem Steel Company's shipyard.

The new wharf will be designed to accommodate two large container ships at one time.

Willie McCovey, Wife Divorced

SAN FRANCISCO (UPI) — Willie McCovey, 28-year-old first baseman of the San Francisco Giants, and his wife, Karen, 23, received a final divorce decree yesterday.

Superior Judge Edward Molkenbuhr granted Mrs. McCovey custody of the couple's child, Allison, 2, and child support of $275 a month. She waived alimony.

Mrs. McCovey testified her husband gave her the "silent treatment" and refused to talk to her for long periods of time.

The couple was married in Reno in 1964, separated in 1966, reconciled later but again separated in July, 1966.

Bolinas Unit To Tell Of Closed Meeting

The Bolinas Community Public Utility District board will meet at 7:30 p.m. today at the Bolinas Mesa clubhouse.

Chairman Jose A. Silva said the board would relate the results of last week's closed meeting, which was called to discuss complaints against employees.

Vote Won't Stop War: Humphrey

SAN FRANCISCO (UPI)—The people of San Francisco have the right to express their feelings about the war in Vietnam through a ballot vote, according to Vice President Hubert H. Humphrey.

But, he continued yesterday, a negative vote "will not change foreign policy." That, he said, "depends on whom you elect president of the United States."

The vice president also told a television news panel that U.S. actions in Vietnam are "in the national self-interest."

BRUSHOFF

He brushed off polls showing the growing unpopularity of the war by commenting that the Korean war "was much more unpopular than the war in Vietnam and yet I don't think there is a living American who feels we made a mistake."

The vice president wound up a two-day visit to the Bay Area yesterday with a talk to the National Conference of Catholic Charities, a visit to the Lockheed plant in Sunnyvale and a chat with longshoreman philosopher Eric Hoffer.

After appearing on the television show, he flew by helicopter to Sunnyvale where before an audience of 15,000 he emphasized the need for strength in the nuclear age, saying "some think you can get peace by wishing for it, but the history of the world proves that it does not come to those who just wish for it. It comes to those who are able to defend it, build it and make it.

INVIGORATING

Humphrey termed his meeting with Hoffer "most invigorating. It was like wholesale sunshine in the living room."

Humphrey's morning talk to the Catholic group was given well out of eye and hearing of an uneventful anti-war demonstration staged by some 40 chanting, sign-carrying demonstrators outside the hotel where he spoke.

He flew to Kansas City last night.

Cyclone In India

CALCUTTA (AP) —A cyclone killed at least 150 persons and made more than 500,000 homeless Monday night along the Bay of Bengal coast 300 miles southeast of Calcutta, according to unofficial estimates today.

Judges Named To Committee On Judiciary

SAN FRANCISCO (UPI) — Three judges have been named to a committee being formed to work out a revised procedure for choosing judges in California.

The three, named yesterday by California Supreme Court Chief Justice Roger J. Traynor, will represent the Judicial Councils on the new committee. The state bar and the Legislature will also be represented.

The committee will devise new judge selection methods, which have been criticized as being too much influenced by politics.

The three judges named were California Supreme Court Associate Justice Louis H. Burke, Los Angeles Municipal Court Judge Harold C. Shepherd, and San Diego Superior Court Judge George A. Lazar.

Fremont School Bonds Approved

FREMONT (UPI) — Voters in the Fremont Unified School District in Southern Alameda County have approved a $7.75 million bond issue to construct 11 schools.

By passing the bond issue by about a 3-1 margin yesterday, the district became eligible to borrow up to $14 million in state funds over the next three years.

School officials say the present school enrollment will jump from 31,000 to 39,000 by 1970.

Malaysia To Open Relations With Russ

KUALA LUMPUR (AP) — Malaysia has decided to establish diplomatic relations with the Soviet Union, on an experimental basis subject to continued "friendly feeling and behavior," Prime Minister Tunku Abdul Rahman said today.

Diplomatic relations with Moscow will enable the Malaysians to sell their rubber direct to the Russians without paying a share of the profits to a European middleman.

Port Bombing Won't Cut War: McNamara

WASHINGTON (AP) — Defense Secretary Robert S. McNamara again says the war in Vietnam would not be shortened by U.S. bombing or mining of the enemy's port of Haiphong.

McNamara, in Senate testimony Aug. 25, released yesterday, said Hanoi would move its supplies over other routes to its forces and the Viet Cong in South Vietnam if Haiphong harbor were destroyed.

He declared the civilian heads of the American government would continue to base bombing decisions on the basis of value of targets, risk to American pilots and avoidance of direct confrontation with Red China and the Soviet Union.

And in a heated exchange with Sen. Strom Thurmond, R-S.C., he denied President Johnson's war policy is a no-win policy.

Thurmond maintained "we seem to be more concerned over the civilian casualties in the North than we are over our own casualties in the South."

McNamara replied he knew of no evidence to support such a conclusion and "I, myself, strongly object to such a conclusion."

The defense secretary said North Vietnam would have to quit the war if supplies from the Soviet Union and Red China could be stopped but added he knew of no way militarily or politically that this could be done.

He estimated the Soviet Union supplied Hanoi with about $670 million in aid last year, while the Communist Chinese contribution was about $150 million.

Sen. Margaret Chase Smith, R-Maine, recalled previous testimony by military leaders who agreed that if bombing restrictions had not been in force for two years the air war would have been more effective and probably would have cut allied casualties in the South.

Mrs. Smith asked: "Would we in all probability have experienced fewer casualties in the South had those restrictions and prohibitions not been imposed against the bombing of the North?"

McNamara: "It is my very firm opinion that regardless of what other merit there might have been in following a different practice of air activity against the North in the past, it would not have reduced our casualties in the South."

Girl Reported As Runaway From Air Base

Sherida Gale Liles, 16, of 307 Bolling Drive, Hamilton Air Force Base, was reported as a runaway today by Novato police.

Her father, M/Sgt. Norman Wesley Liles, 39, told police that he thought that his daughter might have run away with Michael Lee Bagett, 19, of Wasco, Kern County, who had been visiting them over the weekend. He told police that they might be headed for Utah to get married.

When last seen Sherida was wearing an orange sweater and skirt, but had taken some of her clothes with her, according to police. She left for school yesterday morning and failed to return, her father told police. She was described as five feet seven inches tall, weighing 120 pounds with red hair and green eyes.

Still missing were Brian James Cunningham, 15, of 8 Carmen Court, Novato, and Valarie Lynn Carnejo, 15, of 1126 Farris Drive, Novato, according to Novato police.

Returns Home

Wayne K. Ellerman, 35, of 124 Tunstead Avenue, San Anselmo, reported as missing since Saturday night, returned home yesterday, according to San Anselmo police.

Driver Injured In Car Crash

Harry L. Lanier, 57, of 740 Las Colindas Road, San Rafael, was cut about the head last night when his car went off Highway 101 and overturned.

The California Highway Patrol said Lanier was southbound, just south of Lucas Valley Road, about 7 p.m. The car rolled end over end after leaving the road and Lanier was thrown 18 feet.

The Highway Patrol said Lanier complained of chest pains. He was reported in good condition today at Marin General Hospital.

Drug Expert To Talk At School Breakfast

Dr. Sanford Feinglass, coordinator of Marin County drug abuse education, will address the first fall meeting of the Marin County Elementary School Administrators Association Tuesday at Dominican College.

The breakfast meeting, starting at 7:45 a.m., was announced today by Cliff Campbell, MCESAA president.

Fire Commission Lacks Quorum

Marinwood fire commissioners cancelled last night's meeting for lackof a quorum, Fire Chief James W. Cameron reported this morning.

Three of the five-members are needed for a quorum but only Chairman Robert Cawley and Commissioner Charles Hassell showed up.

"They're trying to set a meeting for next Monday night," said Chief Cameron. Main topic of discussion will be a revision of fire department rules and regulations.

'Beauty' Program

"Beauty is Everwhere" will be the title of a program of poetry and photographs presented by Mrs. Thelma White at a public meeting of the Garden Society of Marin on Oct. 20 at 8 p.m. in Room 40, College of Marin.

Tennessee's capital city of Nashville was founded in 1779 by a band of pioneers.

Trial Called Off By Guilty Plea

Brian Moore, 29, pleaded guilty in Marin Superior Court yesterday to second degree robbery. Judge Joseph G. Wilson sentenced him to one year to life in state prison.

Moore, of 1551 Fourth Street, San Rafael, was scheduled for jury trial yesterday on a charge of first degree robbery. He held up Jack Carney, employee at Dave's Lounge in San Rafael, on May 12.

He had pleaded innocent and innocent by reason of insanity to the first degree charge, but switched his plea to guilty on the lesser charge.

NOT HIS AMBITION — Little Duane Nichodom, 2 years old, isn't very happy with what he's doing, even though it's Fire Prevention Week. Naturally, he doesn't want to grow up to be a fireman — his father is Little Chute, Wis., Police Chief Robert Nechodom. (UPI Telephoto)

Port Bombing Won't Cut War: McNamara

WASHINGTON (AP) — Defense Secretary Robert S. McNamara again says the war in Vietnam would not be shortened by U.S. bombing or mining of the enemy's port of Haiphong.

McNamara, in Senate testimony Aug. 25, released yesterday, said Hanoi would move its supplies over other routes to its forces and the Viet Cong in South Vietnam if Haiphong harbor were destroyed.

He declared the civilian heads of the American government would continue to base bombing decisions on the basis of value of targets, risk to American pilots and avoidance of direct confrontation with Red China and the Soviet Union.

And in a heated exchange with Sen. Strom Thurmond, R-S.C., he denied President Johnson's war policy is a no-win policy.

Thurmond maintained "we seem to be more concerned over the civilian casualties in the North than we are over our own casualties in the South."

McNamara replied he knew of no evidence to support such a conclusion and "I, myself, strongly object to such a conclusion."

The defense secretary said North Vietnam would have to quit the war if supplies from the Soviet Union and Red China could be stopped but added he knew of no way militarily or politically that this could be done.

He estimated the Soviet Union supplied Hanoi with about $670 million in aid last year, while the Communist Chinese contribution was about $150 million.

Sen. Margaret Chase Smith, R-Maine, recalled previous testimony by military leaders who agreed that if bombing restrictions had not been in force for two years the air war would have been more effective and probably would have cut allied casualties in the South.

Mrs. Smith asked: "Would we in all probability have experienced fewer casualties in the South had those restrictions and prohibitions not been imposed against the bombing of the North?"

McNamara: "It is my very firm opinion that regardless of what other merit there might have been in following a different practice of air activity against the North in the past, it would not have reduced our casualties in the South."

Memorial Fund To Honor Youth

Friends and teachers of Richard Hexter, 19-year-old Terra Linda High School senior who died Monday, have started a memorial fund in his name with the Muscular Dystrophy Association of Marin County.

Richard, son of Mr. and Mrs. Richard Hexter, 812 Tamarack Drive, Terra Linda, was a victim of muscular dystrophy. Although confined to a wheel chair, he attended classes through last week.

Contributions to the memorial fund may be made through Sheila Ford at Terra Linda High School.

Drug Expert To Talk At School Breakfast

Dr. Sanford Feinglass, coordinator of Marin County drug abuse education, will address the first fall meeting of the Marin County Elementary School Administrators Association Tuesday at Dominican College.

The breakfast meeting, starting at 7:45 a.m., was announced today by Cliff Campbell, MCESAA president.

Fire Commission Lacks Quorum

Marinwood fire commissioners cancelled last night's meeting for lackof a quorum, Fire Chief James W. Cameron reported this morning.

Three of the five-members are needed for a quorum but only Chairman Robert Cawley and Commissioner Charles Hassell showed up.

"They're trying to set a meeting for next Monday night," said Chief Cameron. Main topic of discussion will be a revision of fire department rules and regulations.

'Beauty' Program

"Beauty is Everwhere" will be the title of a program of poetry and photographs presented by Mrs. Thelma White at a public meeting of the Garden Society of Marin on Oct. 20 at 8 p.m. in Room 40, College of Marin.

Tennessee's capital city of Nashville was founded in 1779 by a band of pioneers.

Trial Called Off By Guilty Plea

Brian Moore, 29, pleaded guilty in Marin Superior Court yesterday to second degree robbery. Judge Joseph G. Wilson sentenced him to one year to life in state prison.

Moore, of 1551 Fourth Street, San Rafael, was scheduled for jury trial yesterday on a charge of first degree robbery. He held up Jack Carney, employee at Dave's Lounge in San Rafael, on May 12.

He had pleaded innocent and innocent by reason of insanity to the first degree charge, but switched his plea to guilty on the lesser charge.

Girl Reported As Runaway From Air Base

Sherida Gale Liles, 16, of 307 Bolling Drive, Hamilton Air Force Base, was reported as a runaway today by Novato police.

Her father, M/Sgt. Norman Wesley Liles, 39, told police that he thought that his daughter might have run away with Michael Lee Bagett, 19, of Wasco, Kern County, who had been visiting them over the weekend. He told police that they might be headed for Utah to get married.

When last seen Sherida was wearing an orange sweater and skirt, but had taken some of her clothes with her, according to police. She left for school yesterday morning and failed to return, her father told police. She was described as five feet seven inches tall, weighing 120 pounds with red hair and green eyes.

Still missing were Brian James Cunningham, 15, of 8 Carmen Court, Novato, and Valarie Lynn Carnejo, 15, of 1126 Farris Drive, Novato, according to Novato police.

Returns Home

Wayne K. Ellerman, 35, of 124 Tunstead Avenue, San Anselmo, reported as missing since Saturday night, returned home yesterday, according to San Anselmo police.

Driver Injured In Car Crash

Harry L. Lanier, 57, of 740 Las Colindas Road, San Rafael, was cut about the head last night when his car went off Highway 101 and overturned.

The California Highway Patrol said Lanier was southbound, just south of Lucas Valley Road, about 7 p.m. The car rolled end over end after leaving the road and Lanier was thrown 18 feet.

The Highway Patrol said Lanier complained of chest pains. He was reported in good condition today at Marin General Hospital.

Students Try Russian On A Computer

STANFORD (UPI) — Thirty Stanford University undergraduate students studying Russian receive instructions today from a computer in what may be the first experiment of its kind in the nation.

The students are seated in a small room of Casa Venture, the campus headquarters of the Institute for Mathematical Studies in Social Sciences. Before them are six teletypewriters.

These machines are connected to a PDP-8 computer in nearby Pine Hall at the Stanford Laboratory for Computer-Based Instruction.

The teletypewriters print messages in English and Russian alphabets. An individual student types his number. Back comes a message asking him to type a one-word answer to the question he hears.

The voice question has been tape-recorded and is asked by Mrs. Elise Belenky, Russian-born research associate. If the student types the correct answer, the computer clicks off a new question. If the answer is wrong, the computer prints, "No, try again."

On a second attempt, and if the student fails again, the computer prints the correct answer in the Cyrillic alphabet.

The computer teaching system, devised by Associate Professor Joseph Van-Campen of Slavic languages, is paced to the students' progress.

Early Visit Brings Arrest

A Novato man was booked on suspicion of burglary yesterday when he entered the house of an acquaintance and refused to leave, Novato police reported today.

James Earl Ferguson, 33, of 17 Zanco Way, Novato, was held in Marin County Jail in lieu of $5,500 bail.

Mrs. Linda Joyce Bennett, 28, of 1670 Center Road, Novato, told police that she was awakened about 2:30 a.m. by Ferguson sitting on the head of her bed. She asked him to leave, and when he would not, she ran to the home of Robert Bartlett at 873 Tamalpais Avenue, and phoned for the police, police reported.

Ferguson was later arrested at his Zanco Way address, according to police.

School Heating Unit

The Sausalito School District Board Monday authorized Asst. Supt. Joseph Amato to proceed with plans for a new heating unit to serve eight classrooms at Richardson Bay School. The unit, which will cost an estimated $5,500, will bypass a present underground heating line which is corroded and defective.

Bank Robber's U-Turn Results In His Arrest

OAKLAND (UPI)—A Seattle, Wash., parolee robbed a Bank of America branch of $54,300 yesterday, but was apprehended 20 minutes later when he made an illegal U-turn in front of a traffic officer.

Police said David O. Harrington, 25, came to the front door of the bank at closing time and pointed a .38 caliber revolver at manager Cecil Miller, 47.

Miller said he and two other bank employes were headed into the vault where Harrington scooped up packs of currency and a sack with $500 in 50-cent pieces and fled.

Traffic Officer Ken Conklin arrested Harrington when he saw the robber'scar make the illegal turn and recognized the license from broadcast descriptions.

Conklin said he found a bank deposit bag full of currency, another full of half-dollars and a pistol and half bottle of whiskey on the front seat next to Harrington.

Airman Who Hit Bus, Driver Is Sentenced

It's one thing to hit a bus and quite another to then hit the bus driver.

A Hamilton Air Force Base airman did just that Monday night in San Francisco, according to base officials.

A/3c James S. Anderson, assigned to the 349th Military Airlift Wing, had an accident about 8 p.m. Monday with a San Francisco municipal bus. Enraged, Airman Anderson then got out of his car, entered the bus and struck the driver, Fowler Caldwell of San Francisco.

Airman Anderson, who lives in San Francisco, was given a 30-day suspended jail sentence and placed on six months probation for the assault by San Francisco Municipal Court yesterday. He was also instructed to pay for the damages to the bus, according to base officials.

No Disability Tax Change For '68

SACRAMENTO (CNS) — California employers will continue to pay a tax ranging from .8 per cent to 2.7 per cent of taxable wages for the unemployment insurance program in 1968, Peter Weinberger, director of employment, announced.

In announcing there would be no change in the rate for 1968, Weinberger said also the $3,800 taxable wage base will remain in effect. This is possible because employers paid $593.2 million during the 12 months ended June 30, exceeding benefit payments under the unemployment insurance program by $130.6 million.

Workers will continue to pay a 1 per cent tax on wages of $7,400 to finance the state disability insurance program.

Building Program On Dixie's Agenda

The school building program will be the major itme of discussion at a meeting of the Dixie School District board at 8 p.m. today in the administration building at 35 Trellis Drive, Terra Linda.

Other items on the agenda include policy on teacher salaries, compensation for teachers who work with educationally handicapped pupils on an hourly basis, and possible appointment of a speech therapy coordinator.

THE NIGHT is dark and the moon hangs low. The black cat stalks and the witches fly. Goblins are roaming and so are the intriguingly costumed trick-or-treaters. Here is a new trick for a great Halloween treat this year —a popcorn doughnut.

Trick Spooks At Your House With Popcorn Doughnut Treat

No doubt you'll be expecting a number of trick-or-treat groups to ring the doorbell, so let the whole family pitch in and help make the doughnut treats. As the syrup cooks gently, the popcorn can be popped right in its own foil frypan. Then the syrup and popped corn are blended together and made into balls with center holes — just like the old fashioned sugar doughnut. Ready, with the plate of popcorn doughnuts, could also be a pitcher of "witch's brew." Actually, it's a spiced apple juice punch . . . but served in witch-decorated paper cups, it looks like a cauldron special.

If everyone gets enthusiastic about decorating, you can also make a jack o'lantern from the same popcorn syrup mixture as the doughnuts. Make the eyes, nose, and mouth with licorice flavored gumdrops, and add a long licorice gumdrop for the stem.

HALLOWEEN DOUGHNUTS

1 (5 oz.) Popcorn*
1 cup sugar
1 cup light corn syrup
1 teaspoon orange extract
½ teaspoon red food coloring
1 teaspoon yellow food coloring

Pop corn according to package directions and pour into lightly greased large bowl. In saucepan mix together sugar, corn syrup, and cook, stirring constanty, until sugar has dissolved, about 10 minutes. Remove from heat and add orange extract and food coloring to syrup. Mix well. Pour syrup over popped corn. Mix together until all corn is coated with syrup. Return to heat, and cook, stirring constantly for 5 minutes, or until corn begins to stick together. Remove from heat and with well greased hands shape into 4-inch doughnuts. Cool. If desired, top of doughnuts can be iced with melted chocolate. Makes 6 popcorn doughnuts.

HALLOWEEN FLOAT

1 quart apple juice
¼ teaspoon ground cinnamon
3 whole cloves
½ cup orange juice
2 (7 oz.) bottles lemon soda
1 tray ice cubes

Mix together 2 cups apple juice, cinnamon, and cloves. Bring to boil. Reduce heat and cook slowly for 10 minutes. Refrigerate for several hours to develop spice flavors. Remove cloves. Add chilled spiced juice to remaining apple juice and orange juice. Just before serving, add lemon soda, and ice cubes. Garnish cups of punch with popped corn. Makes 1½ quarts punch.

Barm Brack An Authentic Irish Halloween Recipe

An authentic recipe from the Irish to be served on Halloween is Barm Brack. It takes its name from the old Irish word "bairgen," now pronounced boreen; and now spoken of as boreen-brack (Speckled cake-speckled with currants and raisins) and written as Barm Brack. Barm refers to the yeast in the recipe.

BARM BRACK

4 cups sifted flour
3 tbsp. sugar
½ tsp. salt
½ tsp. nutmeg
¼ tsp. cinnamon
2½ tsp. butter
¾ oz. yeast or 1 envelope active dry or 1 cake yeast
1¼ cups milk, lukewarm
2 eggs, well beaten
1 cup sultanas (white seedless grapes)
½ cup currants
¼ cup chopped candied mixed peel.

A few charms such as a ring, a penny, etc., if this Barm is to be eaten on Halloween.

Sift together the flour, 2 tablespoons of sugar, the salt, nutmeg and cinnamon. Add the butter and blend in with a pastry blender. Dissolve the yeast in ¼ cup of the lukewarm milk. Combine the dissolved yeast-milk mixture with the remaining 1 cup of lukewarm milk and the egg. Stir into the flour ingredients and mix with a wooden spoon until the mixture is smooth and elastic, about 10 minutes.

Mix in the fruit and the charms. Turn into a greased 8" by 3" round cake pan or glass baking dish. Cover with a cloth and place in a warm place to rise, about 2 hours (dough should rise almost to top of the pan).

Bake at 400 degrees F for about 1 hour (If using a glas glass baking dish, bake at 375 degrees F. The bread is done if it shrinks slightly from the sides of the pan and sounds hollow when lightly tapped. Dissolve 1 tablespoon of sugar in 2 teaspoons of hot water; pour over the brack immediately after removing it from the oven. Return the brack to the oven for a few minutes; then let it stand in the pan a few minutes before removing. Serve slightly warm in thick slices with plenty of Irish butter.

Almond, Apple Crunch Tasty Baked Dessert

"Almond and Apple Crunch" is as easy to make as any baked fruit dessert we know. It's just a matter of layering crisp cornflakes with apple slices, honey and chopped almonds. Cinnamon and butter contribute to the "apple pie" flavor of this tasty, easy treat. Serve it warm from the oven and pass a pitcher of light cream.

ALMOND CRUNCH APPLE AND

2 cups cornflakes
2 cups sliced cooking apples
⅓ cup chopped almonds
1 teaspoon cinnamon
1 tablespoon butter margarine
Light cream

Place a layer of cornflakes in buttered 8-inch square pan; cover with 1 cup apples. Sprinkle with half of honey, almonds and cinnamon; dot with butter. MAILING TIPS

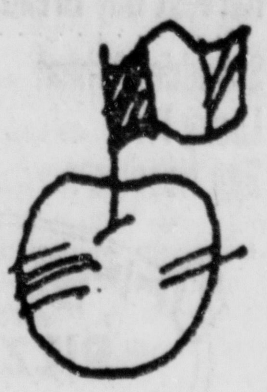
Recipes For Christmas In Vietnam —



Because of the climate and other conditions in Vietnam, there are certain items which servicemen need and want, and other items which should not be sent. Also, the size of the package is important. Smaller packages reach their destination sooner. Too, a package weighing less than 5 ibs. and 60 inches or less in length and girth can be sent airmail for surface rates.

WHAT NOT TO SEND:

Postal regulations forbid sending tobacco in any form. Clothing is not recommended because of the poor laundering facilities in Vietnam.

WHAT TO SEND:

1. Tiny record players, transistor radios, cameras, and television sets.

2. Checkers, chess, puzzles, playing cards, games, pocket books and magazines.

3. Presweetened powdered drinks and instant tea because of the bad taste of the Vietnamese water.

4. Small useful items such as stationery, self-sealing envelopes, ball point pens, razor blades, toothbrushes and toothpaste, hand and shaving lotion, nail clippers, foot powder, sewing kits, combs and brushes, kleenex, plastic utility bags, cigarette cases, and insect repellents in plastic containers.

5. Canned goods sent in tins, such as salami, cheeses, nuts, sardines, and peanut butter.

6. Always welcome is cash or checks which can be used to buy things from the Post Exchange.

7. The most coveted gift is home-baked goods. Cookies, if made with the right ingredients and packaged correctly, make a particularly nice package. Soft or bar cookies are best because the crisp, crunchy ones invariably crumble before reaching their destination. One service wife suggests adding 2 or 3 extra tablespoons of flour to the recipe to keep them from crumbling. To prevent the cookies from spoiling, not too much butter should be used, and nuts should be used only in the batter.

Packaging is also important to prevent spoilage. Two or three cookies should be wrapped together in aluminum foil and placed in metal containers such as a coffee can, or in a sturdy cardboard box or a half-gallon milk carton. The way they are placed in the container is also important. The cookies can be cushioned with layers of unsalted popcorn, puffed cereal, or plastic materials placed on the bottom, sides, and in between the layers to absorb the bumps and jolts.

MAILING:

Items should be wrapped in plastic whenever possible. The package should be securely tied and addressed carefully with full name, address, and APO or FPO zip code number. Food should be sent airmail; otherwise, it will take a month or more to arrive.

Confectioners sugar

Rinse apricots; cover with water, boil 10 minutes. Drain, cool, and chop. Mix until crumbly butter, granulated sugar and 1 C flour. Pack into greased 8x8x2 pan. Bake in preheated oven, 350 degrees F., for about 25 minutes or until lightly browned. Sift together ⅓ C flour, baking powder and salt. Gradually beat brown sugar into eggs. Add flour mixture; mix well. Add vanilla, nuts and apricots. Spread over baked layer. Bake 30 minutes or until done. Cool in pan. Cut in bars and roll in confectioners sugar.

CHOCO - MARSHMALLOW
(3 dozen)

1¾ C sifted cake flour
½ t salt
½ t baking soda
½ C cocoa
½ C shortening
1 C sugar
1 egg
1 t vanilla
¼ C milk
18 marshmallows cut in halves

Sift together flour, salt, soda and cocoa. Cream shortening and sugar. Add egg, vanilla and milk, beating well. Add dry ingredients and mix. Drop by teaspoons on greased baking sheet. Bake in preheated oven, 350 degrees F., for 8 minutes. Remove from oven and press half marshmallow, cut side down, on top of each cookie. Bake 2 minutes longer. Cool. Top with cocoa frosting. Frosting: Combine 2 C sifted confectioners sugar, 5 T cocoa, ⅛ t salt, 3 T soft butter or margerine, and 4 to 5 T light cream.

APPLESAUCE COOKIES

1¾ C sifted cake flour
½ t salt
1 t cinnamon
½ t nutmeg
½ t powdered cloves
1 C canned applesauce
1 C granulated sugar
1 t baking soda
½ C soft shortening
1 egg
1 C seedless raisins
1 C ready-to-eat bran

Sift together first 5 ingredients. Combine applesauce and soda. Mix shortening with sugar and egg until creamy. Mix in flour mixture alternately with applesauce. Fold in raisins and bran. Drop by teaspoons about 2 inches apart onto greased cookie sheet. Bake in preheated oven, 375 degrees F., for about 20 minutes or until golden brown. If desired, can be frosted with butter icing.

Add Grated Carrots

When making tuna fish or salmon and mayonnaise sandwich filling, add enough raw grated carrots to make it of spreading consistency. This stretches the quantity, adds color, and improves the taste.

THE SUBURBAN SCENE

A House Tour In Mother Lode

By MOLLY MARIN

A number of Marin women are planning to attend the "Golden Autumn" house and garden tour in Nevada City Saturday. The oldest home on the tour is the 106-year-old Holiday house that the Madison Devlins of Tiburon have just completed furnishing with antiques in period style.

BACK HOME in San Rafael after a month's vacation in Europe are the William O. Weissichs, senior and junior. The father and son made an auto tour of 13 countries.

BRIDE-ELECT LOLA Behr, daughter of the Peter Behrs of Mill Valley, and her fiance, Gerald Martin Haskins, were guests of honor at a dinner party last night hosted by Mrs. Barnette Robinson of Mill Valley at the Admiral Nimitz Club at Treasure Island. The couple will be married on Oct. 28 at Christ Church in Sausalito.

CAPT. AND MRS. J. F. Witherow Jr. of Kentfield have received news of the birth of their first grandchild. The baby was born on Sept. 29 in Honolulu to their daughter and her husband, Mr. and Mrs. Harry Springer of Kailua.

She has been named Leila Gail Springer, the middle name being that of her only aunt, Deirdre Gail Witherow of Kentfield. Grandparents are Mr. and Mrs. Richard Springer of Kailua, and great grandmothers are Mrs. Sally Bryant of Nevada City, formerly of Mill Valley, and Mrs. J. F. Witherow of Sausalito.

MR. AND MRS. RALPH Myers of Geneva, Switzerland, have returned to Belvedere for the marriage of their youngest daughter, Terry to Scott Dillingham of San Francisco at St. Stephens Church in Belvedere on Saturday. Terry was honored at a shower and luncheon last Saturday by Mrs. Edward Russell Rice III at her home on Belvedere's West Shore. Twenty guests attended the party honoring the bride-elect, including Terry's mother, Mrs. Myers, and her sister, Mrs. Lee Umbry of San Francisco, the former Jeanne Myers.

WHEN MR. AND MRS. John Lawson of Belvedere went to make their future home in Peru, they left behind many of their household furnishings, including antiques and paintings, to be used for the benefit of the Boys Club of Southern Marin. A country auction with these items as a nucleus is being organized at a downtown Tiburon location on Oct. 28, with James Derryberry of Tiburon, chairman.

THE REV. AND MRS. Ervin C. Tipton have just returned from a 30 day trip to Palestine, stopping enroute in England, Amsterdam, Athens, and Rome on the return trip. While in Palestine they visited all the holy places in Jerusalem, Bethlehem, the Jordon, Nazareth and the region of Galilee. They enjoyed the freedom of movement in and about the city, which was not possible before the war, but were aware of its effects, visible in many parts of the city.

In addition they took a tour south of Jerusalem, through the Negev, to the Gulf of Aquaba, to the Israeli city of Eilat, and in the north, they toured the Syrian Heights, recently conquered from the Syrians.

CARSON AND BETTY Jane Magill of Belvedere, are members of a 165-person group on a European tour sponsored by station KQED. The Magills will spend two weeks in London, then tour the continent, before returning Oct. 29.

TIBURON'S MAIN STREET was the scene for a festive gathering Wednesday evening when Mr. and Mrs. Dean Jennings welcomed 150 couples at a champagne autograph party at Tiburon Books. Co-hosting were Mr. and Mrs. Alan Cundall and Mrs. Marjorie Whitelaw. The occasion was the introduction of Dean's latest book, "We Only Kill Each Other — The Life and Bad Times of Bugsy Siegel." On hand was Gene Rackless of New York, editor-in-chief of Prentiss-Hall Publishing Company. The New Yorker is the houseguest of Mr. and Mrs. Jennings in Belvedere.

Morning-After Pills Really Massive Doses Of Estrogen

By BARBARA J. CULLITON
Science Service

WASHINGTON, — The "morning-after" birth control pill leads a double life. While researchers work to perfect it for formal approval and commercial sale, it is already here — on every pharmacist's shelf under another name. Any doctor can prescribe it; many do, and they say it works.

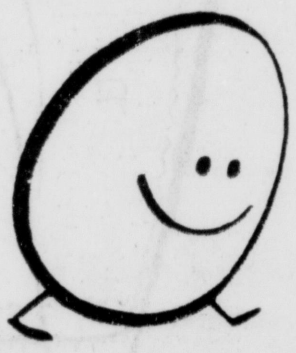
Morning-after pills are really just ordinary estrogens — female hormones — used in more than 100 drugs sold for other purposes.

Drugs used for detecting pregnancy, treating breast cancer, easing women through menopause and preventing natural abortions are doubling as morning-after pills.

All contain potent estrogens which, in massive doses, interfere with pregnancy by blocking implantation of a fertilized egg in the uterus. They are effective only during the first five or six days after intercourse, before implantation takes place.

IN LIMITED trials with women, Yale University researchers last year demonstrated that an estrogen compound called diethylstilbestrol is an effective morning-after drug. Patient use during the year since that initial report confirms the fact that 25 milligrams of diethylstilbestrol are 100 percent effective in preventing pregnancy when taken within six days after intercourse, according to Dr. John McLean Morris, who headed the team. Other estrogen compounds are also effective in proper doses.

None of these drugs are available without a doctor's prescription; frequent use is considered hazardous, and the drugs should not be taken without close medical supervision, he said.



ALTHOUGH the FDA prohibits drug companies from advertising or recommending estrogens as morning-after pills, physicians may prescribe them.

"FDA regulates the drug industry, not the practice of medicine," an FDA offical says.

In spite of the fact that research scientists and a growing number of physicians recognize the role of estrogens as after-the-fact birth control agents, it is by no means common knowledge, Dr. Morris said.

Though none of the experts suggest that morning-after pills will ever replace other methods of contraception, they find them extremely vauable in emergency cases. When used in such situations, large onetime doses of estrogens are both safe and effective, though they are likely to produce nausea and vomiting. Frequent or continuous usage, however, is dangerous, making morning-after therapy unacceptable as a substitute for contraception.

BEFORE YOUR BABY COMES

Conditions For Each Baby Different And So Are You

Third in a 10-part series on care during pregnancy for a healthy child and mother, written by Virginia Apgar, M.D. for the National Foundation, March of Dimes.

It would be nice if, after you had your first baby, you would know all about having babies. But it doesn't work that way.

When you're having your second baby, you're not building it in the same body you had when your first baby was growing within you. The condition of your body changes between babies. The conditions for each baby are different, because you are different.

THERE HAS NEVER been another woman just like you, when it comes to having a baby. Not even your own mother — much less the girl you went to school with, or work with, or your best friend. Remember that.

You'll hear a lot of talk — from family, from friends, from other women in the doctor's office or at the clinic. Listen — to be polite. But don't listen to their advice. The same doctor may give different advice to another woman. She's not you.

You wouldn't or shouldn't take medicine given someone else. So don't take advice that was given someone else. It could be dangerous — for your baby and for you.

YOU WANT AS healthy a baby as possible. You want to be — and stay — as healthy as possible. What's the best way to try for a healthy baby and a healthy you? By getting medical care which is called prenatal care. Before-the-birth-of-the-baby care. Your doctor knows how important this kind of care is.

It won't always be easy to go see your doctor — or to the prenatal clinic — and keep going regularly. You may have to wait at bus-stops. You may have to walk blocks or miles — in all kinds of weather.

If you have other children you may have to beg or pay somebody to stay with them while you are away. Your work may seem doubled — your time, cut in half. You may have to take time from your job and be docked for doing it.

IF YOU GO TO A CLINIC you may find it crowded. You may be asked to come early — and then have to wait and wait and wait.

You may get tired — and mad — and sad. You may even begin to think that nobody there cares about you — that the whole thing is a waste of time.

Things that wouldn't bother you, if you weren't having a baby, may begin to look worse than they are. You become more sensitive and your feelings get hurt easier. You may even think you're being "pushed around" — or ignored — or neglected.

IS IT WORTH IT?

Yes! Every bit of it. Every hour of it — even if you see the doctor for only two minutes after waiting three hours!

Why? Because during a two-minute examination he might find a change in your condition since the last time you were in. A change that may change the directions and advice he gives you. For your own good. For the good of your baby.

Start 'em young on Lamb

You want your children to enjoy and appreciate the good things of life. Lamb is one of them. You want them to stoke up on body-building foods. Lamb belongs in their diet. You want to find fun and satisfaction in your role as wife-mother-cook. Tender, young lamb can be one of your successes.

How to succeed with Lamb Shoulder Chops

Marinate 4 lamb shoulder chops, cut about 1 inch thick, in your favorite oil and vinegar dressing. Chill 2 or 3 hours, turning lamb occasionally. Broil 3 to 5 inches from source of heat for 10 to 12 minutes. Turn lamb and cook 10 to 12 minutes more, or until it's as done as your family likes it. Recommended: lamb nicely browned on the outside, a little bit pink in the middle.

The Loneliness Of Old Age

By BETTY FROST

"Elderly patients are hungry for human contacts," the Rev. Fordyce Eastburn, chaplain at St. Luke's Hospital in San Francisco, told SERVE volunteers yesterday at their first anniversary meeting at Tiburon Baptist Church.

The chaplain, who is also professor of pastoral theology at the Church Divinity School of the Pacific in Berkeley, commended the women from six Tiburon Peninsula churches who are bringing a program of assistance to patients at the Marin Rehabilitation and Convalescent Hospital in Tiburon, when he spoke on "Patient-Volunteer Relations."

THE REAL question in this era of increased longevity is how to grow old gracefully, he said. "It takes grace to accept the changes of age. Life does not deal equally with everyone. You have to take the cards that are dealt you and play them the best you can.

"There is no remedy for the loneliness of old age," he continued. "Often those with whom the elderly shared meaningful relationships are gone. The patients have lost the things they held onto in the past. They need someone to listen. Giving acceptance, support and strength can make a difference in the lives of these people."

HE ENCOURAGED the volunteers to be honest. When the opportunity comes for the patient to talk about things that are on their minds — their failing physical and mental powers, the imminence of death — the volunteer should take it seriously. Having outlived friends and family members, the patient may also be far away from his own children. The volunteer may be the only one to take his problems seriously. The visit of a volunteer may be the great part of the wealth of a patient's week," the clergyman said.

MRS. DICKERSON McAFEE, SERVE chairman, announced that a craft program will begin, with patients working on small projects for Christmas.

Youth Fellowship To Give Program

A presentation, "Almost a Moon in Moccasins" will be given Monday at 7:30 p.m. for the women's societies of the Methodist Church of Mill Valley.

It will be made by members of the church's Methodist Youth Fellowship who spent a month last summer at the Round Valley Indian Reservation at Covelo. Slides will show the young people on work projects and enjoying fellowship with the Indians.

It will be a joint meeting of the Woman's Society of Christian Service and the Wesleyan Service Guild held in the church Fellowship Hall.

HELEN HELP US!

By HELEN BOTTEL

A Call For Christmas Cards For Servicemen In Vietnam

DEAR HELEN:

May I ask your help once again? Your readers have already sent some 50,000 letters to unknown Servicemen in Vietnam, so I am sure they will respond to our Christmas Call.

Vietnam Mail Call has launched the 1967 drive for Christmas cards to be forwarded to U.S. troops. We hope churches, clubs, schools, colleges, organizations of all kinds, as well as individuals, will mail us their cards. Please mail them early so that they may all be delivered during the holidays. They will be held in Vietnam until the proper time.

Those fine young men who will spend Christmas in the sniper-infested swamps of South Vietnam do not set U.S. policy. They get lonely, they sweat, they bleed — and many will die. Seasons greetings from fellow Americans will lighten the burden they bear.

This year we will mail Christmas cards to 27 hospitals, 10 USO's, all major units, ships at sea, and also to individuals.

Each card must be signed and a return address given. Organizations may box up large numbers of cards and send them to us parcel post; but we ask that each writer include five cents per card to help with overseas postage. A personal note enclosed with the card is always appreciated . . . and is more apt to get a reply.

We're sorry, but we aren't equipped to send gift packages overseas. Send cards and letters, to:

VIETNAM MAIL CALL,
Box 3104-A
Columbus, Georgia, 31903

Thank you again, Helen — and sincere thanks to all your readers who have cheered our Servicemen in the past. — **PAUL STEWART**, Coordinator, Vietnam Mail Call.

DEAR READERS:

To thosse well-organized gals who have already stocked Christmas cards in October: Please send a few off the top to Vietnam Mail Call.

To others, like me, who wait till later: Please put the Mail call address at the top of your Christmas card list so that you won't forget it. And mail your message to Servicemen as soon as possible. Holiday delivery can be mighty slow. — H.

DEAR HELEN:

I dont' know which is hardest — getting my kids to work around the house or keeping my husband from doing it for them. He's the type who thinks you should ask a child once, then "shame" him by taking over the job. Example: He told our son to wash the car. Son said, "Okay," but got tied up on the phone and then "forgot." Did his Dad remind him? No! The poor dear martyr popped out and did it himself. Did it teach son a lesson? Only that if he drags his feet long enough, he gets out of work. . . and with a good excuse, "I was going to, but Dad didn't give me time."

My husband says he'd rather do it than nag about it. I say it takes a bit of nagging to make children face up to their duties. Who's right?

—FOR REMINDERS

DEAR F.R.:

My vote goes to your side. No child can respect a martryed easy mark. Moreover, he'll soon resent him, for he senses his dad is trying to show him up.

Vive le nag!—H.

DEAR HELEN:

Aren't toothpicks supposed to be a private affair? My sister-in-law uses one at the table. That's bad enough, but then she lets it hang from her mouth as she's walking out of the restaurant. At home she has a toothpick drooping from the corner of her mouth most of the time. Her husband chides her for it and she says it's no worse than his cigarettes.

What,s the answer?

— EMBARRASSED

DEAR EMB.:

No worse — certainly not as hazardous — but toothpicks aren't as socially acceptable as cigarettes, and one hanging from the lips is not exactly couth. Why doesn't her husband suggest they BOTH kick their habits . . .Which I'm quite sure is what she has in mind. — H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen Help You! She will also welcome your own amusing experiences. Address Helen Bottel in care of the Independent-Journal.

HELEN HELP US!

A Call For Christmas Cards For Servicemen In Vietnam

DEAR HELEN:

May I ask your help once again? Your readers have already sent some 50,000 letters to unknown Servicemen in Vietnam, so I am sure they will respond to our Christmas Call.

Vietnam Mail Call has launched the 1967 drive for Christmas cards to be forwarded to U.S. troops. We hope churches, clubs, schools, colleges, organizations of all kinds, as well as individuals, will mail us their cards. Please mail them early so that they may all be delivered during the holidays. They will be held in Vietnam until the proper time.

Those fine young men who will spend Christmas in the sniper-infested swamps of South Vietnam do not set U.S. policy. They get lonely, they sweat, they bleed — and many will die. Seasons greetings from fellow Americans will lighten the burden they bear.

This year we will mail Christmas cards to 27 hospitals, 10 USO's, all major units, ships at sea, and also to individuals.

Each card must be signed and a return address given. Organizations may box up large numbers of cards and send them to us parcel post; but we ask that each writer include five cents per card to help with overseas postage. A personal note enclosed with the card is always appreciated . . . and is more apt to get a reply.

We're sorry, but we aren't equipped to send gift packages overseas. Send cards and letters, to:

VIETNAM MAIL CALL,
Box 3104-A
Columbus, Georgia, 31903

Thank you again, Helen — and sincere thanks to all your readers who have cheered our Servicemen in the past. — **PAUL STEWART**, Coordinator, Vietnam Mail Call.

DEAR READERS:

To thosse well-organized gals who have already stocked Christmas cards in October: Please send a few off the top to Vietnam Mail Call.

To others, like me, who wait till later: Please put the Mail call address at the top of your Christmas card list so that you won't forget it. And mail your message to Servicemen as soon as possible. Holiday delivery can be mighty slow. — H.

DEAR HELEN:

I dont' know which is hardest — getting my kids to work around the house or keeping my husband from doing it for them. He's the type who thinks you should ask a child once, then "shame" him by taking over the job. Example: He told our son to wash the car. Son said, "Okay," but got tied up on the phone and then "forgot." Did his Dad remind him? No! The poor dear martyr popped out and did it himself. Did it teach son a lesson? Only that if he drags his feet long enough, he gets out of work. . . and with a good excuse, "I was going to, but Dad didn't give me time."

My husband says he'd rather do it than nag about it. I say it takes a bit of nagging to make children face up to their duties. Who's right?

—**FOR REMINDERS**

DEAR F.R.:

My vote goes to your side. No child can respect a martryed easy mark. Moreover, he'll soon resent him, for he senses his dad is trying to show him up.

Vive le nag!—H.

DEAR HELEN:

Aren't toothpicks supposed to be a private affair? My sister-in-law uses one at the table. That's bad enough, but then she lets it hang from her mouth as she's walking out of the restaurant. At home she has a toothpick drooping from the corner of her mouth most of the time. Her husband chides her for it and she says it's no worse than his cigarettes.

What,s the answer?

— **EMBARRASSED**

DEAR EMB.:

No worse — certainly not as hazardous — but toothpicks aren't as socially acceptable as cigarettes, and one hanging from the lips is not exactly couth. Why doesn't her husband suggest they BOTH kick their habits . . .Which I'm quite sure is what she has in mind. — H.

Israel Program For Hadassah

Meacham-Chapman Nuptials

Carol Phyllis Chapman of Mill Valley became the bride of Gerald Edward Meacham on Saturday afternoon at Holy Innocent's Episcopal Church in Corte Madera.

Her sister, Mrs. Charles H. Wix of La Palma, was matron of honor. They are daughters of Mr. and Mrs. Harvey M. Chapman of Mill Valley.

The other attendants were Kathryn Wellington of Long Beach as bridesmaid and Sheryl Wix, the bride's niece, as flower girl.

The bride wore a peau de soie gown inset with Irish lace on the skirt. Her sister and Kathryn wore avocado green linen A-line dresses.

Charles Wix served as best man, and ushering was Phillip H. Chapman of Fairfax, the bride's brother.

A reception was given in the garden of the Chapman home in Mill Valley.

The bride is a graduate of Tamalpais High School and San Francisco State College, and her husband attended Sacred Heart High School in Waterbury, Conn. and Heald's College, San Francisco. He is the son of Charles W. Meacham of Northbrook, Ill. and the late Mrs. Meacham.

Supervisor To Ask Meeting In West Marin

Thomas T. Storer, chairman of the county board of supervisors, told members of Marin Coast Chamber of Commerce at a meeting in Olema last night that he would try to have the supervisors meet in West Marin soon.

In response to questions from chamber members about county matters, Storer said he thought holding a board meeting in West Marin would familiarize residents there with the supervisors' activities, according to Mrs. Emma Benevenga, chamber secretary.

After those present expressed dissatisfaction with the way planning matters are handled by county officials in West Marin, Storer said he would investigate this. He also answered questions about the War on Poverty and said that, as far as he knew, West Marin is not scheduled for participation in this program.

Judy Garland Splits With Pals Over Jet Set Game

LONDON (AP) — Judy Garland flew across the Atlantic to London today, said her traveling companions were too rowdy and got on the next plane back to New York. The row started over a game of gin rummy.

The temperamental singer flew from New York with Raymond Filiberti, who owns the production company for which Miss Garland works, and Filiberti's wife.

As she stepped off the plane, Miss Garland announced: "I want to go straight back again." Filiberti told newsmen that Miss Garland's 13-year-old son Joey had been taken ill with a virus infection. He said he would fly back with her.

But a half-hour before the plane was due to take off, Miss Garland summoned a reporter, denied that Joey was ill and said the Filibertis had spent two hours on the plane "fighting like mad."

Told the Filibertis also were going back to New York, Judy snapped: "Not on my plane they don't. Oh, no."

And that's what happened. Miss Garland got on Pan American Flight 101, the Filibertis on Flight 103 two hours later.

Policemen Will Get Passes To Cove Play

Marin law enforcement officials will be allowed in free to see the thriller, "Catch Me If You Can," at the Main Street Theater, Tiburon.

The Tiburon Cove Players will present the play's Bay Area premiere engagement each Friday and Saturday this month at 9 p.m. Police officers get in free by booking in advance and showing credentials.

Mills Concert

Musical selections including "Benjamin Franklin, the Insides of the Piano and Jazz" will be presented by the Mills Performing Group Friday at 8 p.m. in the College of Marin theater in the fine arts complex. It is in the college's concert and lecture series.

Marin Ballet Readies 'Nutcracker' Program

The ninth annual production of the "Nutcracker" will be presented by the Marin Civic Ballet Dec. 16 and 17 at the San Rafael High School auditorium. Matinee and evening performances will be given both days.

Leona Norman, artistic director for the ballet, announced the cast will be members of the ballet and apprentice group members, with several guest artists.

Mill Valley Sets Theater Workshop

An 18-week theater workshop co-sponsored by the Mill Valley Parks and Recreation department and Mill Valley Center for the Performing Arts will open next week.

The workshop will be held from 7:30 to 10:30 p.m. Mondays and Wednesdays in the music room of Edna Maguire School.

Director will be Gary Philp, former director of the San Jose Playhouse, the Play Goers Theater in Los Angeles, and the "Outside at the Inside" in Palo Alto, and assistant director for Anthony Quinn's workshop.

The first 12 weeks will be workshop and training, and the final six weeks will involve producing a play sponsored by the Center for the Performing Arts.

The play will be selected from those used in the workshop, which will include "Medea," "Lysistrata," "Antigone," "Othello," "The Importance of Being Earnest," and "Pygmalion."

Students may register by telephone or in person at the parks and recreation department office.

MEDICAL INFLATION?

Doctors' Fees Likely To Continue Increase

WASHINGTON (AP) — Doctors' fees, which nave increased spectacularly in the last year, are likely to continue rising sharply, government officials say.

And doctors' incomes—top among professions—are increasing even faster than their fees.

Federal officials express concern about doctor fees and other medical costs. They are encouraging such changes as more group practice by doctors and use of more physician assistants. But they say it will be years before such changes could have a major impact on fees.

The medical-cost outlook for the American public appears grim.

DEMAND RISING

Demand for doctors' services is expected to increase by one-third between 1965 and 1975, according to the so-called Gorham Report on medical costs, submitted to President Johnson earlier this year.

The supply of doctors for the period is expected to increase by only 17 per cent—and not even that much for family doctors.

As the demand for doctors' services runs ahead of the supply of doctors, the report says "this exerts pressure" which leads them to raise fees.

Doctors' fees increased for years at about the same pace as wages. But in 1966, they jumped 7.8 per cent. And the latest Bureau of Labor Statistics figures show an increase of 8.9 per cent from August 1966 to August this year.

WHY INCOME UP

Doctors' income apparently has been rising much faster because they work more and because of Medicare. Under Medicare, doctors can charge full fees to elderly patients many traditionally had undercharged. The same is true for low-income patients qualifying for the new Medicaid program.

Reliable figures on doctors' salaries are scarce. The Bureau of Labor Statistics, admitting its information is sketchy, says the annual income of doctors in private practice in 1966 appeared to be between $20,000 and $27,000 generally.

AFL-CIO President George Meany, charging last week "there is no excuse whatsoever for this relentless escalation in physicians' fees," said doctors make $35,000 to $40,000 a year.

Meany said in a letter to Secretary John W. Gardner of the Department of Health, Education and Welfare that Medicare is in part responsible for the increases.

Bandit Suspect Changes Plea

Guilty plea to grand theft was entered in Marin Superior Court yesterday by Steve Howard, 20, originally charged with armed robbery.

Judge Joseph G. Wilson scheduled sentencing for Nov. 13.

Howard, of Marin City, was to have started jury trial yesterday for robbery, charged with taking $230 from L. D. Blatz at Community Store, 371 Shoreline Highway, Tamalpais Valley, on Feb. 17.

He was tried on the robbery charge in May, but a mistrial resulted after a juror was the victim of an assault in Mill Valley.

Boobytrap Blamed For Injuring Boys

BATON ROUGE, La. (AP) — State police said yesterday tests prove that an explosion which injured two boys near a gun club at Bastrop, La., was a boobytrap set to go off when a side door opened.

The youngsters—Homer Bullock, 14, and Glenn Brown, 12—were hurt Sunday when they tried to open aside door at the clubhouse, located in a wooded area.

Supervisor To Ask Meeting In West Marin

Thomas T. Storer, chairman of the county board of supervisors, told members of Marin Coast Chamber of Commerce at a meeting in Olema last night that he would try to have the supervisors meet in West Marin soon.

In response to questions from chamber members about county matters, Storer said he thought holding a board meeting in West Marin would familiarize residents there with the supervisors' activities, according to Mrs. Emma Benevenga, chamber secretary.

After those present expressed dissatisfaction with the way planning matters are handled by county officials in West Marin, Storer said he would investigate this. He also answered questions about the War on Poverty and said that, as far as he knew, West Marin is not scheduled for participation in this program.

Judy Garland Splits With Pals Over Jet Set Game

LONDON (AP) — Judy Garland flew across the Atlantic to London today, said her traveling companions were too rowdy and got on the next plane back to New York. The row started over a game of gin rummy.

The temperamental singer flew from New York with Raymond Filiberti, who owns the production company for which Miss Garland works, and Filiberti's wife.

As she stepped off the plane, Miss Garland announced: "I want to go straight back again." Filiberti told newsmen that Miss Garland's 13-year-old son Joey had been taken ill with a virus infection. He said he would fly back with her.

But a half-hour before the plane was due to take off, Miss Garland summoned a reporter, denied that Joey was ill and said the Filibertis had spent two hours on the plane "fighting like mad."

Told the Filibertis also were going back to New York, Judy snapped: "Not on my plane they don't. Oh, no."

And that's what happened. Miss Garland got on Pan American Flight 101, the Filibertis on Flight 103 two hours later.

The first 12 weeks will be workshop and training, and the final six weeks will involve producing a play sponsored by the Center for the Performing Arts.

The play will be selected from those used in the workshop, which will include "Medea," "Lysistrata," "Antigone," "Othello," "The Importance of Being Earnest," and "Pygmalion."

MEDICAL INFLATION?

Doctors' Fees Likely To Continue Increase

WASHINGTON (AP) — Doctors' fees, which nave increased spectacularly in the last year, are likely to continue rising sharply, government officials say.

And doctors' incomes—top among professions—are increasing even faster than their fees.

Federal officials express concern about doctor fees and other medical costs. They are encouraging such changes as more group practice by doctors and use of more physician assistants. But they say it will be years before such changes could have a major impact on fees.

The medical-cost outlook for the American public appears grim.

DEMAND RISING

Demand for doctors' services is expected to increase by one-third between 1965 and 1975, according to the so-called Gorham Report on medical costs, submitted to President Johnson earlier this year.

The supply of doctors for the period is expected to increase by only 17 per cent—and not even that much for family doctors.

As the demand for doctors' services runs ahead of the supply of doctors, the report says "this exerts pressure" which leads them to raise fees.

Doctors' fees increased for years at about the same pace as wages. But in 1966, they jumped 7.8 per cent. And the latest Bureau of Labor Statistics figures show an increase of 8.9 per cent from August 1966 to August this year.

WHY INCOME UP

Doctors' income apparently has been rising much faster because they work more and because of Medicare. Under Medicare, doctors can charge full fees to elderly patients many traditionally had undercharged. The same is true for low-income patients qualifying for the new Medicaid program.

Reliable figures on doctors' salaries are scarce. The Bureau of Labor Statistics, admitting its information is sketchy, says the annual income of doctors in private practice in 1966 appeared to be between $20,000 and $27,000 generally.

AFL-CIO President George Meany, charging last week "there is no excuse whatsoever for this relentless escalation in physicians' fees," said doctors make $35,000 to $40,000 a year.

Meany said in a letter to Secretary John W. Gardner of the Department of Health, Education and Welfare that Medicare is in part responsible for the increases.

Bandit Suspect Changes Plea

Guilty plea to grand theft was entered in Marin Superior Court yesterday by Steve Howard, 20, originally charged with armed robbery.

Judge Joseph G. Wilson scheduled sentencing for Nov. 13.

Howard, of Marin City, was to have started jury trial yesterday for robbery, charged with taking $230 from L. D. Blatz at Community Store, 371 Shoreline Highway, Tamalpais Valley, on Feb. 17.

He was tried on the robbery charge in May, but a mistrial resulted after a juror was the victim of an assault in Mill Valley.

Boobytrap Blamed For Injuring Boys

BATON ROUGE, La. (AP) — State police said yesterday tests prove that an explosion which injured two boys near a gun club at Bastrop, La., was a boobytrap set to go off when a side door opened.

The youngsters—Homer Bullock, 14, and Glenn Brown, 12—were hurt Sunday when they tried to open aside door at the clubhouse, located in a wooded area.

THE MISSION'S OWN BLOOM

A new white spider chrysanthemum has been named by the Chrysanthemum Society of Marin "Mission San Rafael" in honor of the 150th anniversary of the founding of Mission San Rafael Arcangel. Here, Rev. Thomas I. Kennedy accepts the tribute at the Holy Family Shrine from Lafayette Noah, president of the society.

San Rafael's Biggest-Ever Parade Due For Festival

Eleven bands, more than have ever participated in a San Rafael parade, will march in the Mission Jubilee Fiesta parade Oct. 22, according to Arthur Hecht, parade chairman. The event will be part of the celebration of the 150th anniversary of San Rafael Mission.

The parade is scheduled to start at 11:30 a.m. at Fifth Avenue and G Street and will move east on Fourth Street, passing judges's stands in Courthouse Square and ending at San Rafael High School.

Several drill teams and drum corps, including seven military units and bands, have been entered in the parade, Hecht said, and there will also be sheriffs' posses from Bay Area counties, fraternal marching units, floats, mounted units and horse-drawn vehicles.

Judges will be representatives of the National Association of Parade Judges from San Francisco, Marin residents assisting them will include William R. Seeger, Noel F. Giacomini, B. J. Brusatori, James Bradley, Irving Chapman, Romolo Brusato and Jack Streckfus.

After the parade there will be a deep-pit barbecue at St. Peter Chanel Seminary on Grand Avenue.

Homestead Improvers Request Stop Signs

The Homestead Valley Improvement Club last night agreed to seek four-way stop signs for the intersection of Melrose and LaVerne avenues, a blind intersection where an accident occurred last weekend.

Club officers will write to Marin County Supervisor Peter H. Behr and County Public Works Director Donald Frost asking for the signs.

The club also announced plans for a potluck dinner and meeting Oct. 28 with County Planning Director Paul C. Zucker as guest speaker. Zucker will speak on the proposed second deck for the Golden Gate Bridge. Dinner will be at 6:30 p.m. and Zucker will speak at 8.

The club ordered letters written to the board of supervisors opposing a proposal to establish a special service district in unincorporated areas to pay for sheriff's services.

A plan to merge plublication of the club paper, Homestead Headlines, with the Homestead Parent-Teacher Association paper was discussed and the two monthlies' staffs were asked to work out details.

Family Unit Work Finds A Defender

The proposed dropping of the Marin County Family Rehabilitation Center has been called "unfair and untimely" by Mrs. Larry Mishkind, president of the Marin Association for Mental Health in a letter to Thomas T. Storer, chairman of the board of supervisors.

In her letter yesterday, she said the association was convinced FRC must continue as a residential center "for the growing number of adolescents needing treatment in a residential setting.

"Phasing it out would leave Marin with the same youngsters, still needing some special treatment and with no alternative place to refer them," she said.

Mrs. Mishkind asserted the association shared "the uneasiness" of other taxpayers over the small number of youths thus far treated at FRC.

"However, if the base of admission were boradened and communications clarified between the center and referring agencies it would be used to capacity. It should not be necessary nor is it wise to wait until a youngster becomes a confirmed car thief or worse, to admit him for treatment."

The association president considered there was no justification for taking over the $360,000 FRC building for a new girls wing at Juvenile Hall.

Mrs. Jerrol Flood and Eugene Ostaggi, both of Ross, were elected Monday to two vacant member-at-large seats on the Marin Art and Garden Center board.

ASSESSMENT CUT HEARINGS GO ON

Appeals Board Action On 52 Cases So Far Leads To 13 Denials, $110,500 In Trims

Twenty-four more Marin County taxpayers are scheduled to appear before the Assessment Appeals Board this Friday at the board of supervisors chambers in the Civic Center.

The pace thus far has been slow, but the board hopes to speed the process somewhat beginning Oct. 20, when the all-day session will be followed by an evening session from 7 to about 10 p.m. Members of the appeals board are Chairman Julius H. Selinger, James McConnell, David Cohn and alternate Edward P. Morphy.

HOW IT STANDS

Here is the overall picture of how the assessment appeals are proceeding after three meetings held thus far:

Of the total 1,440 appeals originally submitted, 536 were "settled out of court," so to speak, by concurrence between the taxpayers and the assessor's office. However, 107 of the concurrences are still under review by the appeals board.

Of the remaining 904 appeals, 52 have been heard and two petitioners failed to keep their appointments, Assessor Bert W. Broemmel reported.

This means that 850 more appeals are still to be processed. "We'd like to wind up by February, but may have to struggle into March," said Broemmel. "The law says this will go on until concluded, but from a practical point of view, it is desirable to complete the hearings before the new tax roll is delivered." The assessor pointed out that properties are valued as of the first Monday in March for the new tax roll.

$110,500 TRIM

Of the 52 appeals heard so far, 13 were denied tax deductions, and 39 were granted reductions. Total reductions requested was $275,976 in market value. The appeals board granted total reductions amounting to $110,500 in market value, or $25,415 assessed value, which comes to about $2,250 in actual taxes.

Mrs. Mona Elder, assistant appeals board clerk, said that many taxpayers are beginning to telephone her, wondering why they have not been called in for a hearing.

Mrs. Elder is mailing out postcards to each appellant, informing him that his application is on file, and he will be notified in writing at least five days in advance of hearing.

FRIDAY HEARINGS

Friday's hearing schedule has two appellants from San Rafael and the rest from Sausalito.

The Oct. 20 hearing involves properties in San Rafael and Novato. The assessor explained that an attempt is made to schedule properties from the same general area so that the appraiser who handled that area will be able to cover several cases at one sitting.

Glass Door Crash Cuts Boy

John Barrow, 7, of Overlood Drive, Bolinas, was reported in good condition today at Marin General Hospital after receiving multiple cuts yesterday when he ran into a glass door at a neighbor's house.

The boy was injured at 4:50 p.m. yesterday at the Robert Callagy home on Dogwood Drive when he ran through the closed door. Bolinas firemen gave first aid until an ambulance took him to the hospital.

He was cut on the head and arms, according to firemen.

Patient Flown To Hospital

Alfred S. Newark, 55, of 116 Gloria Drive, San Rafael, who reportedly suffered a severe heart attack while on a visit to Monument Valley, Utah, entered the University of California Hospital, San Francisco, yesterday.

Newark had been a patient in a hospital on the Arizona-Utah border for five weeks and was flown yesterday to San Francisco by both private plane and commercial airline.

Hospital officials said that Newark was undergoing tests today and declined to give his condition other than that he was "doing o.k."

Tam Shooting Blamed On Suitor Feud

Rivalry for the affections of a 17-year-old Tamalpais High School girl was believed today to be the cause of a burst of four high-caliber gunshots on the campus Monday, sheriff's officers said.

Lt. Harvey E. Teague, head of the sheriff's juvenile bureau, said he and Inspector Charles L. Prandi learned the girl was one of several witnesses to the incident and questioned her yesterday.

He said she told them the car — bearing four youths and a girl — from which the shots were fired was from San Francisco.

Intended victims were believed to be Joseph (Junnie Boy) Fusilier and James Huff, both reportedly of Marin City. No one was injured.

Deputies said the car pulled up on Miller Avenue across from tennis courts at the school about 12:20 p.m. Monday, and the shots were apparently fired at Huff and Fusilier who were eating lunch in or near another car. Teague said he has not yet been able to talk with Huff and Fusilier, but plans to.

Officers also are seeking further identification of the car in which the quintet rode.

Schools To Have Fire House Link

Fire alarm systems of three schools within the Terra Linda Community Services District will soon have a direct hookup with the Terra Linda firehouse.

Chairman Neal Harding of the Terra Linda CSD board of directors last night authorized Fire Commissioner Richard Less to proceed with the installation of a direct fire alarm hookup for Santa Margarita, Marindale and Bernard Hoffman schools.

Mrs. Cleo D. Murray, district secretary, said the work will be started immediately, and the project should be completed in about a month.

Minority Jobs Being Surveyed

The Employment Committee of the Marin Human Rights Commission met last night at the Civic Center to continue its survey of the opportunities offered in the county for minority employment and training.

Committee Chairman Richard Harding of Mill Valley reported that nine questionnaires sent to various employment agencies like the California State Employment Office have been returned so far, and nine more are still to come.

The committee will meet again at 8 p.m. in the Civic Center on Oct. 24 to receive the balance of the questionnaire replies.

One-Time Sailor In Juvenile Hall

A 17-year-old crewman of a Greek freighter was booked into Marin County Juvenile Hall last night after being found washing dishes in a San Rafael restaurant. He had entered the country illegally, said police.

The youth was reported to have jumped ship at Pittsburg and was discovered by police acting on a tipoff.

Vietnam Hero's Survivors To Receive Medals In Rite

Three young children and the widow of a 28-year-old Mill Valley Army captain who was killed in Vietnam on Aug. 6 will receive the Silver Star, Bronze Star and the Purple Heart for him tomorrow at the Sixth Army's Presidio of San Francisco.

The children and widow of Capt. Earle A. Drake also will receive his regular Army commission, for which he had applied.

The captain's widow is Nettie B. Drake, and his children are Michael, 8, Kenneth, 7, and Deanna, 6. They live at 56 Shell Road, Mill Valley. His parents, Mr. and Mrs. Dayton D. Drake of Sacramento, will be at the ceremony, at 10:30 a.m. at the flagpole of the Presidio.

Capt. Drake was buried in Arlington National Cemetery, Washington, D.C.

The Sixth Army said the Silver Star is being awarded to Drake for valor in action with the 25th Infantry Division of Trung Lap in Vietnam.

He was advised by aerial reconnaissance that a group of Viet Cong were fleeing down a trail in the area. He led a pursuit of the Viet Cong, and in an open field, one of his armored personnel carriers was hit and began burning.

Capt. Drake ran into the open to pull a wounded man from the crippled vehicle.

Debris Pickup Boat To Be Repaired

Diesel Engineering and Maintenance of Sausalito has been awarded an $8,025 contract to overhaul and repair the bay derrick boat, "Raccoon," U. S. Army Corps of Engineers announced today. The "Raccoon" is used by the corps to pick up debris floating in San Francisco Bay and Oakland Estuary.

The government estimate for this annual job was $8,901.

$50,000 Damage Suit Over Golf Injury

A Novato real estate salesman has filed a $50,000 damage suit against a golfer and Marin Country Club, Novato, for injuries he suffered last Oct. 12.

The Marin Superior Court complaint by George Paolini, 75 Carnoustie Drive, charges Louis Nave, 405 Fairway Drive, Novato, negligently wielded a golf club in a public walkway of the club, striking him in an eye.

THE MISSION'S OWN BLOOM

A new white spider chrysanthemum has been named by the Chrysanthemum Society of Marin "Mission San Rafael" in honor of the 150th anniversary of the founding of Mission San Rafael Arcangel. Here, Rev. Thomas I. Kennedy accepts the tribute at the Holy Family Shrine from Lafayette Noah, president of the society.

San Rafael's Biggest-Ever Parade Due For Festival

Eleven bands, more than have ever participated in a San Rafael parade, will march in the Mission Jubilee Fiesta parade Oct. 22, according to Arthur Hecht, parade chairman. The event will be part of the celebration of the 150th anniversary of San Rafael Mission.

The parade is scheduled to start at 11:30 a.m. at Fifth Avenue and G Street and will move east on Fourth Street, passing judges's stands in Courthouse Square and ending at San Rafael High School.

Several drill teams and drum corps, including seven military units and bands, have been entered in the parade, Hecht said, and there will also be sheriffs' posses from Bay Area counties, fraternal marching units, floats, mounted units and horse-drawn vehicles.

Judges will be representatives of the National Association of Parade Judges from San Francisco, Marin residents assisting them will include William R. Seeger, Noel F. Giacomini, B. J. Brusatori, James Bradley, Irving Chapman, Romolo Brusato and Jack Streckfus.

After the parade there will be a deep-pit barbecue at St. Peter Chanel Seminary on Grand Avenue.

Homestead Improvers Request Stop Signs

The Homestead Valley Improvement Club last night agreed to seek four-way stop signs for the intersection of Melrose and LaVerne avenues, a blind intersection where an accident occurred last weekend.

Club officers will write to Marin County Supervisor Peter H. Behr and County Public Works Director Donald Frost asking for the signs.

The club also announced plans for a potluck dinner and meeting Oct. 28 with County Planning Director Paul C. Zucker as guest speaker. Zucker will speak on the proposed second deck for the Golden Gate Bridge. Dinner will be at 6:30 p.m. and Zucker will speak at 8.

The club ordered letters written to the board of supervisors opposing a proposal to establish a special service district in unincorporated areas to pay for sheriff's services.

A plan to merge plublication of the club paper, Homestead Headlines, with the Homestead Parent-Teacher Association paper was discussed and the two monthlies' staffs were asked to work out details.

Family Unit Work Finds A Defender

The proposed dropping of the Marin County Family Rehabilitation Center has been called "unfair and untimely" by Mrs. Larry Mishkind, president of the Marin Association for Mental Health in a letter to Thomas T. Storer, chairman of the board of supervisors.

In her letter yesterday, she said the association was convinced FRC must continue as a residential center "for the growing number of adolescents needing treatment in a residential setting.

"Phasing it out would leave Marin with the same youngsters, still needing some special treatment and with no alternative place to refer them," she said.

Mrs. Mishkind asserted the association shared "the uneasiness" of other taxpayers over the small number of youths thus far treated at FRC.

"However, if the base of admission were boradened and communications clarified between the center and referring agencies it would be used to capacity. It should not be necessary nor is it wise to wait until a youngster becomes a confirmed car thief or worse, to admit him for treatment."

The association president considered there was no justification for taking over the $360,000 FRC building for a new girls wing at Juvenile Hall.

Two Elected

Mrs. Jerrol Flood and Eugene Ostaggi, both of Ross, were elected Monday to two vacant member-at-large seats on the Marin Art and Garden Center board.

ASSESSMENT CUT HEARINGS GO ON

Appeals Board Action On 52 Cases So Far Leads To 13 Denials, $110,500 In Trims

Twenty-four more Marin County taxpayers are scheduled to appear before the Assessment Appeals Board this Friday at the board of supervisors chambers in the Civic Center.

The pace thus far has been slow, but the board hopes to speed the process somewhat beginning Oct. 20, when the all-day session will be followed by an evening session from 7 to about 10 p.m. Members of the appeals board are Chairman Julius H. Selinger, James McConnell, David Cohn and alternate Edward P. Morphy.

HOW IT STANDS

Here is the overall picture of how the assessment appeals are proceeding after three meetings held thus far:

Of the total 1,440 appeals originally submitted, 536 were "settled out of court," so to speak, by concurrence between the taxpayers and the assessor's office. However, 107 of the concurrences are still under review by the appeals board.

Of the remaining 904 appeals, 52 have been heard and two petitioners failed to keep their appointments, Assessor Bert W. Broemmel reported.

This means that 850 more appeals are still to be processed. "We'd like to wind up by February, but may have to struggle into March," said Broemmel. "The law says this will go on until concluded, but from a practical point of view, it is desirable to complete the hearings before the new tax roll is delivered." The assessor pointed out that properties are valued as of the first Monday in March for the new tax roll.

$110,500 TRIM

Of the 52 appeals heard so far, 13 were denied tax deductions, and 39 were granted reductions. Total reductions requested was $275,976 in market value. The appeals board granted total reductions amounting to $110,500 in market value, or $25,415 assessed value, which comes to about $2.250 in actual taxes.

Mrs. Mona Elder, assistant appeals board clerk, said that many taxpayers are beginning to telephone her, wondering why they have not been called in for a hearing.

Mrs. Elder is mailing out postcards to each appellant, informing him that his application is on file, and he will be notified in writing at least five days in advance of hearing.

FRIDAY HEARINGS

Friday's hearing schedule has two appellants from San Rafael and the rest from Sausalito.

The Oct. 20 hearing involves properties in San Rafael and Novato. The assessor explained that an attempt is made to schedule properties from the same general area so that the appraiser who handled that area will be able to cover several cases at one sitting.

Glass Door Crash Cuts Boy

John Barrow, 7, of Overlood Drive, Bolinas, was reported in good condition today at Marin General Hospital after receiving multiple cuts yesterday when he ran into a glass door at a neighbor's house.

The boy was injured at 4:50 p.m. yesterday at the Robert Callagy home on Dogwood Drive when he ran through the closed door. Bolinas firemen gave first aid until an ambulance took him to the hospital.

He was cut on the head and arms, according to firemen.

Patient Flown To Hospital

Alfred S. Newark, 55, of 116 Gloria Drive, San Rafael, who reportedly suffered a severe heart attack while on a visit to Monument Valley, Utah, entered the University of California Hospital, San Francisco, yesterday.

Newark had been a patient in a hospital on the Arizona-Utah border for five weeks and was flown yesterday to San Francisco by both private plane and commercial airline.

Hospital officials said that Newark was undergoing tests today and declined to give his condition other than that he was "doing o.k."

Tam Shooting Blamed On Suitor Feud

Rivalry for the affections of a 17-year-old Tamalpais High School girl was believed today to be the cause of a burst of four high-caliber gunshots on the campus Monday, sheriff's officers said.

Lt. Harvey E. Teague, head of the sheriff's juvenile bureau, said he and Inspector Charles L. Prandi learned the girl was one of several witnesses to the incident and questioned her yesterday.

He said she told them the car — bearing four youths and a girl — from which the shots were fired was from San Francisco.

Intended victims were believed to be Joseph (Junnie Boy) Fusilier and James Huff, both reportedly of Marin City. No one was injured.

Deputies said the car pulled up on Miller Avenue across from tennis courts at the school about 12:20 p.m. Monday, and the shots were apparently fired at Huff and Fusilier who were eating lunch in or near another car. Teague said he has not yet been able to talk with Huff and Fusilier, but plans to.

Officers also are seeking further identification of the car in which the quintet rode.

Schools To Have Fire House Link

Fire alarm systems of three schools within the Terra Linda Community Services District will soon have a direct hookup with the Terra Linda firehouse.

Chairman Neal Harding of the Terra Linda CSD board of directors last night authorized Fire Commissioner Richard Less to proceed with the installation of a direct fire alarm hookup for Santa Margarita, Marindale and Bernard Hoffman schools.

Mrs. Cleo D. Murray, district secretary, said the work will be started immediately, and the project should be completed in about a month.

Minority Jobs Being Surveyed

The Employment Committee of the Marin Human Rights Commission met last night at the Civic Center to continue its survey of the opportunities offered in the county for minority employment and training.

Committee Chairman Richard Harding of Mill Valley reported that nine questionnaires sent to various employment agencies like the California State Employment Office have been returned so far, and nine more are still to come.

The committee will meet again at 8 p.m. in the Civic Center on Oct. 24 to receive the balance of the questionnaire replies.

One-Time Sailor In Juvenile Hall

A 17-year-old crewman of a Greek freighter was booked into Marin County Juvenile Hall last night after being found washing dishes in a San Rafael restaurant. He had entered the country illegally, said police.

The youth was reported to have jumped ship at Pittsburg and was discovered by police acting on a tipoff.

Vietnam Hero's Survivors To Receive Medals In Rite

Three young children and the widow of a 28-year-old Mill Valley Army captain who was killed in Vietnam on Aug. 6 will receive the Silver Star, Bronze Star and the Purple Heart for him tomorrow at the Sixth Army's Presidio of San Francisco.

The children and widow of Capt. Earle A. Drake also will receive his regular Army commission, for which he had applied.

The captain's widow is Nettie B. Drake, and his children are Michael, 8, Kenneth, 7, and Deanna, 6. They live at 56 Shell Road, Mill Valley. His parents, Mr. and Mrs. Dayton D. Drake of Sacramento, will be at the ceremony, at 10:30 a.m. at the flagpole of the Presidio.

Capt. Drake was buried in Arlington National Cemetery, Washington, D.C.

The Sixth Army said the Silver Star is being awarded to Drake for valor in action with the 25th Infantry Division of Trung Lap in Vietnam.

He was advised by aerial reconnaissance that a group of Viet Cong were fleeing down a trail in the area. He led a pursuit of the Viet Cong, and in an open field, one of his armored personnel carriers was hit and began burning.

Capt. Drake ran into the open to pull a wounded man from the crippled vehicle.

Fairfax Citizen Raps Creek Debris Problem

A Fairfax resident, who paid the city for clearing creek debris from his property, wants the city to enforce its creek cleaning ordinance.

In a letter to the council, Gordon B. Adams of 475 Cascade Drive, said the city should immediately require property owners to clean out creeks as required by a city ordinance.

There is debris along the entire length of San Anselmo Creek that will inevitably wash down the creek, Adams said. "There is a large log and debris jam approximately 300 feet downstream from Canyon Road Bridge," he said.

Adams said that he paid the city $218.43 for removing debris from his property, although the debris had washed down from the upper reaches of the creek and an illegal bulkhead opposite his property was a contributing factor.

"It appears that no action has been taken by the city to require other persons to remove debris and log jams on their property," Adams said.

He said he understood that a section of the creek was cleaned by the city, and the property owner wasn't billed. The city should either collect for this job or return to him the money he paid for work on his property.

Adams also asked that his letter be read into council minutes and that there be discussion at a "full open meeting."

Adams' letter, dated Oct. 5, was not on the Fairfax City Council's agenda Monday night.

Councilman Peter R. Arrigoni Jr. said apparently the letter wasn't received in time to make the agenda deadline, but he would "make it a point to read it" at the next council meeting.

Even if it had been on the agenda, the council might not have gotten to it Monday night since the meeting ran late, and five or six matters, including two major reports, were postponed.

As for the debris removal Adams said should be billed to property owner, Arrigoni said the debris was on property owned by Max Friedman, operator of Marin Town and Country Club.

In this case, however, the obstruction was on a fish ladder, "constructed years ago" below the bridge access to the Marin Town and Country Club, Arrigoni said. As such, it wasn't the responsibility of the owner to remove it, but the responsibility of the city, he said.

Arrigoni said that he was advised by representatives of the state Fish and Game Department that the responsibility to keep fish ladders free of obstruction was that of the local government.

Adams has been "the most cooperative man I know along San Anselmo Creek, Arrigoni said.

Radio Panel Set On Marijuana

Two former district attorneys will be among those discussing laws governing marijuana on the KTIM "Marin Sounding Board" tomorrow from 9 to 10 a.m.

Speakers will be Roger Garety and William O. Weissich, both former Marin County district attorneys now in private practice; Michael Dufficy, also a local attorney, and Detective Sgt. Otto C. Haiungs of the Novato Police Department.

Questions are invited for the broadcast, which will be repeated at 9 p.m. tomorrow, announced Kitty Oppenheimer, conductor.

Institute Lists Danger Signs Of Heart Illness

WASHINGTON (AP) — Men who smoke heavily, have high blood pressure or high blood cholesterol levels may be as prone to heart disease as men 15 years older, a National Heart Institute study concludes.

Being overweight also adds to the risk of heart disease, but it's of lesser importance than the other conditions, the study found.

Men between the ages 30 and 62 were studied. Risk increases were most striking between 30 and 39.

The institute scientists found, on the average, a man could be considered as great a risk for heart disease as a man 15 years older if he smokes more than a package of cigarettes a day, has a blood cholesterol level twice the normal or has a systolic blood pressure 50 per cent above the normal 120.

Employment Rises Above 7.5 Million Mark In California

SACRAMENTO (AP) — The corps of California's civilian job holders climbed above 7.5 million last month for the first time and the unemployment rate decreased, state employment officials said yesterday.

The number of California's unemployed workers fell from 383,000 in August to 316,000 last month, the report said. Last month's unemployment rate was 4.9 per cent, the same as for September, 1966.

Unemployment during 1967 has been about 5,000 more than during the same period in 1966, the state report said. But September was the first time in six months that the unemployment rate did not exceed last year's levels, said Employment Director Peter Weinberger and Albert C. Beeson, industrial relations director.

Siren Wails To Sound At Hamilton

Hamilton Air Force Base and Raphael Village are not going to burn down at 9 a.m. Fiday, but many residents of Southern Novato may think so. Because all sirens on the base and in Raphael Village will be sounded at one time, according to base officials.

The wail is expected to carry all over Loma Verde, Marin Golf and Country Club Estates, and Bel Marin Keys.

This will be a base-wide fire drill to test every person's reaction to a fire anywhere on the base, according to Hamilton's fire chief, William H. Taft. It is being held in conjunction with National Fire Prevention Week.

Following the drill, the base fire department will give a demonstration of fire fighting techniques at 10 a.m. at the south end of Hangar 1.

Free movies on fire prevention for children will be shown at the base theater from 9:30 a.m. to 11 a.m. Saturday.

The base firemen's ball will start at 8 p.m. Saturday in Hangar 7 and will feature two orchestras. Katherine Graggaman, who was selected as "Miss Fire Prevention" by the firemen on the base, will be crowned queen of the ball.

Two Plead Guilty In Burglary Case

David W. Decker, 21, and Dennis M. Shuteroff, 20, pleaded guilty in Marin Superior Court yesterday to burglary. Sentencing was scheduled for Nov. 6.

Decker, of 224 Marin Street, San Rafael, and Shuteroff, of 204 Resak, Forest Knolls, burgled the home of Carl F. Lamerdin on Sir Francis Drake Boulevard, Forest Knolls, on May 5.

Fair Trial—Because Of Free Press

Over the past few years there has developed increasing discussion of an alleged conflict between freedom of the press and the guarantees of fair trial.

The agitation, stemming from a portion of the legal profession, has reached the point where the issue is labeled as "free press vs. fair trial."

It has resulted in various restrictions on court coverage, including the banning of cameras from superior courts in California. It has brought on a rash of "voluntary codes" covering publication of news about arrests, investigations, and trials — none of which seems to have worked very well. And a committee of the American Bar Association has proposed a whole series of new restrictions on what is published about criminal proceedings.

National Newspaper Week seems a good time to point out that there is no conflict between free press and fair trial. Quite the contrary.

SEVEN HUNDRED and fifty-two years ago, on the meadow of Runnymede beside the River Thames in Surrey, the barons of England won from King John their Great Charter. Included in it was this guarantee:

"The king's courts of justice shall be stationary, and shall no longer follow his person. They shall be open to everyone; and justice shall no longer be sold, refused, or delayed by them."

Free press did not enter into the barons' demands for open courts and fair trials. There were no newspapers. And if there had been, most of the barons and King John himself could not have read them.

But even so long ago, those English nobles recognized that the fairest trial is a public trial. And so they insisted on this guarantee at Runnymede; and it has remained one of the cornerstones of British justice.

BRITONS TRANSPLANTED to the United States went further. When they rebelled, formed their own government, and wrote their own constitution, they included as Article VI of its Bill of Rights:

"In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial."

NO REPORTER was present when the Spanish Inquisition wrote its bloody history. No reporter was present for the secret arrests and trials of the English Star Chamber, which set back English justice to the dark days before Runnymede. No reporter could question Joseph Stalin's secret police on the arrests, followed by secret trials, by which he purged thousands he feared might be his political enemies. No reporter was permitted to investigate and report the arrests and secret trials that sent thousands upon thousands of Jews in Nazi Germany to the horrors of extermination camps.

The page of American justice is fairly clean. It is so to large extent because the press has been able to watch and report each step from crime to conviction.

THE CONTENTION that trial publicity and pre-trial publicity have prevented fairness in the courtroom is an empty one. The list of times when justice might have miscarried were it not for such publicity is a long one.

There is no conflict between free press and fair trial. The former is one of the principal guarantors of the latter.

Columnist Discounts Assortment Of Dovish Political Guesses

WASHINGTON — This is the dissenting opinion of a Washington columnist on three mounting political speculations:

That President Johnson will probably retire because his reelection is hopeless.

That, if he does run, the President will campaign as a peace candidate by going to the conference table on Ho Chi Minh's terms.

That the Republican party will move steadily to the dovish side of the Vietnam war and its Presidential nominee will do the same.

These current speculations among politicians and correspondents are ingriguing; they are arguable but, on the basis of the best information and judgment which come my way, they are wrong.

WILL LBJ step down? No one could rationally say that the answer is a thousand times no. He has told nobody that he will not run — unless it be Lady Bird. But I venture that the odds are greatly in favor of his running.

The counter theory is that, being a proud man, he couldn't stand to be defeated.

The reasons for believing he will run are more solid and more persuasive.

Being a proud man, Johnson would far prefer to put his case to the voters and to accept their verdict by fighting for what he believes — than to run out.

He is by no means convinced that he will lose, nor that the opinion polls which are adverse today will be adverse a year from now. Most objective politicians believe that Johnson will be a formidable candidate.

Finally, LBJ does not intend to turn the Democratic party over to Sen. Robert Kennedy.

WILL THE PRESIDENT find the pressures so great that in a frantic effort to win reelection he will substantially reverse his position on Vietnam?

My answer is an unqualified no.

Those who think so do not know Lyndon Johnson.

The record shows that he is quite prepared to wheel-and-deal on a variety of domestic political issues, even some important ones. But when it comes to a course he believes involves the national interest and safety, the record shows that he will not let politics enter the equation.

He has decided that the defense of South Vietnam is vital to the United States and he is not going to throw away that conviction and desert the objective of halting Communist expansion-by-force at the Vietnam gate.

BEFORE HE committed large forces to Vietnam, Johnson knew what happened to public opinion during the Korean War. It didn't keep him from doing it. He knew that at one stage the polls showed that 67 per cent of the country wanted to withdraw our troops from Korea. He knew what happened to Truman's popularity during the Korean War.

Johnson did not decide to defend South Vietnam to win anyone's favor. He decided because, after weighing every alternative, he concluded that the future peace and security of the U. S. were at stake.

WILL THE TEMPTATION to win next year on a desert-Vietnam platform succeed with the Republicans when it is not going to succeed with the Democrats? I doubt it.

The reason I doubt it is that it would mean reversing the strong, historic GOP stand behind resisting Communist aggression; it would mean repudiating the foreign policy of the only successful Republican Presidential nominee in 36 years; it would mean throwing over the leadership of Senator Dirksen, of Rep. Gerald Ford, of General Eisenhower, Nixon, Rockefeller, and Reagan.

Court Flouts Public Again In Reapportionment Order

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — It may be too much to hope for, but there is always the thought that sometime in the distant future, California will have a state Supreme Court membership which reflects the will of the people and is somewhat practical in issuance of its decisions.

After thumbing its nose at the electorate by declaring Proposition 14 unconstitutional, the court now has added insult to injury by ordering a wholly unnecessary and inconsequential reapportionment of congressional districts in California.

TAXPAYERS of this state, already in the throes of trying to meet a billion-dollar increase in expenditures, as the result of the court's order are faced with the added expense of an extra legislative session.

If the reapportionment carried out the precepts of the "one man, one vote" concept of the federal order for reapportionment, on which the state Senate and Assembly are constituted at present, there might be some sense to the decision.

But the fact of the matter is, it does not. The state Legislature has been ordered to reapportion congressional districts on the basis of the 1960 federal census.

THE LEGISLATURE reapportioned in 1961, as required by the constitution. At that time, the reapportionment was in accordance with the established practices of apportionment. It was, however, out of line with the later development of the one-man, one-vote concept, which virtually denuded that rural areas of California of their representation in the state Senate.

Now, however, reapportionment on the basis of the 1960 census will be as much or more out of line than was the 1961 apportionment. In nearly eight years, the population of California has changed considerably as to location by area, so the supreme court decision means nothing as far as providing equal representation is concerned.

Had the court ordered the reapportionment on the basis of the 1967 population figures maintained by the state department of finance, there might have been some reason to the decision. But these reasonably accurate figures cannot be used, as the Constitution directs the apportionment be made on the basis of the last federal census.

REAPPORTIONMENT will have to be undertaken again in 1971 in any event, and at that time, more accurate figures will be available from the 1970 census.

The Legislature did not take action on congressional reapportionment for the simple reason it figured no good purpose would be served by shuffling the congressional districts, when in about three years, it would have to perform the task again.

Action of the court brings to light the dictatorial powers the judicial branch of government has over the will of the people of California. Because if the legislature fails to carry out the order by Dec. 7, then the court will effect the reapportionment itself.

Too Much Emphasis On Criminals' Rights

Editor, Independent-Journal:

Bravo for your editorial, "Who Protects the Innocent?" which was comprehensive, but sadly too long overdue.

The Founding Fathers did not insert the self-incrimination clause to protect criminals but to give added protection to society by protecting the innocent. However, recently a new concept has arisen among our "liberal" jurists and the Supreme Court: the concept that criminals have "rights" and that policemen are constantly guilty of violating the "rights" of criminals. To be sure, a man is innocent until proven guilty. But how does one bring a man to trial unless one apprehends him, puts him behind bars and subjects him to the judicial process? ...

Anyone who has studied these decisions concerning the "rights" of criminals will notice that the main thrust of the court's action has been directed against the police. This is confirmed by the reactions the decisions have evoked from law enforcement agencies across the country. These decision are enfluencing our students and our legislators; are causing virtual neutralization of our law enforcement agencies in face of the largest crime wave in our history. They are calculated to make the world safer for criminals, more hazardous for the police, and more insecure for the average citizen who is now in greater danger of losing his life as well as his property. . . .

The Constitution, which was written by honest men to protect honest citizens from the predatory and the despotic, is now being used to protect the predatory and depotic from the honest men. It has decided that the criminal as an individual is equally entitled to the protection of society — even from society itself.

Editorial, Independent-Journal:

In reference to editorial of Oct. 2, 1967, "High School Football Injuries," I would like to make the following comments:

1. His statistics are correct and from 1962-1966 have followed the same pattern.

2. One might suggest from the statistics that college football is more dangerous than high school ball.

3. He omitted one very important fact: the figures 295 and 54 per cent represent a group 13 times larger than all the other groups together (college, sandlot, semi-pro, and pro).

4. No slur intended to the paper, but the Independent-Journal did not ever co-sponsor a sports injury conference to my knowledge.

Flexibility Lacking In Vietnam Policy

Editor, Independent-Journal:

The difference between a Communist and a western liberal democrat (small "D")/capitalist is not who he thinks is the proper titleholder to property, for this is mere paper-shuffling. Nor it is in his emphasis on the prior rights of the group over the individual or vice-versa, as this is just a difference of emphasis. It is more that the former has an inflexible "grand design" by which he attempts to explain all of existence from the beginning to the end. Facts which do not fit the pattern are either ignored or forced into the mold.

On the other hand the loose, adaptable "free man" has a pragmatic ability to pick and choose theory and speculation to fit the situation and the facts. If the two get out of register, the theory is easily modified or replaced. This feedback of fact to theory allows an adaptability of action to changing situations. This looseness is shown by the difficulty above in choosing a name for the "other-than-Communist," but as long as he stays so limber, he is unbeatable.

This is what is wrong in Vietnam now. Our single-minded, inflexible, solely military response to the challenge of "wars of national liberation" has lost the "drift with the play" adaptability which was once the hallmark of western policy (Kennedy's handling of the Cuba missile crisis for instance). This loss of freedom of response is going to condemn our action there to the same frustration and ineffectiveness that usually marks the fiascos of the Marxists.

Pat Brown May Be Choice To Head War On Poverty

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — President Johnson is looking for a new commander-in-chief to run the government's sagging war against poverty.

His nation-wide talent search began last week when Director Sargent Shriver, of the Office of Economic Opportunity, notified the White House of his plans to quit as soon as Congress completes action on his long-stalled anti-poverty budget.

This crucial legislative action isn't expected until near the end of the year because of the bitter congressional wrangling.

TO SUCCEED SHRIVER the President is seeking a top flight administrator capable of getting along with Congress. Several former governors, including Pat Brown of California, are among those being considered.

Encouraged by his brothers-in-law, Senators Robert Kennedy, N. Y., and Edward Kennedy, Mass., Shriver has privately let members of the Illinois Democratic delegation know he would like to run against Republican Sen. Everett Dirksen. Alternatively he has been considering running for governor of either Illinois or Maryland.

So far, none of the influential members of the Illinois delegation have given him any encouragement on his Senate ambitions. Rep. Dan Rostenkiwski, a leading member of the Illinois Democrats in Congress, recently sought President Johnson's views. The President was noncommittal.

SHRIVER'S forthcoming resignation is already adding to the President's growing domestic problems with Congress.

House Appropriations Committee members, who are considering OEO's budget behind closed doors, have sent word to President Johnson they will impose a $1.6 nillion ceiling on anti-poverty spending for next fiscal year.

That's the amount approved by Congress last year, and a cut of $406 million from the $2.06 billion sought by the administration .

Appropriations Chairman George Mahon, D-Tex., told the President that this budget reduction announcement to the Democratic caucus recently brought more cheers than any of his other propsed budget cuts.

Uncertainty over who will be the new OEO director, Mahon said, is a principal reason for the committee's reluctance to vote more funds than approved last year.

MEMBERS OF Mahon's committee also called on the President to step in to settle a bitter Administration policy hassle over what to do about the poor in rural areas.

The dispute concerns whether more federal aid should be granted to help them stay and imporve their lot where they are or to help train them for jobs in the big cities.

Robert A. Levine, assistant director of OEO, has argued for the latter approach, which is designed to encourage poor Negroes and whites to leave the rural South and Appalachia.

This "Gay Paree" approach, as it is referred to within the administration, is vigorously opposed by Agriculaure Sec. Orville Freeman and several aides of Shriver. They believe a better solution lies in pushing rural economic development programs to help the poor improve their standard of living "down on the farm." Shriver has joined Secretary Freeman in questioning it.

THE SHOWDOWN could come over a demonstration project that Rev. Leon Sullivan of Philadelphia has proposed. It would set up one of his highly successful job training programs in the rural South, designed to help the poor in the area where they now live.

After studying the Sullivan proposal, Levine directed the program be changed to put primary emphasis on preparing poor Negroes and whites for jobs in the cities.

Secretary Freeman has petitioned the White House to direct the OEO to fund the program as originally proposed.

Fair Trial—Because Of Free Press

Over the past few years there has developed increasing discussion of an alleged conflict between freedom of the press and the guarantees of fair trial.

The agitation, stemming from a portion of the legal profession, has reached the point where the issue is labeled as "free press vs. fair trial."

It has resulted in various restrictions on court coverage, including the banning of cameras from superior courts in California. It has brought on a rash of "voluntary codes" covering publication of news about arrests, investigations, and trials — none of which seems to have worked very well. And a committee of the American Bar Association has proposed a whole series of new restrictions on what is published about criminal proceedings.

National Newspaper Week seems a good time to point out that there is no conflict between free press and fair trial. Quite the contrary.

SEVEN HUNDRED and fifty-two years ago, on the meadow of Runnymede beside the River Thames in Surrey, the barons of England won from King John their Great Charter. Included in it was this guarantee:

"The king's courts of justice shall be stationary, and shall no longer follow his person. They shall be open to everyone; and justice shall no longer be sold, refused, or delayed by them."

Free press did not enter into the barons' demands for open courts and fair trials. There were no newspapers. And if there had been, most of the barons and King John himself could not have read them.

But even so long ago, those English nobles recognized that the fairest trial is a public trial. And so they insisted on this guarantee at Runnymede; and it has remained one of the cornerstones of British justice.

BRITONS TRANSPLANTED to the United States went further. When they rebelled, formed their own government, and wrote their own constitution, they included as Article VI of its Bill of Rights:

"In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial."

NO REPORTER was present when the Spanish Inquisition wrote its bloody history. No reporter was present for the secret arrests and trials of the English Star Chamber, which set back English justice to the dark days before Runnymede. No reporter could question Joseph Stalin's secret police on the arrests, followed by secret trials, by which he purged thousands he feared might be his political enemies. No reporter was permitted to investigate and report the arrests and secret trials that sent thousands upon thousands of Jews in Nazi Germany to the horrors of extermination camps.

The page of American justice is fairly clean. It is so to large extent because the press has been able to watch and report each step from crime to conviction.

THE CONTENTION that trial publicity and pre-trial publicity have prevented fairness in the courtroom is an empty one. The list of times when justice might have miscarried were it not for such publicity is a long one.

There is no conflict between free press and fair trial. The former is one of the principal guarantors of the latter.

Columnist Discounts Assortment Of Dovish Political Guesses

WASHINGTON — This is the dissenting opinion of a Washington columnist on three mounting political speculations:

That President Johnson will probably retire because his reelection is hopeless.

That, if he does run, the President will campaign as a peace candidate by going to the conference table on Ho Chi Minh's terms.

That the Republican party will move steadily to the dovish side of the Vietnam war and its Presidential nominee will do the same.

These current speculations among politicians and correspondents are ingriguing; they are arguable but, on the basis of the best information and judgment which come my way, they are wrong.

WILL LBJ step down? No one could rationally say that the answer is a thousand times no. He has told nobody that he will not run — unless it be Lady Bird. But I venture that the odds are greatly in favor of his running.

The counter theory is that, being a proud man, he couldn't stand to be defeated.

The reasons for believing he will run are more solid and more persuasive.

Being a proud man, Johnson would far prefer to put his case to the voters and to accept their verdict by fighting for what he believes — than to run out.

He is by no means convinced that he will lose, nor that the opinion polls which are adverse today will be adverse a year from now. Most objective politicians believe that Johnson will be a formidable candidate.

Finally, LBJ does not intend to turn the Democratic party over to Sen. Robert Kennedy.

WILL THE PRESIDENT find the pressures so great that in a frantic effort to win reelection he will substantially reverse his position on Vietnam?

My answer is an unqualified no.

Those who think so do not know Lyndon Johnson.

The record shows that he is quite prepared to wheel-and-deal on a variety of domestic political issues, even some important ones. But when it comes to a course he believes involves the national interest and safety, the record shows that he will not let politics enter the equation.

He has decided that the defense of South Vietnam is vital to the United States and he is not going to throw away that conviction and desert the objective of halting Communist expansion-by-force at the Vietnam gate.

BEFORE HE committed large forces to Vietnam, Johnson knew what happened to public opinion during the Korean War. It didn't keep him from doing it. He knew that at one stage the polls showed that 67 per cent of the country wanted to withdraw our troops from Korea. He knew what happened to Truman's popularity during the Korean War.

Johnson did not decide to defend South Vietnam to win anyone's favor. He decided because, after weighing every alternative, he concluded that the future peace and security of the U. S. were at stake.

WILL THE TEMPTATION to win next year on a desert-Vietnam platform succeed with the Republicans when it is not going to succeed with the Democrats? I doubt it.

The reason I doubt it is that it would mean reversing the strong, historic GOP stand behind resisting Communist aggression; it would mean repudiating the foreign policy of the only successful Republican Presidential nominee in 36 years; it would mean throwing over the leadership of Senator Dirksen, of Rep. Gerald Ford, of General Eisenhower, Nixon, Rockefeller, and Reagan.

Pennant For Patriots In '68; But Will Manager Keep Job?

WASHINGTON — "Good afternoon, ladies and gentlemen. This is Curt Howdy speaking to you from the White House Stadium in Washington, D. C. Well, 1967 has been a whale of a baseball season and it's time we started to look into the future and see what 1968 has to offer. Seated with me here in the box is Lyn Johnson, playing manager of the American Patriots, the team that everyone had put their hopes on, but which finished badly at the end of the season.

"Lyn, there seems to be a lot of discontent on the team, and there is even some talk of firing you and getting a new manager. How do you feel about this?"

"CURT, AH ALWAYS felt a baseball team was like a family. We reserve the right to express ourselves freely, but when we come to finding someone better in the kitchen that we would like to trade with someone else, it's another matter."

"Lyn, why do you think the Americans are in so much trouble?"

"Ah can't rightly say. Ah inherited a very difficult situation when Ah took over as manager, and all Ah'm doing is carrying out the policies of previous managers. Everyone has a different solution to the problem. There are some who want me to hit harder. There are others who want me to concentrate on pitching, and there are others who don't want me to play ball at all.

"But, Ah'm the manager, and Ah have to make the final decision."

"THEY SAY ONE of the reasons your team isn't doing very well is that the people think you're throwing too many curve balls. What do you have to say to that?"

"Ah've been throwing them straight over the plate, and Ah think that people who say things like that are only giving aid and comfort to the other league. Ah don't mind dissent, but how do you think the other league feels when they read about the criticism of the way Ah'm managing the ball club?"

"Lyn, it has been said that one of the reasons the team is not getting support is because of your inability to defeat the North Vietnam Raiders. You've been playing them now for four years and it's still a tie ball game."

"Our chances against the Raiders have never looked better. If it weren't for us, the Saigon Defenders would be in the cellar right now. We're hitting the Raiders and hitting them hard. What are we supposed to do, pack up our bats and go home?"

"WELL, LYN, you're option is up next year and in a recent poll of the fans you seem to be running behind such would-be managers as Nelly Rockefeller, Ron Reagan, Chuck Percy and Milhouse Nixon. Are you worried?"

"Ah never put any truck in polls. Ah've done more for the fans than any manager in history. Ah've taken care of the old fans. Ah've taken care of the Negro fans. Ah've taken care of the fans that live in the cities. Ah've beautified the stadium. Ah've provided parking for business executives. Ah've given employment to the people. An Ah've worked hard to make this the best team that money can buy. And the fans are going to remember that on option day."

"One more question, Lyn, and then I'll let you go back to figuring out how you're going to win next year. There's a young player on your team named Bobby Kennedy, and there are some people who are talking about him as the new manager. What about that?"

"Bobby Kennedy has never played on my team."

Is Tiburon Finally About Ready To Tackle Waterfront Problem?

Will this be the year Tiburon makes a decision on its central waterfront? City Engineer Ray W. Foreaker warned the Tiburon City council recently that drainage problems will increase as future development of Tiburon fills in present holding ponds.

Development of the Northwestern Pacific Railroad property and other downtown Tiburon land may well hang in the balance until the drainage problems is settled.

Foreaker wants the city to take action on an overall drainage solution. Tiburon and Belvedere councils have been holding back on a large solution as it would cost a lot of money.

MEANWHILE, winter is about to pour down on Tiburon and there is no immediate help in sight. The inhabitants of the local firehouse on Tiburon Boulevard await the deluge grimly.

The firehouse was raised in 1958 to avoid a flooding problem. This eliminated flooding until two years ago when the Tiburon Lodge was built next door on land raised by fill, according to Fire Chief Franklin J. Buscher.

Winter flooding also affects the cleaning establishment next door, the Belvedere-Tiburon Laundry, not to mention Cove Road in Belvedere.

Once the drainage problem is solved, plans may come in fairly soon from the railroad and the Tiburon Peninsula Co. Their plans have great differences, which may have to be resolved by discussion and agreement between them and the city.

NOT FORGETTING the citizens — many of whom want to "save" a barren, ugly parcel of waterfront land from being developed into an attractive area which can be enjoyed by natives as well as tourists — an area they might well be proud of when completed.

Councilman Gord W. Strawbridge sincerely wants to "save the waterfront" and draws a few cheers from the audience with those magic words whenever he uses them. But, perhaps, this is the year Tiburon will stop applauding words and grow up and look at the future development of the waterfront from a practical standpoint.

There are some of us who feel it is possible to have the waterfront developd into something beautiful. Beautiful it ain't, now.

CALIFORNIA HIGHWAY Patrolmen were concerned last week over two near accidents involving automobiles, school buses and children.

Officer Paul Edward Zensius had deep furrows in his brow as he told me about the incidents. School buses worry officer Zensius even more than youngsters riding on the wrong side of the streets on bicycles — pumping passengers on the handlebars.

"We're having problems around the county," he said, "because people don't seem to remember what the vehicle code says about stopping for school buses."

Here is the rule: "When you come to a school bus equipped with a flashing red light, and the light is flashing, stop. The flashing red light signal means the school bus has stopped to take children on or let them off, and that children will be crossing the roadway to or from the school bus. While the red light is flashing, you must remain stopped."

The flashing red light indicated is the one on top of the school bus, officer Zensius explained. A driver need not stop if a school bus has pulled over to the right side of the road with only its turn signal on, to pick up children on that side of the road.

But the rule of common sense dictates that drivers should use caution in passing a school bus anyhow, in case a child unpredictably darts out.

ART BUCHWALD

Pennant For Patriots In '68; But Will Manager Keep Job?

WASHINGTON — "Good afternoon, ladies and gentlemen. This is Curt Howdy speaking to you from the White House Stadium in Washington, D. C. Well, 1967 has been a whale of a baseball season and it's time we started to look into the future and see what 1968 has to offer. Seated with me here in the box is Lyn Johnson, playing manager of the American Patriots, the team that everyone had put their hopes on, but which finished badly at the end of the season.

"Lyn, there seems to be a lot of discontent on the team, and there is even some talk of firing you and getting a new manager. How do you feel about this?"

"CURT, AH ALWAYS felt a baseball team was like a family. We reserve the right to express ourselves freely, but when we come to finding someone better in the kitchen that we would like to trade with someone else, it's another matter."

"Lyn, why do you think the Americans are in so much trouble?"

"Ah can't rightly say. Ah inherited a very difficult situation when Ah took over as manager, and all Ah'm doing is carrying out the policies of previous managers. Everyone has a different solution to the problem. There are some who want me to hit harder. There are others who want me to concentrate on pitching, and there are others who don't want me to play ball at all.

"But, Ah'm the manager, and Ah have to make the final decision."

"THEY SAY ONE of the reasons your team isn't doing very well is that the people think you're throwing too many curve balls. What do you have to say to that?"

"Ah've been throwing them straight over the plate, and Ah think that people who say things like that are only giving aid and comfort to the other league. Ah don't mind dissent, but how do you think the other league feels when they read about the criticism of the way Ah'm managing the ball club?"

"Lyn, it has been said that one of the reasons the team is not getting support is because of your inability to defeat the North Vietnam Raiders. You've been playing them now for four years and it's still a tie ball game."

"Our chances against the Raiders have never looked better. If it weren't for us, the Saigon Defenders would be in the cellar right now. We're hitting the Raiders and hitting them hard. What are we supposed to do, pack up our bats and go home?"

Hazing Banned After Mixture Kills Student

WACO, Tex. (AP) — Baylor University President Abner V. McCall banned all physical hazing yesterday after a 10-year-old student died during a campus service club initiation.

Justice of the Peace Joe Johnson said an autopsy showed that John Everett of Crosby, Tex., a sophomore accounting and business student died from a concoction of five different kinds of laxatives and garlic he was forced to drink. Johnson ruled the death accidental.

The group, which has no affiliation with other chambers of commerce, is the oldest organization at Baylor and was founded in 1919.

A spokesman for the Baptist school said last night no action has been taken pending a completion of the investigation.

Indian Site To Be Landmark

CORTEZ, Colo. (AP) — The ruins of an Indian village that thrived nearly 1,000 years ago will be dedicated as a national historic landmark in ceremonies near here Oct. 17, the Bureau of Land Management announced.

Two years of restoration work have gone into preparations for the dedication of Lowry Pueblo ruins.

Lowry Pueblo was built by the Anasazi (old ones) Indians about 1075 AD on the ruins of abandoned pit rooms of the 8th century. About 50 to 100 Indians used it for living quarters and religious ceremonies.

There are about 40 rooms in the ruins. It is believed the Pueblo was occupied for about 150 years until a great drought struck the Southwest.

Radio Replaces Paper Work

WASHINGTON (AP) — Fighting forces in Vietnam are replacing paperwork with the human voice—thanks to greatly improved radio equipment.

Maj. Gen. Walter E. Lotz, Jr., the Army's chief of communications-electronics, told the Association of the United States Army today: "Because commanders have effective and reliable voice radio, they do not normally resort to written orders as in previous combat experiences."

Lotz said voice radio is becoming "the primary means of command and control within the division."

Park Is Only For The Passive

NEW YORK (AP) — "For Passive Recreation Only" read the recently posted signs in Carl Schurz Park next door to Gracie Mansion, the mayor's official residence.

A Department of Parks spokesman said yesterday the signs were put up to prevent exuberant children from turning the grassy park into a dust bowl.

Discouraging political activity was not the aim, the spokesman added. He said neither Mayor John V. Lindsay or his family asked for the signs.

Mothers and nursemaids in the park said the new rule had made a great improvement.

Hazing Banned After Mixture Kills Student

WACO, Tex. (AP) — Baylor University President Abner V. McCall banned all physical hazing yesterday after a 10-year-old student died during a campus service club initiation.

Justice of the Peace Joe Johnson said an autopsy showed that John Everett of Crosby, Tex., a sophomore accounting and business student died from a concoction of five different kinds of laxatives and garlic he was forced to drink. Johnson ruled the death accidental.

The group, which has no affiliation with other chambers of commerce, is the oldest organization at Baylor and was founded in 1919.

A spokesman for the Baptist school said last night no action has been taken pending a completion of the investigation.

Indian Site To Be Landmark

CORTEZ, Colo. (AP) — The ruins of an Indian village that thrived nearly 1,000 years ago will be dedicated as a national historic landmark in ceremonies near here Oct. 17, the Bureau of Land Management announced.

Two years of restoration work have gone into preparations for the dedication of Lowry Pueblo ruins.

Lowry Pueblo was built by the Anasazi (old ones) Indians about 1075 AD on the ruins of abandoned pit rooms of the 8th century. About 50 to 100 Indians used it for living quarters and religious ceremonies.

There are about 40 rooms in the ruins. It is believed the Pueblo was occupied for about 150 years until a great drought struck the Southwest.

Radio Replaces Paper Work

WASHINGTON (AP) — Fighting forces in Vietnam are replacing paperwork with the human voice—thanks to greatly improved radio equipment.

Maj. Gen. Walter E. Lotz, Jr., the Army's chief of communications-electronics, told the Association of the United States Army today: "Because commanders have effective and reliable voice radio, they do not normally resort to written orders as in previous combat experiences."

Lotz said voice radio is becoming "the primary means of command and control within the division."

Park Is Only For The Passive

NEW YORK (AP) — "For Passive Recreation Only" read the recently posted signs in Carl Schurz Park next door to Gracie Mansion, the mayor's official residence.

A Department of Parks spokesman said yesterday the signs were put up to prevent exuberant children from turning the grassy park into a dust bowl.

Discouraging political activity was not the aim, the spokesman added. He said neither Mayor John V. Lindsay or his family asked for the signs.

Mothers and nursemaids in the park said the new rule had made a great improvement.

STRANGERS IN PARADISE

Bruce Johnson, a health club physical director from Inglewood, and his girl Friday, 22-year-old ex-nurse Shari Quam, examine the jaw bone of a shark similar to those they may see near the Pacific island on which they plan to live. They flew to the island yesterday, located 80 miles from American Samoa. They took no tools, medicine, food or communication devices — just cameras, film and a bathing suit each.

Portable Room For San Pedro

An appeal by two San Pedro School mothers got a sympathetic reception last night from the San Rafael Board of Education and won measures to relieve overcrowding.

The board voted 4-0, President Lawrence I. Kramer absent, to install a portable classroom at the school and hire an additional teacher for third grade students.

The mothers, Mrs. Kay Ostler and Mrs. Barbara Curtis, told the board that two third grade classrooms were overcrowded with 38 and 39 students, compared to the normal 20-to-25 range.

Board member Paul L. Jones said, "It's got to be taken care of." The only other alternative, he said, would be to bus the extra children to other schools. He added, "I'd rather keep them in their own school, if we can afford it."

The rest of the board agreed.

HOUSTON, Tex. (AP) — Alabama Gov. Lurleen Wallace has been hospitalized for treatment of side effects from radiation therapy.

Senior Proms Marin-Only Policy May Be Abolished

Graduating seniors at San Rafael and Terra Linda high schools may be holding their proms in San Francisco next spring under a change of policy contemplated by the San Rafael Board of Education.

Existing policy restricts the graduation dances to Marin County.

The change was recommended by Board Member Carl J. Brown and the board set a public hearing for the Oct. 23 meeting at the district office.

Brown said he had backed the Marin-only restriction when it was imposed in 1963, but had changed his mind since talking to students.

"I found," Brown said, "many had gone to San Francisco for dinner and driven back for the dance." After the dance, he added, many returned to San Francisco for further entertainment. He estimated "about 90 per cent go."

He drew strong support from Board Member Paul L. Jones, who said there were only two or three places in Marin suitable for the proms.

Jones said, he recalled that, when the restriction to Marin was under consideration, many parents warned that "we were giving open licenses to these places to shoot the price out of sight."

Jones called it a "monopoly situation" and said competition from San Francisco might bring down the cost of proms in Marin.

Contract Awarded

A $21,123 contract to build drainage improvements on Shoreline Highway between Stinson Beach and Sonoma County has been awarded by the state Department of Public Works to Bay Area Construction Co., Santa Rosa.

Glenwood School Site Fill Bids To Be Called

The San Rafael Board of Education last night authorized the schools administration to call for bids on fill for the planned Glenwood middle school at San Pedro Road and Main Drive.

Supt. John F. Plank estimated the cost between $150,000 and $200,000. He said $150,000 was earmarked for this purpose in the 1964 bond issue and was on hand.

Board Member Carl J. Brown asked if this filling of the 15-acre site were "just a dumping process."

Business Mgr. Charles L. Condrotte said, "No, it's engineers' fill, compacted. It's a big job." He said it would require 12 to 18 months and added, "we'd like to get it under way."

The board's authorization to call for bids was 4-0, as in all other action last night. Board President Lawrence I. Kramer Jr. was absent.

TV Union Fines Four Members

NEW YORK (AP) — The AFL-CIO American Federation of Television and Radio Artists (AFTRA) has levied fines totaling $48,000 on four of its members for crossing picket lines of the striking technicians' union and appearing on television here for the American Broadcasting Co.

AFTRA had ordered its members not to cross picket lines of the AFL-CIO National Association of Broadcast Employes and Technicians (NABET), which has been on strike against the ABC television and radio networks since Sept. 22 in a contract dispute.

The four men fined are among numerous performers, announcers, newscasters and disc jockeys who have individual contracts with ABC. The company contends these contracts take precedence over the employees' obligations to their union.

STRANGERS IN PARADISE

Bruce Johnson, a health club physical director from Inglewood, and his girl Friday, 22-year-old ex-nurse Shari Quam, examine the jaw bone of a shark similar to those they may see near the Pacific island on which they plan to live. They flew to the island yesterday, located 80 miles from American Samoa. They took no tools, medicine, food or communication devices — just cameras, film and a bathing suit each.

Glenwood School Site Fill Bids To Be Called

The San Rafael Board of Education last night authorized the schools administration to call for bids on fill for the planned Glenwood middle school at San Pedro Road and Main Drive.

Supt. John F. Plank estimated the cost between $150,000 and $200,000. He said $150,000 was earmarked for this purpose in the 1964 bond issue and was on hand.

Board Member Carl J. Brown asked if this filling of the 15-acre site were "just a dumping process."

Business Mgr. Charles L. Condrotte said, "No, it's engineers' fill, compacted. It's a big job." He said it would require 12 to 18 months and added, "we'd like to get it under way."

The board's authorization to call for bids was 4-0, as in all other action last night. Board President Lawrence I. Kramer Jr. was absent.

The San Rafael Board Of Education Also:

TEXTBOOK — Approved a high school economics textbook, "Foods for Modern Living," by McDermott, Trilling, Nicholas on a pilot study basis.

MUSEUM — Approved an agreement with Louise A. Boyd Natural Science Museum for the school year at an estimated $500 based on 10 cents per average daily attendance in the high school and elementary districts.

DELEGATES — Voted for eight delegates to the California School Boards Association Delegate Assembly: Board President Kramer, Mrs. Alyce Farkas of Reed School District, Mrs. Dorothy Brown of Dixie, Mrs. Bette Wallace of Tamalpais and four from other counties.

CONFERENCES — Approved an experimental program at MacPhail School November 6-17 and March 25 to April 5, when school would close an hour early to permit scheduling conferences between parent and teacher as a fuller means of reporting on a child's progress that report cards, which the conferences would supplement, not replace.

GIFT — Accepted the gift of an electric stove from the West End School Parent-Teacher Association to the school.

BILLS — Approved payment of bills totalling $31,796 in the elementary district and $67,297 in the high school district in the period Aug. 30 to Sept. 20.

Portable Room For San Pedro

An appeal by two San Pedro School mothers got a sympathetic reception last night from the San Rafael Board of Education and won measures to relieve overcrowding.

The board voted 4-0, President Lawrence I. Kramer absent, to install a portable classroom at the school and hire an additional teacher for third grade students.

The mothers, Mrs. Kay Ostler and Mrs. Barbara Curtis, told the board that two third grade classrooms were overcrowded with 38 and 39 students, compared to the normal 20-to-25 range.

Board member Paul L. Jones said, "It's got to be taken care of." The only other alternative, he said, would be to bus the extra children to other schools. He added, "I'd rather keep them in their own school, if we can afford it."

The rest of the board agreed.

Senior Proms Marin-Only Policy May Be Abolished

Graduating seniors at San Rafael and Terra Linda high schools may be holding their proms in San Francisco next spring under a change of policy contemplated by the San Rafael Board of Education.

Existing policy restricts the graduation dances to Marin County.

The change was recommended by Board Member Carl J. Brown and the board set a public hearing for the Oct. 23 meeting at the district office.

Brown said he had backed the Marin-only restriction when it was imposed in 1963, but had changed his mind since talking to students.

"I found," Brown said, "many had gone to San Francisco for dinner and driven back for the dance." After the dance, he added, many returned to San Francisco for further entertainment. He estimated "about 90 per cent go."

He drew strong support from Board Member Paul L. Jones, who said there were only two or three places in Marin suitable for the proms.

Jones said, he recalled that, when the restriction to Marin was under consideration, many parents warned that "we were giving open licenses to these places to shoot the price out of sight."

Jones called it a "monopoly situation" and said competition from San Francisco might bring down the cost of proms in Marin.

IT'S DILLON, SHARPEST SHOOTER IN THE WEST

Novato High's Russ Dillon (11), rolling out in early season game behind the protection of Rich Anstey (24) and Jack Straw (85), gets ready to fire one of his pin-point passes. With 37 completions in 67 attempts (55 per cent), the left-handed Dillon has the best passing record in Marin County high schools. See page 39 for statistics. (Independent-Journal photo)

Monumental Boo-Boo In Stadium-Hopping

GOOD LESSON — Shhh! Please don't breathe a word of this to a soul. I'm terribly embarrassed by a monumental boo-boo I committed last week.

You see, I took this out-of-town friend stadium-hopping. You've heard of table-hoppers? Well, I'm a stadium-hopper. When two games are being played simultaneously in Marin, I'll watch one for awhile, then drive to the other.

Thus, we went to San Rafael High School Friday night, watched Terra Linda jump off to a quick 13-0 lead over San Rafael, then decided to hop down to Kentfield for the College of Marin-Sierra game.

Arriving early in the second quarter, we were shocked to see Sierra leading 34-6. When it became a 41-18 rout at halftime, I turned to my friend and expertly advised: "Aw, come on, let's get outta this massacre. We'll get blood on our suits. The Donner Party had a better chance in the Sierra than Marin's Tars."

With that we departed and returned to San Rafael.

Greatest Comeback Since Bridie

What we missed at Kentfield by our hasty, ill-advised departure was the greatest comeback since Bridie Murphy.

I didn't know about it until the next morning when I read Kimo Campbell's stirring account of Marin's 42-41 victory and even then I couldn't believe it.

Ring . . . Ring . . . Ring. "Hello, Kimo? This is your leader. You're a real funny guy, Kimo. What an imagination! What fiction! You belong in Hollywood, Kimo. Give me a drag off that pipe, will you? And, oh yes, one more thing, Kimo. You're fired. Kimo savvy?"

Well, fortunately, Kimo had enough witnesses to verify his accurate report on Marin's tremendous comeback. Coach Dick Read's halftime pep talk must have been a corker. Truly Marinspirational, for his Tars dominated the second half 24-0 in the greatest reversal of form since Carol Doda did an about-face in a room full of Twiggies.

We Learned Our Lesson

Anyway, taught us a good lesson. They really polished up that old adage about never quitting in the face of adversity, the ballgame's never over until the last out, and behind every dark cloud there's a silver lining.

And as for rats deserting a sinking ship . . . well . . er . . . please don't tell a soul about my embarrassing story. Especially my out-of-town friend who still doesn't know what he missed because of my poor judgment. He'll kill me.

FAN FARE — Marin's football attendance seems to be enjoying a banner year, especially the nocturnal contests.

Three night games here last weekend attracted more than 13,000 persons, with an overflow crowd of 4,500 at the San Rafael-Terra Linda game, 4,000 at the Marin-Sierra thriller and 4,900 at the Drake-St. Ignatius game. The latter must have been a local record crowd for a non-league contest.

Tremendous Marin Following

St. Ignatius seems to have a tremendous following in Marin. Pick out all the Irish and Italian names in the Marin phone directory and chances are they are S.I. alumni. Holy mackeral-snappers!

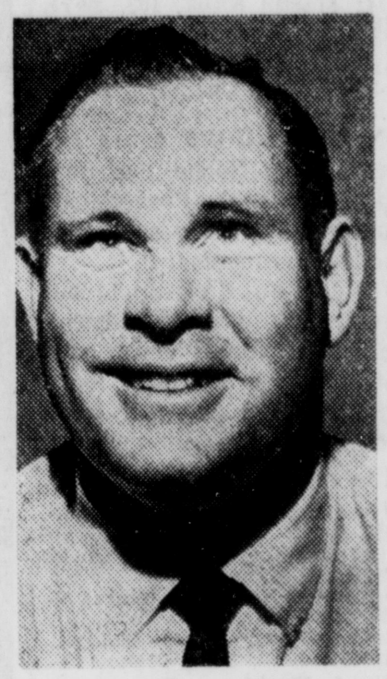
Incidentally, S.I. rooters are hardy souls. They remain standing throughout the entire contest, sitting only at halftime. The S.I. bench also was untouched by human anny-fays as the players never sit, either.

Getting back to football attendance, the Drake-Terra Linda game on Saturday night, Oct. 21 should draw the biggest crowd of the year. Most Marin County Athletic League observers figure this one will determine the championship, so plan to get there early.

Marin Coach Still Jittery After Fantastic Comeback

College of Marin may be in the Golden Valley Conference football driver's seat after last Friday's harrowing win over defending champion Sierra but don't talk too much to coach Dick Read about drivers' seats.

He's still trying to calm down from the wild ride he and his Tars were on Friday night, while starting to worry about this coming Saturday night's game against Yuba in Marysville.



DICK READ
Back to earth

KEYSTONE COPS

The Tars, in case any one hasn't heard, won, 42-41, Friday night in a game that combined the finer points of the Keystone Cops, John Wayne heroics, Marvel Comics and old fashioned inspired football. They won after trailing by as much as 34-6 and 41-18 in the first half.

"Well, I think my feet are finally on the ground," Read said yesterday morning, in a more or less calm voice.

He certainly didn't feel so calm during the first half Friday night, or even directly before that. He felt like a football Job dogged by an overdose of unexpected misfortunes.

"All kinds of things happened," Read said. "Two of our boys, including Terra Linda's Chris Andersen, showed up with injuries before game time and they couldn't play. And look what happened in the first half. We gave them three of those touchdowns. Three fumbles. I was going out of my mind with frustration."

Read wouldn't take anything away from Sierra's brilliant quarterback Ivan Lippi, who drove the Tars batty with an amazing first-half passing performance before being forced to leave the game with an injury.

'JUST GREAT'

"He was just great," Read said. "I don't know exactly what would have happened if he had been playing in the second half. We just didn't pressure him in

Parseghian Surprised By 12-Point Spread Irish Have Over Trojans

CHICAGO (AP) — Top-ranked Southern California and fifth-ranked Notre Dame don't meet until Saturday in what could be the football game of the year but the Irish already have been guilty of one fumble.

It was committed by Coach Ara Parseghian who literally dropped the telephone yesterday when he was asked how it felt to be favored by 12 points over the No. 1 team in the nation.

"Get off it," laughed Ara as he went on to relate the merits of both clubs and explain Notre Dame's 51-0 victory over the Trojans last year which sewed up the national title for the Irish.

Usually the oddsmakers and football pollsters are in accord but someone apparently blew it this week in a game which commands the national spotlight.

Southern Cal must win it or make a tremendous effort if the pollsters are to come up smiling.

Notre Dame, on the other hand, has to win rather easily if the oddsmakers are to save face.

"I can't ever recall the No. 1 team being a two touchdown dog," said one bookmaker. "Sure, I've known the top team being the dog by a point or two or even a touchdown when they're on the road. Two touchdowns? Never. But that's the line and that's what we have to go by. Who do you want to bet on?"

Parseghian, for abvious reasons, sloughed off talk about the odds and compared Southern Cal's offense to that of the Irish of 1966 when Notre Dame had the running of Nick Eddy and Larry Conjar to back up the passing of Terry Hanratty.

Parseghian called Steve Sogge "a fine quarterback" whose ability to click on 37 of 59 passes has been helped along by the threats posed by halfbacks O. J. Simpson and Jim Lawrence and the pass catching antics of sophomore Earl McCullouch.

McCullouch and Simpson make up half of Southern Cal's world record-breaking 440-yard relay team. McCullough, in football shoes, ran the 40-yard dash in 4.4, Simpson 4.5 and Lawrence 4.6.

Add to this the 4.8 timing of defensive end Jim Gunn and the 4.9 of linebacker Adrian Young plus the fact that the Trojans have one of the top offensive linemen in the nation in Ron Yary, it's hard to see Southern California as a two touchdown underdog.

Since that 51-0 beating by Notre Dame which Parseghian called "just one of those things", Southern Cal lost to Purdue 14-13 in the Rose Bowl and this season is 4-0 having defeated Washington State 49-0, Texas 17-13, Michigan State 21-17 and Stanford 30-0.

But then, it's like the man said "Who do you want to bet on?"

It's Obvious How Eagles Will Play It

REDWOOD CITY (UPI) — It is pretty obvious how Philadelphia will try to play it when the Eagles host the San Francisco 49ers Sunday in a National Football League battle between two teams with 3-1 records.

Philadelphia's Norm Snead has moved out Johnny Unitas as the top passer in the league and it was the passing of Unitas which led the 49ers' lone setback in a 41-7 rout.

Snead has hit 65 of 107 passes for 1,019 yards and has plenty of good receivers to throw to in Ben Hawkins, Gary Ballman, and Mike Ditka. They may have a busy afternoon.

The Eagles have run for only 457 yards and are playing without top runner Timmy Brown, who is out with injuries. That leaves big boys Israel Lang and Tom Woodeshick to carry the load.

Major League Hockey In Oakland Tonight

OAKLAND (AP) — Major League hockey comes to California tonight as the California Seals entertain the Philadelphia Flyers in a season opener of the expanded National Hockey League.

The game at the Oakland Arena, which seats 12,500 for hockey, is scheduled for 8 p.m. The Seals are rated probably the best team in the new western division with a record of 2-4-3 in exhibition games. The Flyers have a 6-3-2 exhibition record. The western division includes Los Angeles, St. Louis, Pittsburgh and Minnesota in addition to the Bay Area team. The eastern division comprises the old NHL members: Montreal, Toronto, Chicago, Detroit, New York and Boston.

NEW COACH

Bud Poile, former coach of the Seals when they were in the Western League, is now managing the Flyers. Burt Olmstead has replaced him with the Seals.

The Seals lineup has some new faces: Billy Harris from Pittsburgh, Joe Szura of Cleveland and Charlie Burns, a former Seals coach, are at center. Bobby Baun and Kent Douglas, formerly of Toronto, Larry Cahan of Vancouver, Aut Erickson of Victoria and Bob Lemieux of Seattle are on defense.

Right wing is Bill Hicke, No.3 draftee from the New York Rangers and with five years in Montreal behind him. George Swarbrick and Ron Harris are old Seals holdovers. Left Wings are Ron Boehm of Vancouver and Wally Boyer of Portland.

Goalies are Charlie Hodge and Gary Smith.

Bullpups Triumph

San Rafael High School's Class C basketball team defeated Drake's Cees yesterday 34-23 on the San Rafael court.

Gil Hodges Named Mets' Manager

BOSTON (AP) — Gil Hodges left his job as manager of the Washington Senators today for the same job with the New York Mets. He signed for a three-year term.

Hodges' decision to switch teams even though he had a year left on his Washington contract was announced at a news conference attended by Bing Devine, president of the Mets.

Hodges, who finished his illustrious playing career with the Mets in 1963, succeeds Wes Westrum, who resigned shortly before the end of the season. He becomes the third manager in the five-year history of the National League Club, following Casey Stengel and Westrum.

Westrum succeeded Stengel in the middle of 1965 when Stengel broke his hip.

IN CELLAR

Westrum took the Mets to ninth place in 1966 but the team dropped back into the cellar this season.

Hodges took over the staggering Senators during the 1963 campaign and, starting in 1964, Washington finished ninth, eighth and this year tied for sixth.

Devine received permission from General Manager George Selkirk of the Senators last Saturday night to talk with the former Brooklyn Dodger star.

In announcing Hodges' agreement Devine said his club will make a substantial cash payment to the Senators and give them a player to be named later.

Devine said the player will come from the Mets' current 40-man roster.

Terms of the contract were not disclosed. But Hodges said, "I'd say this is the best contract I've ever had in baseball."

Discussing his reasons for changing jobs, Hodges added:

"The most important factor is that I'm coming home. I will be in New York. It was quite a decision to make. My association with the Washington ball club was wonderful at all times. The fans, the people, the front office all have been wonderful."

Hodges said that Yogi Berra would be retained as a Met coach. Hodges said that Berra, who many felt also had been considered for the job, had agreed to stay on in his present position.

Devine said he first talked to Hodges after Monday's World Series game.

"I drove him to the airport and we spent an hour and half together," Devine said. "He indicated he would make a quick decision. He called me yesterday evening and told me of his acceptance."

WITH DODGERS

Hodges, 43, finished his playing career with the Mets ter playing 15 years for the Dodgers in Brooklyn and Los Angeles. He had a career batting average of .273 and hit 370 home runs, knocking in more than 100 runs in seven straight seasons.

His best year was 1954 when he hit .304 and had 42 home runs and drove in 130 runs. He played in seven World Series and was considered one of the best defensive first basemen in baseball. He also played in left field on occasions.

His best day came on Aug. 31, 1950, when he tied a major league record by hitting four home runs in a single game. Hodges owns a bowling alley in Brooklyn, N.Y., and it has been known that he wants to return to his home area.

IT'S DILLON, SHARPEST SHOOTER IN THE WEST

Novato High's Russ Dillon (11), rolling out in early season game behind the protection of Rich Anstey (24) and Jack Straw (85), gets ready to fire one of his pin-point passes. With 37 completions in 67 attempts (55 per cent), the left-handed Dillon has the best passing record in Marin County high schools. See page 39 for statistics. (Independent-Journal photo)

Monumental Boo-Boo In Stadium-Hopping

GOOD LESSON — Shhh! Please don't breathe a word of this to a soul. I'm terribly embarrassed by a monumental boo-boo I committed last week.

You see, I took this out-of-town friend stadium-hopping. You've heard of table-hoppers? Well, I'm a stadium-hopper. When two games are being played simultaneously in Marin, I'll watch one for awhile, then drive to the other.

Thus, we went to San Rafael High School Friday night, watched Terra Linda jump off to a quick 13-0 lead over San Rafael, then decided to hop down to Kentfield for the College of Marin-Sierra game.

Arriving early in the second quarter, we were shocked to see Sierra leading 34-6. When it became a 41-18 rout at halftime, I turned to my friend and expertly advised: "Aw, come on, let's get outta this massacre. We'll get blood on our suits. The Donner Party had a better chance in the Sierra than Marin's Tars."

With that we departed and returned to San Rafael.

Greatest Comeback Since Bridie

What we missed at Kentfield by our hasty, ill-advised departure was the greatest comeback since Bridie Murphy.

I didn't know about it until the next morning when I read Kimo Campbell's stirring account of Marin's 42-41 victory and even then I couldn't believe it.

Ring . . . Ring . . . Ring. "Hello, Kimo? This is your leader. You're a real funny guy, Kimo. What an imagination! What fiction! You belong in Hollywood, Kimo. Give me a drag off that pipe, will you? And, oh yes, one more thing, Kimo. You're fired. Kimo savvy?"

Well, fortunately, Kimo had enough witnesses to verify his accurate report on Marin's tremendous comeback. Coach Dick Read's halftime pep talk must have been a corker. Truly Marinspirational, for his Tars dominated the second half 24-0 in the greatest reversal of form since Carol Doda did an about-face in a room full of Twiggies.

We Learned Our Lesson

Anyway, taught us a good lesson. They really polished up that old adage about never quitting in the face of adversity, the ballgame's never over until the last out, and behind every dark cloud there's a silver lining.

And as for rats deserting a sinking ship . . . well . . er . . . please don't tell a soul about my embarrassing story. Especially my out-of-town friend who still doesn't know what he missed because of my poor judgment. He'll kill me.

FAN FARE — Marin's football attendance seems to be enjoying a banner year, especially the nocturnal contests.

Three night games here last weekend attracted more than 13,000 persons, with an overflow crowd of 4,500 at the San Rafael-Terra Linda game, 4,000 at the Marin-Sierra thriller and 4,900 at the Drake-St. Ignatius game. The latter must have been a local record crowd for a non-league contest.

Tremendous Marin Following

St. Ignatius seems to have a tremendous following in Marin. Pick out all the Irish and Italian names in the Marin phone directory and chances are they are S.I. alumni. Holy mackeral-snappers!

Incidentally, S.I. rooters are hardy souls. They remain standing throughout the entire contest, sitting only at halftime. The S.I. bench also was untouched by human anny-fays as the players never sit, either.

Getting back to football attendance, the Drake-Terra Linda game on Saturday night, Oct. 21 should draw the biggest crowd of the year. Most Marin County Athletic League observers figure this one will determine the championship, so plan to get there early.

Marin Coach Still Jittery After Fantastic Comeback

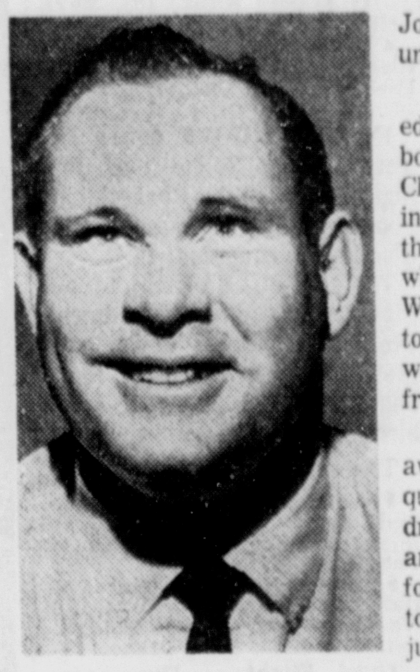
College of Marin may be in the Golden Valley Conference football driver's seat after last Friday's harrowing win over defending champion Sierra but don't talk too much to coach Dick Read about drivers' seats.

He's still trying to calm down from the wild ride he and his Tars were on Friday night, while starting to worry about this coming Saturday night's game against Yuba in Marysville.

KEYSTONE COPS

The Tars, in case any one hasn't heard, won, 42-41, Friday night in a game that combined the finer points of the Keystone Cops, John Wayne heroics, Marvel Comics and old fashioned inspired football. They won after trailing by as much as 34-6 and 41-18 in the first half.

"Well, I think my feet are finally on the ground," Read said yesterday morning, in a more or less calm voice.



DICK READ
Back to earth

He certainly didn't feel so calm during the first half Friday night, or even directly before that. He felt like a football Job dogged by an overdose of unexpected misfortunes.

"All kinds of things happened," Read said. "Two of our boys, including Terra Linda's Chris Andersen, showed up with injuries before game time and they couldn't play. And look what happened in the first half. We gave them three of those touchdowns. Three fumbles. I was going out of my mind with frustration."

Read wouldn't take anything away from Sierra's brilliant quarterback Ivan Lippi, who drove the Tars batty with an amazing first-half passing performance before being forced to leave the game with an injury.

'JUST GREAT'

"He was just great," Read said. "I don't know exactly what would have happened if he had been playing in the second half. We just didn't pressure him in

Parseghian Surprised By 12-Point Spread Irish Have Over Trojans

CHICAGO (AP) — Top-ranked Southern California and fifth-ranked Notre Dame don't meet until Saturday in what could be the football game of the year but the Irish already have been guilty of one fumble.

It was committed by Coach Ara Parseghian who literally dropped the telephone yesterday when he was asked how it felt to be favored by 12 points over the No. 1 team in the nation.

"Get off it," laughed Ara as he went on to relate the merits of both clubs and explain Notre Dame's 51-0 victory over the Trojans last year which sewed up the national title for the Irish.

Usually the oddsmakers and football pollsters are in accord but someone apparently blew it this week in a game which commands the national spotlight.

Southern Cal must win it or make a tremendous effort if the pollsters are to come up smiling.

Notre Dame, on the other hand, has to win rather easily if the oddsmakers are to save face.

"I can't ever recall the No. 1 team being a two touchdown dog," said one bookmaker. "Sure, I've known the top team being the dog by a point or two or even a touchdown when they're on the road. Two touchdowns? Never. But that's the line and that's what we have to go by. Who do you want to bet on?"

Parseghian, for abvious reasons, sloughed off talk about the odds and compared Southern Cal's offense to that of the Irish of 1966 when Notre Dame had the running of Nick Eddy and Larry Conjar to back up the passing of Terry Hanratty.

Parseghian called Steve Sogge "a fine quarterback" whose ability to click on 37 of 59 passes has been helped along by the threats posed by halfbacks O. J. Simpson and Jim Lawrence and the pass catching antics of sophomore Earl McCullouch.

McCullouch and Simpson make up half of Southern Cal's world record-breaking 440-yard relay team. McCullough, in football shoes, ran the 40-yard dash in 4.4, Simpson 4.5 and Lawrence 4.6.

Add to this the 4.8 timing of defensive end Jim Gunn and the 4.9 of linebacker Adrian Young plus the fact that the Trojans have one of the top offensive linemen in the nation in Ron Yary, it's hard to see Southern California as a two touchdown underdog.

Since that 51-0 beating by Notre Dame which Parseghian called "just one of those things", Southern Cal lost to Purdue 14-13 in the Rose Bowl and this season is 4-0 having defeated Washington State 49-0, Texas 17-13, Michigan State 21-17 and Stanford 30-0.

But then, it's like the man said "Who do you want to bet on?"

Cerrudo Among Golf Leaders

Ron Cerrudo of San Rafael and Bob Smith of Sacramento are close friends.

They're only a stroke apart.

Cerrudo is at 283 and Smith 282 at the halfway mark of the 144-hole PGA Tour qualification tournament at Palm Beach Gardens, Fla., putting them in the top 10 so far.

Gibby Gilbert of Florida shot a 71 yesterday to take over the lead with a 280 total.

Cerrudo had been the leader in the early rounds with an opening 67, followed by a 70. But he slipped to a 74 in the third round, then followed with a 72 yesterday.

The top 30 finishers in the tournament's field of 106 qualify for the PGA tour.

the first half. But Tom Heacox finally got to him and racked him cleanly."

Things did change a little.

"Actually, the whole thing was two separate ballgames," Read said. "We were kind of ashamed of that first half. We got momentum in the second half and really got going, putting pressure on them defensively."

Read singled out the front wall of the Tars' defense including Heacox, Jim Crisp and Bill Hickerson.

"They really did a job," he said.

The Tars work on a game situation exercises during their regular practice, letting the offense run in an under two-minutes-left situation.

INGRAM PRAISED

"I guess that helped us quite a bit," he said. "But so did Bill Ingram."

Read may have found the quarterback he needs in the former Drake star.

"I was really pleased with him," he said. "He settled the boys down in the last minute or so when things got a little frantic. His passing was outstanding."

Ingram passed for 200 yards, 6 of which came in the final 33 seconds on a toss to Dick Otis for the touchdown that put the Tars at 40-41 and set the stage for their winning two-point conversion.

STOMACH CRAMPS

Read also praised another Drake flash, halfback Dean Lazzarini, who was running well despite stomach cramps and got the ball inside the 10-yard line on the Tars' last ditch drive.

But for the Tars, who have survived one ordeal, it may just be the beginning.

"Yuba, I would say, is just as tough as Sierra," Read said. "Those kids know how to pop. This is going to be a real balanced league. Everybody will be tough."

If Yuba is a lot like Sierra, it could be another wild night for the nerve-wracked Read and his Tars.

"I hope not," Read said.

Smith Key To Cal's Defense

BERKELEY (AP) — Bobby Smith stands as a major reason the University of California Bears sport a 3-1 record this football season, their best mark to this point since 1952.

The senior defensive back has come into his own just in time, for this year California faces some of the nation's top quarterbacks.

Already the Bears have seen Notre Dame's Terry Hanratty, Michigan's Dick Vidmer and an Air Force team which threw 40 passes last week.

This Saturday night California goes against UCLA and its great Gary Beban in Los Angeles. On the docket the next four weeks are Syracuse's Rick Casseta, Washington's Tom Manke, Southern California's Steve Sogge and San Jose State's Danny Holman.

STARTER

The 6-foot-3-inch, 185 - poun Smith has started every game but one for California since graduating from the freshman team.

Bobby had only a short distance to travel from high school to college. He starred in football at Berkeley High School and compiled a 3.2 academic average. He enrolled at California after an application for Georgia Tech was turned down.

As a sophomore Smith experienced ups and downs. He did swing the tide of the Oregon game. With Cal leading 3-0 in the first quarter and the Ducks moving toward the Bears' goal, Bobby plucked off a pass and raced 90 yards to the Oregon five. The Bears went on to score and win.

As a junior halfback he intercepted three passes. Thus far in four games as a senior he has intercepted two passes. One, against Oregon again, set up California go - ahead touchdown. The second came against Notre Dame when he ran a Hanratty throw back 50 yards even though Cal eventually lost 41-8.

A diving deflection of a sideline, end zone pass last Saturday by Smith was a major play in preserving Cal's 14 - 12 victory over the Air Force. That pass was one of the few the Falcons tried in his zone.

In the Notre Dame game, Smith limited Jim Seymour to only a pair of receptions in his zone. Bobby looks forward both to graduate school in business and professional football. His father once told him:

"If football ever gets in your blood, you'll play until you can't go any more."

The field was divided into four flights for this tournament, which was scored on a point system giving one point for a bogey, two for par, four for a birdie and eight for an eagle.

The results:

Second Flight — John Cerrudo, plus four; Stan Park, Jim Wessman and Marty Goulson, minus two.

Third Flight — Don Faber Bob Kilgore and Ron McLennan, minus two; Ed Kalfain, minus three.

Fourth Flight — Bill Onorato, plus seven; John Gould and Ernie Joe, minus one; Mert Jacobs and Boris Pash, minus two.

JACK O'BRIEN of the finance department shot a 76 for low gross honors and Billy Osborn of the Parks and Recreation Department shot a 92-24-68 for low net honors in the first Mill Valley Employee Assoication golf tournament at Mill Valley Municipal golf course last Saturday.

Cerrudo Among Golf Leaders

Ron Cerrudo of San Rafael and Bob Smith of Sacramento are close friends.

They're only a stroke apart.

Cerrudo is at 283 and Smith 282 at the halfway mark of the 144-hole PGA Tour qualification tournament at Palm Beach Gardens, Fla., putting them in the top 10 so far.

Gibby Gilbert of Florida shot a 71 yesterday to take over the lead with a 280 total.

Cerrudo had been the leader in the early rounds with an opening 67, followed by a 70. But he slipped to a 74 in the third round, then followed with a 72 yesterday.

The top 30 finishers in the tournament's field of 106 qualify for the PGA tour.

MYSTIC ISLAND, N.J. — Michael Thomas, 31, of Harvey Cedars, N.J., a noted hydroplane driver, was crushed to death when a tractor he was attempting to load on a flatbed truck overturned on him.

Warriors Rally To Tip Lakers In Exhibition

FRESNO (AP) — The San Francisco Warriors, behind the scoring of former Los Angeles Lakers Jim King and Rudy LaRusso, beat the Lakers 122-120 in both teams' final exhibition game of 1967.

The Lakers led 95-71 at one point in the third quarter, but the Warriors scored 42 points in the fourth period to Los Angeles' 23 to gain the victory.

King scored 26 and LaRusso 24 for the winners; Elgin Baylor scored 29 to lead both teams.

Laker guard Jerry West was injured slightly in the second quarter of the game. He was bumped hard in the right thigh and suffered a charlie horse.

Later, however, the team trainer said West probably would be ready to play in the Lakers' home opener, Oct. 17 in Chicago.

TARS

Continued from page 37

the first half. But Tom Heacox finally got to him and racked him cleanly."

Things did change a little.

"Actually, the whole thing was two separate ballgames," Read said. "We were kind of ashamed of that first half. We got momentum in the second half and really got going, putting pressure on them defensively."

Read singled out the front wall of the Tars' defense including Heacox, Jim Crisp and Bill Hickerson.

"They really did a job," he said.

The Tars work on a game situation exercises during their regular practice, letting the offense run in an under two-minutes-left situation.

INGRAM PRAISED

"I guess that helped us quite a bit," he said. "But so did Bill Ingram."

Read may have found the quarterback he needs in the former Drake star.

"I was really pleased with him," he said. "He settled the boys down in the last minute or so when things got a little frantic. His passing was outstanding."

Ingram passed for 200 yards, 6 of which came in the final 33 seconds on a toss to Dick Otis for the touchdown that put the Tars at 40-41 and set the stage for their winning two-point conversion.

STOMACH CRAMPS

Read also praised another Drake flash, halfback Dean Lazzarini, who was running well despite stomach cramps and got the ball inside the 10-yard line on the Tars' last ditch drive.

But for the Tars, who have survived one ordeal, it may just be the beginning.

"Yuba, I would say, is just as tough as Sierra," Read said. "Those kids know how to pop. This is going to be a real balanced league. Everybody will be tough."

If Yuba is a lot like Sierra, it could be another wild night for the nerve-wracked Read and his Tars.

"I hope not," Read said.

Smith Key To Cal's Defense

BERKELEY (AP) — Bobby Smith stands as a major reason the University of California Bears sport a 3-1 record this football season, their best mark to this point since 1952.

The senior defensive back has come into his own just in time, for this year California faces some of the nation's top quarterbacks.

Already the Bears have seen Notre Dame's Terry Hanratty, Michigan's Dick Vidmer and an Air Force team which threw 40 passes last week.

This Saturday night California goes against UCLA and its great Gary Beban in Los Angeles. On the docket the next four weeks are Syracuse's Rick Casseta, Washington's Tom Manke, Southern California's Steve Sogge and San Jose State's Danny Holman.

STARTER

The 6-foot-3-inch, 185 - poun Smith has started every game but one for California since graduating from the freshman team.

Bobby had only a short distance to travel from high school to college. He starred in football at Berkeley High School and compiled a 3.2 academic average. He enrolled at California after an application for Georgia Tech was turned down.

As a sophomore Smith experienced ups and downs. He did swing the tide of the Oregon game. With Cal leading 3-0 in the first quarter and the Ducks moving toward the Bears' goal, Bobby plucked off a pass and raced 90 yards to the Oregon five. The Bears went on to score and win.

As a junior halfback he intercepted three passes. Thus far in four games as a senior he has intercepted two passes. One, against Oregon again, set up California go-ahead touchdown. The second came against Notre Dame when he ran a Hanratty throw back 50 yards even though Cal eventually lost 41-8.

A diving deflection of a sideline, end zone pass last Saturday by Smith was a major play in preserving Cal's 14 - 12 victory over the Air Force.That pass was one of the few the Falcons tried in his zone.

In the Notre Dame game, Smith limited Jim Seymour to only a pair of receptions in his zone. Bobby looks forward both to graduate school in business and professional football. His father once told him:

"If football ever gets in your blood, you'll play until you can't go any more."

BOATING

Enthusiasm, Ingenuity Can Extend Your Season

By STAN DAVIES

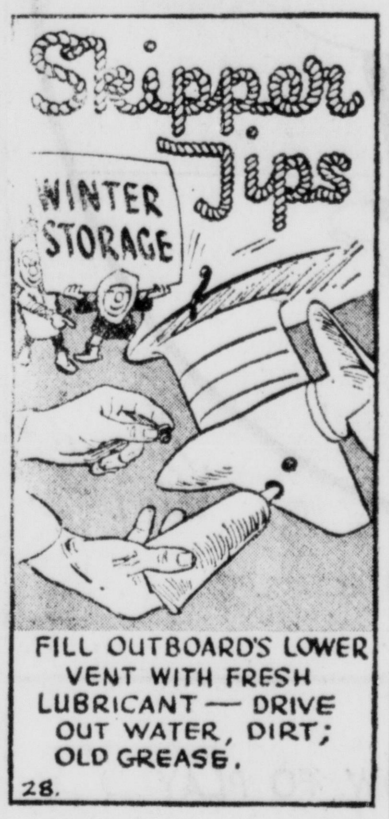
Sometimes you hear of a boater, who really likes the sport and the healthy outdoor activity it entails, selling his boat because, as it's often put, "It costs too much for what you get out of it."

Of course "getting the most out of one's boat" depends almost entirely on the enthusiasm and ingenuity of the individual. For instance, I knew a water skier, actively engaged in competition, who only last year discovered that buying a scuba diver's "wet suit" allowed him to extend the time he could practice by three months every year. With a foam rubber wet suit, it's possible to ski almost any day of the year, unless you live in a part of the country where the water freezes.

Another man I know . . . an ardent fisherman . . . sold his large boat and got a trailer boat that now goes everywhere. He just had the wrong kind of boat.

Still another had to give up because he "just couldn't fix anything." After he had read a do-it-yourself boat fix-it book, he tried again and is very happy.

Obviously it's a big topic, as some of these questions I've been asked this year indicate:



FILL OUTBOARD'S LOWER VENT WITH FRESH LUBRICANT — DRIVE OUT WATER, DIRT; OLD GREASE.
28.

Q. I have a canvas "camper top" for my big runabout so we can use it in cool weather. I'm told it's illegal to operate with it up. Is this so?

A. As long as you can keep a proper lookout for other boats, all the regulations I can find don't care if you are carrying a circus tent. But if you should get into an accident, and someone demonstrates that you couldn't see out properly, you could be in trouble.

Q. Can you use boat costs as an entertainment expense on your income tax return?

A. Yes, if it is a bona fide expense. It's done every day. Check with a tax man. Keep a close check on how much of the total boat use is devoted to the entertainment.

Q. How can I replace the "non-skid" paint on the inside of my aluminum duck hunting boat?

A. First, the aluminum must be primed with zinc chromate primer, available at aluminum boat dealers or aircraft supply houses. This gives other type paints something to stick to. Then apply two coats of exterior boat paint and, before the second dries, sprinkle it with well-washed, and dried, fine sand. Many boating supply establishments also sell fine emery for the job. One aluminum manufacturer uses a popular brand of fleck paint. His non-skid surface is just flecks of paint on paint.

Q. Can you train a dog to retrieve from a boat?

A. I know a Labrador retriever that has been trained to bring ducks back to a boat and climb a small ladder or stair which his owner has built to hang over the side. Teach him to use it on land first.

Q. There's a long stretch of river to our hunting camp. Often, we are held up by slow boats. Anything we can do?

A. You can be patient. The guy you are overtaking has the right of way, and if you do him any harm in passing, you are responsible. You might buy a loud hailer and ask him . . . very courteously . . . to let you pass. But it's certain you'll run into someone who'll refuse.

Q. How do you tighten a rivet on an aluminum boat?

A. Get an auto-body shop dolly block (or some other heavy piece of iron) for backing, place it on the head of the rivet and tap the expanded end (usually on the inside of the boat) with the ball end of a ball-peen hammer. This will expand the rivet throughout its length . . . which is the objective . . . to fill the hole. If you have to replace a rivet, a dealer in aluminum boats will get one for you. Be sure it's a sung fit, then treat as above.

'MEET OF CENTURIES'

Happy Birthday Spree By San Rafael Swimmer

Cookie Arrighi, competing for the first time in girls' 13-14 age group, had quite a time in leading host San Rafael Swim Club to the team title of the second annual "Meet of the Centuries" held Saturday and Sunday in College of Marin's pool in Kentfield.

Cookie, who just turned 13 a few days prior to the meet, was a triple winner, taking top prize in the 100-yard backstroke (1:11.4), 100-yard butterfly (1:08.7) and 200-yard individual medley (2:28.3). She also took a second, a fourth and was a member of two winning relay teams.

San Rafael won the team trophy by scoring 558 points to 254 for second place Tamalpais Swim Club of Mill Valley and 210 for third place Santa Rosa Neptunes.

Lucy Suttles was a double winner for San Rafael, winning the 100 fly (1:10.0) and 200 I.M. (2:31.0) in girls' 11-12 age group.

Bobby Placak won boys' 8 and under 50 breast; Katie Parnow won girls' 11-12 100 breast and Tom Panges won in 13-14 boys' 100 breast.

Other individual point winners for the San Rafael team were Rita Nederman, Bebe Bryans, Jo Hislop, Leslie Bryans, Mary Andrews, Linda Nederman and Jeff Kahler.

Redwood Star Grabs Marin Scoring Lead

There is something very distinctive about this week's Marin County Athletic League football statistics.

Nothing much has changed.

The only exception is in the scoring column, and it's quite a jump.

Redwood halfback Larry Blackwell came out of nowhere to jump into the top scorer position with a six-touchdown total for 36 points, one TD ahead of last week's leader, Terra Linda halfback Keith Stirling.

BIG HAUL

Blackwell made the big haul on the strength of a four-touchdown binge against Galileo of San Francisco. He had scored a pair of touchdowns prior to last Friday's game.

Otherwise, it's the same as before all the way around, with Stirling holding the rushing lead, Novato junior Russ Dillon in the passing lead and teammate Mike Ahern remaining top pass receiver.

Novato's No. 60 Hits Hard And Often, Wins I-J Honors

Although Novato High School may have one of the best quarterbacks in the Marin County Athletic League in junior Russ Dillon, they still talk a lot about No. 60 these days.

He sticks, as coach Al Scott likes to put it, and he sticks out.

No. 60 is Corey Parfitt, middle linebacker in Novato's 5-3 defence, offensive guard, a boy who likes to hit.

Parfitt was all over the field Saturday afternoon at College of Marin Stadium, playing both ways most of the game, making four unassisted tackles and assisting on 11 others as he helped Novato smother a highly touted Tamalpais offense in a 20-7 upset win.

TYPICAL PERFORMANCE

It was another typical Parfitt performance but this one earned him the Independent-Journal's Prep of the Week honor.

Parfitt, a returning starter from last year's team that won only two league games, has been performing like a reassuring bulwark in every game, which may partly account for the Hornets' 3-1 won-lost record to date.

He has taken part in at least a third of the team's tackles with an official count of 15 unassisted tackles, and 45 assists.

"He's recovered one fumble and caused at least three or four others," Scott said. "He'll do anything you ask him. He's batted down at least a half dozen passes."

COREY PARFITT
Likes to hit

Corey, son of Mrs. Anne C. Parfitt, 1280 Denlyn Street, Novato, thinks it's a matter of being in the right place at the right time.

"You have to contain the backs," he said. "You have to follow the flow of the play and be there."

He likes to play both ways, something he didn't do last year when he was a defensive starter.

"It gives me more to do," he said. "It makes me feel more useful."

Parfitt has been praised by friend and foe alike.

"We get quite a few comments about him after a game," Scott said. "Willie Hector of Tam was impressed with him. So was Petaluma coach Don Boucher."

Most of all, Scott and his aides are impressed with Parfitt and can't say enough about his value to the Hornets.

"We were watching films of the Petaluma game the other day," Scott said. "One of our coaches said, 'You know if we lost Corey for any reason our stock would go down 100 per cent.'

"He's only a 160-pounder," Scott said. "But if he weighed 220 pounds, they'd have to outlaw him from football."

TOP WRESTLER

Corey, who's also a top wrestler with a trip to the state meet on his record, simply likes to hit.

"Hitting isn't hard no matter how big the back is," he said, "if you want to hit him."

Corey thinks the Hornets have a good chance for the title after their rebound win last week.

"Terra Linda will be the toughest team," he said. "But I think we can do it."

If the Hornets had another bunch of Parfitts (and some more Dillons) they may just do it.

"Corey plays only one way," Scott said, "that's 105 per cent."

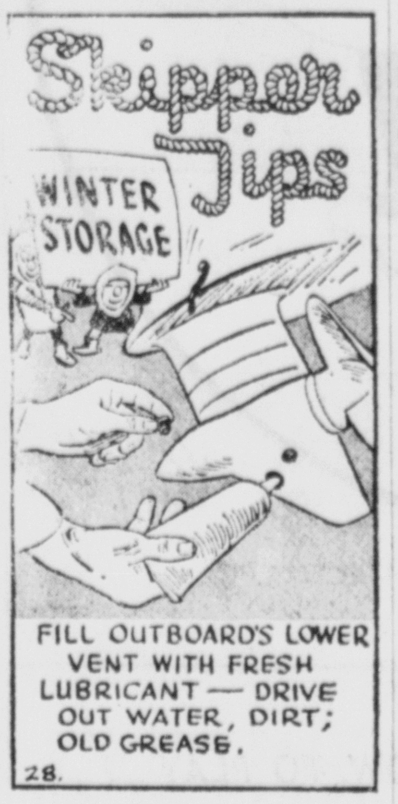
BOATING

Enthusiasm, Ingenuity Can Extend Your Season

By STAN DAVIES

Sometimes you hear of a boater, who really likes the sport and the healthy outdoor activity it entails, selling his boat because, as it's often put, "It costs too much for what you get out of it."

Of course "getting the most out of one's boat" depends almost entirely on the enthusiasm and ingenuity of the individual. For instance, I knew a water skier, actively engaged in competition, who only last year discovered that buying a scuba diver's "wet suit" allowed him to extend the time he could practice by three months every year. With a foam rubber wet suit, it's possible to ski almost any day of the year, unless you live in a part of the country where the water freezes.



Skipper Tips
WINTER STORAGE
FILL OUTBOARD'S LOWER VENT WITH FRESH LUBRICANT — DRIVE OUT WATER, DIRT; OLD GREASE.
28.

Another man I know . . . an ardent fisherman . . . sold his large boat and got a trailer boat that now goes everywhere. He just had the wrong kind of boat.

Still another had to give up because he "just couldn't fix anything." After he had read a do-it-yourself boat fix-it book, he tried again and is very happy.

Obviously it's a big topic, as some of these questions I've been asked this year indicate:

Q. I have a canvas "camper top" for my big runabout so we can use it in cool weather. I'm told it's illegal to operate with it up. Is this so?

A. As long as you can keep a proper lookout for other boats, all the regulations I can find don't care if you are carrying a circus tent. But if you should get into an accident, and someone demonstrates that you couldn't see out properly, you could be in trouble.

Q. Can you use boat costs as an entertainment expense on your income tax return?

A. Yes, if it is a bona fide expense. It's done every day. Check with a tax man. Keep a close check on how much of the total boat use is devoted to the entertainment.

Q. How can I replace the "non-skid" paint on the inside of my aluminum duck hunting boat?

A. First, the aluminum must be primed with zinc chromate primer, available at aluminum boat dealers or aircraft supply houses. This gives other type paints something to stick to. Then apply two coats of exterior boat paint and, before the second dries, sprinkle it with well-washed, and dried, fine sand. Many boating supply establishments also sell fine emery for the job. One aluminum manufacturer uses a popular brand of fleck paint. His non-skid surface is just flecks of paint on paint.

Q. Can you train a dog to retrieve from a boat?

A. I know a Labrador retriever that has been trained to bring ducks back to a boat and climb a small ladder or stair which his owner has built to hang over the side. Teach him to use it on land first.

Q. There's a long stretch of river to our hunting camp. Often, we are held up by slow boats. Anything we can do?

A. You can be patient. The guy you are overtaking has the right of way, and if you do him any harm in passing, you are responsible. You might buy a loud hailer and ask him . . . very courteously . . . to let you pass. But it's certain you'll run into someone who'll refuse.

Q. How do you tighten a rivet on an aluminum boat?

A. Get an auto-body shop dolly block (or some other heavy piece of iron) for backing, place it on the head of the rivet and tap the expanded end (usually on the inside of the boat) with the ball end of a ball-peen hammer. This will expand the rivet throughout its length . . . which is the objective . . . to fill the hole. If you have to replace a rivet, a dealer in aluminum boats will get one for you. Be sure it's a sung fit, then treat as above.

'MEET OF CENTURIES'

Happy Birthday Spree By San Rafael Swimmer

Cookie Arrighi, competing for the first time in girls' 13-14 age group, had quite a time in leading host San Rafael Swim Club to the team title of the second annual "Meet of the Centuries" held Saturday and Sunday in College of Marin's pool in Kentfield.

Cookie, who just turned 13 a few days prior to the meet, was a triple winner, taking top prize in the 100-yard backstroke (1:11.4), 100-yard butterfly (1:08.7) and 200-yard individual medley (2:28.3). She also took a second, a fourth and was a member of two winning relay teams.

San Rafael won the team trophy by scoring 558 points to 254 for second place Tamalpais Swim Club of Mill Valley and 210 for third place Santa Rosa Neptunes.

Lucy Suttles was a double winner for San Rafael, winning the 100 fly (1:10.0) and 200 I.M. (2:31.0) in girls' 11-12 age group.

Bobby Placak won boys' 8 and under 50 breast; Katie Parnow won girls' 11-12 100 breast and Tom Panges won in 13-14 boys' 100 breast.

Other individual point winners for the San Rafael team were Rita Nederman, Bebe Bryans, Jo Hislop, Leslie Bryans, Mary Andrews, Linda Nederman and Jeff Kahler.

FINDS ACE

Today's hand, taken from H. W. Kelsey's fine new book "Killing Defense at Bridge," has rubber bridge players in mind. West wins the first trick with the king of spades and naturally realizes that his partner must hold the ace of spades.

West deduces that East cannot have the queen of diamonds since he would have responded to the opening bid with an ace and a queen. It is unlikely that East has a trump trick.

The best chance to defeat the contract, Kelsey maintains, is to try for two club tricks. At the second trick West should switch to the three of clubs!

FALLS INTO TRAP

South will probably play a low club from dummy, hoping that West has led from a suit headed by K-10 Q-10. This allows East to win the first club with the ten.

East returns a club, forcing out the ace. When West gets his ace of diamonds he cashes a club trick to defeat the contract.

TOURNEY PLAY

At tournament bridge West cannot afford to try this imaginative defense for fear that South will score an overtrick if he has the ten of clubs or suspiciously plays the jack of clubs from dummy.

West must shift to the king of clubs at tournament bridge to make sure of holding South to ten tricks.

Note that West must shift to clubs at any kind of bridge. If West continues spades at the second trick he may be a very fine citizen, but he is neither a rubber nor a tournament bridge player.

What do you say?

ANSWER: Bid three spades.

This jump raise, forcing to game, promises strong trump support with 13 to 16 points in distribution and high cards. In this case you have 13 points in high cards and 1 point for the doubleton. The trump support is just a shade weak, but the jump raise is still the best bid available.

What do you say?

ANSWER: Bid three spades.

This jump raise, forcing to game, promises strong trump support with 13 to 16 points in distribution and high cards. In this case you have 13 points in high cards and 1 point for the doubleton. The trump support is just a shade weak, but the jump raise is still the best bid available.

Another Poverty War Hearing Set In New Flareup At Supervisors

By WAT TAKESHITA

Tempers flared again yesterday as the Marin County Board of Supervisors mulled the question of what to do with War on Poverty in San Geronimo and Nicasio Valleys for an hour and a half.

After hearing from an angry delegation from San Geronimo Valley, who want to be excluded from the War on Poverty program, supervisors set another hearing for 4 p.m. Nov. 7 in the supervisors chambers at the Civic Center.

Mrs. Stanley R. Frederick of Lagunitas, speaking for the San Geronimo Valley Association, said her group is "opposed to the intrusion of the Economic Opportunity Council" into the valley.

She charged that methods used by EOC have been "arrogant and overwhelming" and constitute "invasion of privacy."

"The EOC does not offer any program not already provided by other means," she said. "Operational methods of EOC are questionable on moral and ethnical grounds and repugnant to the principles" on which the country was founded.

Richard Poppe of Forest Knolls, who has been conducting a survey of the valley, announced that only about 3.1 per cent of the families fall into the poverty category under Office of Economic Opportunity standards.

Peter Knoedler of Woodacre again asked for a complete audit of EOC funds in Marin County. "I think you owe it to the county."

County Counsel Douglas J. Maloney said he believes the supervisors have no authority to order an audit of EOC funds except county funds.

Victor Henry Cary, executive director of the Marin County Economic Opportunity Council, said he welcomes an audit and would so recommend to the EOC. Cary said he has one person working as liaison with the San Geronimo Valley, but the EOC "is not at this time actively engaged in plans involving the poor in the San Geronimo Valley."

Supervisors, who had previously voted its intent to delete San Geronimo and Nicasio Valleys from the EOC program, learned from the county counsel that such action cannot be taken unilaterally without consent from EOC.

The supervisors finally decided to continue the hearing until Nov. 7 to get a report regarding the possibility of an audit and an amendment to the contract to delete San Geronimo.

Kettenhofen said he favored postponing the hearing until next April at budget time. "We don't have any authority until then," said Kettenhofen.

Mrs. Beorgette Vilas of Nicasio asked that "the door be left open" for some type of program. Michael Healy of San Geronimo recited his experiences in the valley, announcing that he had been ostracized for sticking up for EOC, and a couch had been burned in front of his home.

When Mrs. Frederick launched into a long recitation of how rumors had been circulated about "hippies" and the use of four-letter words in the community church, supervisors called for a halt.

"This is the kind of evidence on which innocent people are hanged," said Peter H. Behr.

"I just don't want to listen to rumors and gossip," snapped Ernest N. Kettenhofen. "This is not on the agenda. I'd like to go on with the agenda."

"The more I see of War on Poverty and the confusion, the more I want to see the whole thing scrapped," said Chairman Thomas T. Storer. He said he prefers to have the money given to the counties on a population basis for the counties to handle the program themselves.

He then postponed further discussion for four weeks.

Drunken Driving Charge In Court

Bertha Elizabeth Bedilion, 47, of 855 Tiburon Boulevard, Tiburon, was arraigned in Marin Municipal Court yesterday on a felony count of drunken driving which involved a wreck and injury.

Plea entry was scheduled for 1:30 p.m. Monday.

Tiburon sheriff's deputies said a Belvedere police officer, Duffy L. Midyett, 32, was chasing a speeding vehicle Aug. 30 on Tiburon Boulevard when the defendant turned across the road toward her driveway and a collision occurred.

Midyett suffered multiple face scrapes and bruises. Mrs. Bedilion suffered a scalp cut.

Solar Satellite Launching Set

CAPE KENNEDY, Fla. (AP) — The space agency said today it will launch a satellite to probe the sun next week, about the time two other spacecraft rendezvous with the planet Venus.

Sun-studying Oso 4, the fourth orbiting solar observatory, is to rocket into orbit Oct. 18 from a Cape Kennedy launch pad to continue studies of the sun and its influence on earth's atmosphere.

One day later, America's Mariner 5 is to finish a 200-million-mile trip through space it began from Cape Kennedy last June 14, flying within 2,500 miles of Venus to make scientific observations. A heavier Russian probe, Venus 4, will arrive at the planet on Oct. 18, beating Mariner 5 by about 24 hours.

Kindergarten On Nicasio Discussion

The Nicasio School District Board will discusse inauguration of a kindergarten class at Nicasio school during its meeting at 8 p.m. today at the school.

Board member Nick Kobseff said a representative of the county school superintendent's office will offer the board ideas on the formation of a kindergarten.

Another item on the agenda, said Kobseff, will be a discussion of extending hours of the speech therapy class at the school. There is a speech therapy class a half day a week at the present time, said Kobseff, and the board wants to extend it to a full day.

The matters were on the agenda for Monday night's meeting, but the debate leading to the dismissal of Mrs. Garnet Brennan, principal and teacher, for her admitted marijuana smoking, took up the entire evening.

Volunteers Sort Books For Sale At Arts Festival

A volunteer group is working overtime this week to sort and price more than 4,000 books to be sold Saturday and Sunday during the Mill Valley Fall Arts Festival in Old Mill Park.

David Forsberg, secretary of the Mill Valley Library Association which sponsors the book sale, heads the sorting group.

Book prices will range from one cent up. In the higher price brackets will be a first American edition of Andre Gide's "The Counterfeiters," an autographed copy of a book by Arctic explorer Vilhjalmer Stefansson, and sets of the Encyclopedia Britannica.

The sale is a benefit for the Mill Valley library. Mill Valley Rotary Club members will man the booth during fair hours of 10 a.m. to 6 p.m.

Junior Colleges Bonds Defeated

MARTINEZ (UPI) — Contra Costa County voters have defeated a $49,335,000 bond measure which would have financed two new junior colleges.

The measure needed two-thirds support to pass, but it received 26,772 yes votes to 23,740 no votes.

It marked the third time in 19 months that the issue was defeated.

SHORT-HAUL SPEEDSTER

Lockheed-California Co. of Burbank is studying this compound rotorcraft as an answer to the short-haul problem. It could fly 30 passengers between centrally located heliports—averaging 200 miles per hour on a trip between New York and Washington, D.C. Present jets give their passengers an overall speed of only 76 miles per hour from city center to center because of ground transport delays.

Stock Market Loses Ground; Trade Active

NEW YORK (AP)—The stock market closed with another loss today. Trading was active.

Glamor stocks were subjected to further profit taking.

Analysts saw the market as nervous in view of the continued uncertainty over a tax increase and the rising trend of interest rates.

Among other leading issues, New York Central climbed about 2 points and IBM more than 3 while gains of a point or so were made by Pennsylvania Railroad and Xerox. Eastman Kodak was up about 2.

Amphenol was active and ahead about 3 following published reports of a possible merger.

Baxter Laboratories paced the list on volume and was down nearly a point.

Down about a point in active trading were Harvey Aluminum, Sperry Rand and Standard Oil of California.

Polaroid was off about 3 points and Procter & Gamble 2.

Rails cut their losses on average as New York Central added about 2 and Pennsylvania Railroad 1.

Prices on the American Stock Exchange were mostly lower.

SUCCESSFUL INVESTING

Uranium Stock Too Highly Speculative For Youth

By ROGER E. SPEAR

Q. I am 17 and want to invest in a stock called Stanrock Uranium. Is this a good investment? This is my very first dealing in the market. — M.M.

A. It is always a pleasure to help a young man to begin an investment program. I believe, most sincerely though, that your proposed initial purchase will not get you started in the right way. Stanrock Uranium is a highly speculative issue which has had a big percentage rise this year on intensified interest in low-priced shares and in future nuclear power development. Most of the company's product is sold to an agency of the Canadian government and earnings have been moving lower since 1963.

There is a very big, superficial appeal to this type of stock but there is also a great deal of risk which I do not feel you should assume. I suggest that you forget low-priced issues and buy one with a good record of growth in recent years. This may not enhance your capital overnight but may well do so substantially over a period of time.

I advise you to purchase Textron — which I regard as a sound stock with a good potenital for long-term appreciation.

Q. Should idle cash now be invested in bonds rather than common stocks? How liquid do you consider Aaa or Aa-rated bonds? Are Baa or Ba bonds sufficiently high grade for a conservative portfolio? — B.M.

A. If you require income and are otherwise protected against inflation, bonds are attractive at present high-yield levels. A bond's rating has little to do with liquidity, which depends largely on the size of the issue and the number and type of investment houses which make the market. Ratings are not infallible but they do provide broad guidelines, and I believe a conservative investor should confine his purchases to A-rated issues or better.

British-Born Woman Debuts In Yarncraft Shop In San Rafael

A recent opening at 1414 Fourth Street, San Rafael is **Eileen's Yarncrafts**, specializing in yarns imported from British mills, knitting accessories and knitting instructions.

The owner and operator is British-born **Mrs. Eileen V. Howard**, now living in San Rafael. She has been specializing in knitting for many years and previously operated Imports from Britain in Sausalito. Hours are from 10 a.m. to 5:30 p.m. Tuesdays through Saturdays and from 6:30 to 9 on Wednesday evenings. Closed Sundays and Mondays.

A BUTCHERSHOP in the old fashioned concept is the recently established business of **Laurent Welter and Michael Smith** of Novato. They have opened **Grant Avenue Meats** at 850 Grant Avenue in the D and L Market.

Well aged meats and choice cuts are the basis for their merchandising policy, and gourmet cuts are provided to order. Welter was with the Grant Market in San Francisco for 13 years. Smith has been with the Purity chain and formerly worked in San Rafael.

AUTOMATIC RAIN CO., San Rafael outlet of a firm headquartered in Menlo Park, has now opened at 63 Larkspur Street. The company is franchised to handle Rain Bird garden and lawn sprinklers, parts and turf supplies. It occupies part of a new 3,000-square foot building and will lease out the unused space. The company is headed by Robert A. Bradford. A third outlet is located in Walnut Creek.

Robert Feist of Mill Valley is the local manager. He has been with the company about a year. Previously he was in the restaurant business in the midwest and in Santa Rosa.

THE FORMATION of a financial analysis and planning department at **Potlatch Forests, Inc.**, San Francisco finds two Marin men in new positions. Appointed as planning analysts are **William D. Chandler** of Mill Valley and **Ronald C. Ringlien** of Tiburon. Chandler was previously manager of the manufacturing service department of Northwest Paper Co., a Potlatch subsidiary. Ringlien was a financial analyst for Bank of America's international department.

SHORT-HAUL SPEEDSTER

Lockheed-California Co. of Burbank is studying this compound rotorcraft as an answer to the short-haul problem. It could fly 30 passengers between centrally located heliports—averaging 200 miles per hour on a trip between New York and Washington, D.C. Present jets give their passengers an overall speed of only 76 miles per hour from city center to center because of ground transport delays.

Stock Market Loses Ground; Trade Active

NEW YORK (AP)—The stock market closed with another loss today. Trading was active.

Glamor stocks were subjected to further profit taking.

Analysts saw the market as nervous in view of the continued uncertainty over a tax increase and the rising trend of interest rates.

Among other leading issues, New York Central climbed about 2 points and IBM more than 3 while gains of a point or so were made by Pennsylvania Railroad and Xerox. Eastman Kodak was up about 2.

Amphenol was active and ahead about 3 following published reports of a possible merger.

Baxter Laboratories paced the list on volume and was down nearly a point.

Down about a point in active trading were Harvey Aluminum, Sperry Rand and Standard Oil of California.

Polaroid was off about 3 points and Procter & Gamble 2.

Rails cut their losses on average as New York Central added about 2 and Pennsylvania Railroad 1.

Prices on the American Stock Exchange were mostly lower.

SUCCESSFUL INVESTING

Uranium Stock Too Highly Speculative For Youth

By ROGER E. SPEAR

Q. I am 17 and want to invest in a stock called Stanrock Uranium. Is this a good investment? This is my very first dealing in the market. — M.M.

A. It is always a pleasure to help a young man to begin an investment program. I believe, most sincerely though, that your proposed initial purchase will not get you started in the right way. Stanrock Uranium is a highly speculative issue which has had a big percentage rise this year on intensified interest in low-priced shares and in future nuclear power development. Most of the company's product is sold to an agency of the Canadian government and earnings have been moving lower since 1963.

There is a very big, superficial appeal to this type of stock but there is also a great deal of risk which I do not feel you should assume. I suggest that you forget low-priced issues and buy one with a good record of growth in recent years. This may not enhance your capital overnight but may well do so substantially over a period of time.

I advise you to purchase Textron — which I regard as a sound stock with a good potenital for long-term appreciation.

Q. Should idle cash now be invested in bonds rather than common stocks? How liquid do you consider Aaa or Aa-rated bonds? Are Baa or Ba bonds sufficiently high grade for a conservative portfolio? — B.M.

A. If you require income and are otherwise protected against inflation, bonds are attractive at present high-yield levels. A bond's rating has little to do with liquidity, which depends largely on the size of the issue and the number and type of investment houses which make the market. Ratings are not infallible but they do provide broad guidelines, and I believe a conservative investor should confine his purchases to A-rated issues or better.

Another Poverty War Hearing Set In New Flareup At Supervisors

By WAT TAKESHITA

Tempers flared again yesterday as the Marin County Board of Supervisors mulled the question of what to do with War on Poverty in San Geronimo and Nicasio Valleys for an hour and a half.

After hearing from an angry delegation from San Geronimo Valley, who want to be excluded from the War on Poverty program, supervisors set another hearing for 4 p.m. Nov. 7 in the supervisors chambers at the Civic Center.

Mrs. Stanley R. Frederick of Lagunitas, speaking for the San Geronimo Valley Association, said her group is "opposed to the intrusion of the Economic Opportunity Council" into the valley.

She charged that methods used by EOC have been "arrogant and overwhelming" and constitute "invasion of privacy."

"The EOC does not offer any program not already provided by other means," she said. "Operational methods of EOC are questionable on moral and ethnical grounds and repugnant to the principles" on which the country was founded.

Richard Poppe of Forest Knolls, who has been conducting a survey of the valley, announced that only about 3.1 per cent of the families fall into the poverty category under Office of Economic Opportunity standards.

Peter Knoedler of Woodacre again asked for a complete audit of EOC funds in Marin County. "I think you owe it to the county."

County Counsel Douglas J. Maloney said he believes the supervisors have no authority to order an audit of EOC funds except county funds.

Victor Henry Cary, executive director of the Marin County Economic Opportunity Council, said he welcomes an audit and would so recommend to the EOC. Cary said he has one person working as liaison with the San Geronimo Valley, but the EOC "is not at this time actively engaged in plans involving the poor in the San Geronimo Valley."

Supervisors, who had previously voted its intent to delete San Geronimo and Nicasio Valleys from the EOC program, learned from the county counsel that such action cannot be taken unilaterally without consent from EOC.

The supervisors finally decided to continue the hearing until Nov. 7 to get a report regarding the possibility of an audit and an amendment to the contract to delete San Geronimo.

Kettenhofen said he favored postponing the hearing until next April at budget time. "We don't have any authority until then," said Kettenhofen.

Mrs. Beorgette Vilas of Nicasio asked that "the door be left open" for some type of program. Michael Healy of San Geronimo recited his experiences in the valley, announcing that he had been ostracized for sticking up for EOC, and a couch had been burned in front of his home.

When Mrs.Frederick launched into a long recitation of how rumors had been circulated about "hippies" and the use of four-letter words in the community church, supervisors called for a halt.

"This is the kind of evidence on which innocent people are hanged," said Peter H. Behr.

"I just don't want to listen to rumors and gossip," snapped Ernest N. Kettenhofen. "This is not on the agenda. I'd like to go on with the agenda."

"The more I see of War on Poverty and the confusion, the more I want to see the whole thing scrapped," said Chairman Thomas T. Storer. He said he prefers to have the money given to the counties on a population basis for the counties to handle the program themselves.

He then postponed further discussion for four weeks.

Drunken Driving Charge In Court

Bertha Elizabeth Bedilion, 47, of 855 Tiburon Boulevard, Tiburon, was arraigned in Marin Municipal Court yesterday on a felony count of drunken driving which involved a wreck and injury.

Plea entry was scheduled for 1:30 p.m. Monday.

Tiburon sheriff's deputies said a Belvedere police officer, Duffy L. Midyett, 32, was chasing a speeding vehicle Aug. 30 on Tiburon Boulevard when the defendant turned across the road toward her driveway and a collision occurred.

Midyett suffered multiple face scrapes and bruises. Mrs. Bedilion suffered a scalp cut.

Solar Satellite Launching Set

CAPE KENNEDY, Fla. (AP) — The space agency said today it will launch a satellite to probe the sun next week, about the time two other spacecraft rendezvous with the planet Venus.

Sun-studying Oso 4, the fourth orbiting solar observatory, is to rocket into orbit Oct. 18 from a Cape Kennedy launch pad to continue studies of the sun and its influence on earth's atmosphere.

One day later, America's Mariner 5 is to finish a 200-million-mile trip through space it began from Cape Kennedy last June 14, flying within 2,500 miles of Venus to make scientific observations. A heavier Russian probe, Venus 4, will arrive at the planet on Oct. 18, beating Mariner 5 by about 24 hours.

Kindergarten On Nicasio Discussion

The Nicasio School District Board will discusse inauguration of a kindergarten class at Nicasio school during its meeting at 8 p.m. today at the school.

Board member Nick Kobseff said a representative of the county school superintendent's office will offer the board ideas on the formation of a kindergarten.

Another item on the agenda, said Kobseff, will be a discussion of extending hours of the speech therapy class at the school. There is a speech therapy class a half day a week at the present time, said Kobseff, and the board wants to extend it to a full day.

The matters were on the agenda for Monday night's meeting, but the debate leading to the dismissal of Mrs. Garnet Brennan, principal and teacher, for her admitted marijuana smoking, took up the entire evening.

Volunteers Sort Books For Sale At Arts Festival

A volunteer group is working overtime this week to sort and price more than 4,000 books to be sold Saturday and Sunday during the Mill Valley Fall Arts Festival in Old Mill Park.

David Forsberg, secretary of the Mill Valley Library Association which sponsors the book sale, heads the sorting group.

Book prices will range from one cent up. In the higher price brackets will be a first American edition of Andre Gide's "The Counterfeiters," an autographed copy of a book by Arctic explorer Vilhjalmer Stefansson, and sets of the Encyclopedia Britannica.

The sale is a benefit for the Mill Valley library. Mill Valley Rotary Club members will man the booth during fair hours of 10 a.m. to 6 p.m.

Junior Colleges Bonds Defeated

MARTINEZ (UPI) — Contra Costa County voters have defeated a $49,335,000 bond measure which would have financed two new junior colleges.

The measure needed two-thirds support to pass, but it received 26,772 yes votes to 23,740 no votes.

It marked the third time in 19 months that the issue was defeated.

West Marin Density 'Test Case' Is Solved

The higher density on 1.15 units per acre in West Marin isn't so bad after all, the Marin County Board of Supervisors decided yesterday after tackling their first "test case."

The case involved Oceana Marin subdivision at Dillon Beach, where developer Carvel B. Case of Santa Rosa is subdividing 690 acres. The current application is for 55 lots on 34 acres of Unit 3, but the entire Oceana property came up for discussion before the supervisors because the West Marin interim zoning calls for .88 units per acre.

At the insistence of Supervisor Ernest N. Kettenhofen, who favors the higher 1.15 density, the supervisors and County Planning Director Paul C. Zucker did some quick computation and came up with a total figure of 676 lots for the 690 acres, less than one unit per acre. Under the .88 density, the total allowed would have been 520 units.

The total units comes to less than one unit per acre because the slope policy is factored into the 1.15 density.

"This then represents the 1.15 density pro-rated into the West Marin master and plan?" asked Supervisor Peter H. Behr.

Kettenhofen, beaming with "I told you so" pride, declared: "We're not saying that every piece of land would be spread like butter at 1.15 density. This shows that density would be different on different pieces of land."

Supervisors unanimously approved an overall total of 676 units on 690 acres of Oceana Marin, on condition that proportionate open space would be set aside as each unit of the subdivision is built.

Marin County Board of Supervisors also:

APPEALS BOARD — Established an alternate member of the Assessment Appeals Board and named San Rafael appraiser Edward P. Morphy to the post.

DISSOLVED — On the recommendation of the Board of Marin County Council, Bay Area Social Planning Council, supervisors dissolved the Citizen's Advisory Committee for the program on older adults, because the committee's work has been completed.

UNIFIED POLICE — Referred Hugh Dougherty's suggestion that a study be made of a unified law enforcement agency to the Council of Mayors and Councilmen, City-County Services Committee, and to the county administrator for recommendations. Supervisors decided that this referral should not interfere with a public hearing set for Nov. 14 on the possibility of setting up a county service area for police services.

APPOINTMENTS — Formally hired Francis E. Torr of Novato as Marin County airport manager at $790 per month.

TEACHERS — Approved another year's contract for various employees in the Head Start and Pre-School programs for Marin, including Joseph H. Denhart, director of the Pre-School Children's Center, at $1,111 per month; psychologist Barbara Tarasoff, assistant director, at $1,000 per month; and other teachers and staff members.

MEDICAL-DENTAL — Approved a contract for coordination of the medical-dental program for the Marin County Pre-School program between Dr. Albert C. Goldberg and the superintendent of schools office.

BIDS — Awarded a $14,483 contract to Ghilotti Brothers of San Rafael for Linden Lane storm drainage improvements in Homestead Valley. Ghillotti was lowest of seven bidders.

FLOODING CONDITION — Asked the county administrator to investigate methods of correcting the floods on lower Lagunitas Creek near White House Pool, Point Reyes Station. Supervisors suggested two possibilities — a special flood control zone for the area, and dredging work by the Army Corps of Engineers.

DATA PROCESSING — Hired three programmer-analysts for the data-processing department, two at $1,008 per month and one at $870 per month.

ABANDONMENT — Abandoned a block of C Street between Second and Third streets in Point Reyes Station. Public Works Director Donald R. Frost said the street exists only on paper, and he can see no conceivable use for it.

VARIANCE — Denied Mrs. Jean Ostaggi a variance to build on an under-sized lot at 30 Manzanita Drive, Bayside Acres, east of San Rafael.

In Massachusetts, the Legislature is still known as the General Court.

Hub Teen-Age Center Study, Report Asked

The San Anselmo City Council last night asked the park and recreation commission to make a thorough study of the possibility of establishing a teen center.

Recreation Director Frank Quinn made a plea for establishment of a center and proposed that teen-agers run it themselves.

He said that in discussing the possibility with interested citizens he had heard suggestions that the center could be located on Sorich Ranch, on the Robson Estate property, or at the American Legion Hall.

He said the Legion Hall would be best suited to the purpose. The center would probably need financial support from the city for a few years before it could become self supporting, he said. He suggested that the teens should be supervised "only when requested or needed."

Quinn said, "All adults give teen-agers today is regimentation. Teen-agers don't respect adults because adults don't understand or respect them. We should let the teens run their own club. We should get them a facility, turn it over to them, and give them financial support. If we don't have any confidence in them we should forget the center," he said, drawing applause from the predominantly teen-age audience of civics students from Redwood High School.

The council agreed on the need for a center, and after a brief discussion about where a center could be located, the council asked the recreation commission to study the whole question and report to the council in one month.

The council set a special meeting for today at 7:30 p.m. at City Hall to award a contract for repair of slide damage on Woodside Drive. Three bids were opened last night for the project which was estimated to cost $30,000.

Low bidder was Pacific Excavators of Albany at $15,884. High bidder was Maggiora and Son Inc. of Sausalito at $38,853, and Brutoco Engineering and Construction Inc. of Concord bid $33,059. The council asked Public Works Director Charles R. Leitzell to study the bids and report to the council tonight.

The San Anselmo City Council Also:

SUBDIVISION — Approved Charles Lavaroni's final map for a two-lot subdivision on the corner of Hampton and El Cerrito avenues.

BANK LINING — Approved Mrs. Nancy J. Anderson's request to install a concrete creek bank lining at 94 Brookmead Court subject to Leitzell's inspection.

PARKING — Considered prohibiting parking on the north side of Sir Francis Drake Boulevard from the Hub intersection to Sonoma Avenue, and postponed a decision for one month to contact property owners there. The council asked the Post Office to remove a drive-up mail box causing traffic problems there.

CELEBRATION — Learned that a preliminary report on the 60th anniversary celebration shows income at $2,285 and expenses at $2,495, but all income and expenses are not yet known.

RED HILL DRAINAGE—Asked Nathan Keizer, owner of the Hed Hill property, and architect Norman Gilroy, to attend the next session of the council to discuss drainage problems affecting the market.

VACANT HOUSE — Received assurance that a vacant house at 200 Red Hill Avenue, part of the estate of William H. Pollard, will be boarded up and hazards there eliminated. Bank of America is agent for the executor of the estate.

STOP SIGN — Approved installation of a stop sign on the southeast corner of Berkeley Avenue at The Alameda.

PLANNING — Referred to the planning commission a proposal for a city-couny planning commission.

ANIMAL CONTROL — Referred to City Atty. John G. Buresh proposed amendments to the animal control ordinance to allow pro-rating of license fees and to increase the penalty for late licensing from $1 to $3.

GRANT — Approved application for $12,500 federal open space grant to aid purchase of the Robson Estate property.

COUNCIL OF MAYORS — Announced that the city will be host to the Marin Council of Mayors and Councilmen Oct. 25 at the San Geronimo Golf Club.

RADIOS — Approved spending $2,940 for radio equipment for the public works department, for which $1,100 had been budgeted.

DRAPES — Approved spending $370 for drapes for the library, for which $200 had been budgeted.

Organist Slated To Open Series

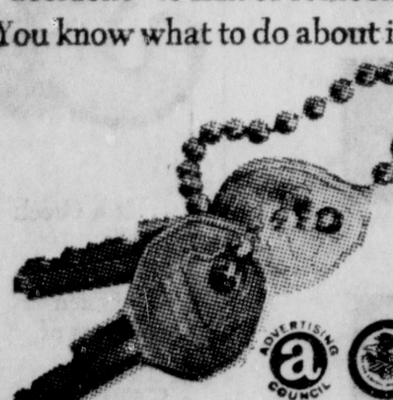
Herbert Bergmann, organist and choirmaster at Mission Dolores Basilica, San Francisco since 1940, will open the fall series of concerts at Star of the Sea Church in Sausalito Sunday at 2 p.m.

First half of the program will include the Third Sonata in C Minor, Guilmanty; "Adoratio et Vox Angelica," DuBois; choral: "I Love Thee, Lord Most High," Kreckel; "The Guardian Angel," Pierne; "Adoration," Weidermann; "The Nun's Hymn," Lefebre-Wely; and "Communion," Gigout.

The second half of the program will consist of "Fantasia," Stainer; "Prelude," Glazounoff-Mansfield; "Romance," Lemare; "Canzone," Loret; and "Hosannah!" DuBois.

Good boys steal, too.

Your boy wouldn't steal a car.
Probably not. But every day 1,000 cars are stolen by teen-agers. Many younger than 16. Very often it is a sudden impulse in a boy who has everything, needs to steal nothing, a "good" boy. But your unlocked car with the keys in the ignition is a powerful temptation.
An open invitation to a joyride.
And a 200 times better chance of an accident—to him or someone else.
You know what to do about it.



Don't help a good boy go bad.
Lock your car. Take your keys.
